

Curriculum Feedback Analysis Report 2020-21

Pass out Students 2020-21

1. Methodology:

The curriculum feedback report of pass out students 2020-21 is descriptive and analytical in nature. For the data collection, the sample survey method was used. The respective departments did the sample selection and data collection from the respective pass-out students. The samples were selected by the systematic random sampling method. The data were collected by the 5-point scale questionnaire prepared by IQAC. For the analysis of data – the descriptive statistics like average, percentage and tabular and diagrammatic tools were used. The data were analyzed with the statistical software SPSS (Trial Version). The report is prepared by IQAC. A copy of the report will submit to the concerned departments and also placed before the academic council body of the college for necessary actions.
