CURRICULUM FEEDBACK 2020-21(PASS OUT BATCH)
ACTION TAKEN REPORT

Most of the students representing various departments opined that the scientific content of curriculum is not adequate. More than 50% of students of English, Commerce and Biotechnology departments opined that the proportion of scientific content of curriculum is sufficient. This matter discussed in the college council and entrusted the BoS Members to discuss this concern in the BoS meeting, University of Calicut.
