

SCHOLAR SUPPORT PROGRAMME 2014-19

**NEW INITIATIVES IN HIGHER EDUCATION
DIRECTORATE OF HIGHER EDUCATION
GOVERNMENT OF KERALA**

EMEA COLLEGE OF ARTS AND SCIENCE, KONDOTTY

Structure of the Programme

Scholar Support Programme (SSP)

The Scholar Support Programme (SSP) aims at extending personalized additional support to students in the subjects included in the curriculum through Tutorials, study materials, additional lectures, question banks and interactive sessions. Colleges included in the Programme will identify at college level, the subjects in which students need additional support. This can be based on the Result Analysis conducted at the University level or as per the local requirements of the students of the College. In addition to special classes by faculty, study material will be provided to the students selected to the Programme. Content generation through setting up of Question Banks and videos are also components of the Programme. The candidates from the first semester of the Under Graduate Programme are selected for the Programme. A college should select a maximum of 5 subjects and a maximum of 50 students under the Programme. The selection of the subjects will be done at the college level. One of the subjects to be identified must be Common Course in English for which 10 students may be selected. The other subjects may be identified as per the needs of the college and students and based on 'Results Analysis work for the Scholar Support Programme. A coordinator identified from among the faculty would supervise the conduct of the Programme in the Colleges. The Programme will be offered for all semesters of the 3-year Under Graduate Programme.

Faculty Diary is the record of all details/activities of the Faculty/students under the Programme to be maintained by the Faculty member(Resource person).

Details of the Classes from 2014-15 to 2018-19

Execution of the Programme

As per the structure given above both internal and external classes was conducted, the internal classes were conducted by the teachers of various departments and the external classes were handled by the experts of different fields. Classes were conducted on holidays. The attendances of the students were marked and study material distributed. Those who are unable to attend the classes on holidays, special coaching and resources were supplied through smart classrooms.

After the end of each semester, the progress of the students was evaluated through test papers and other evaluation techniques.

A field trip is also conducted for the students of the 2018-19 academic years which were sponsored by the internal mentors and the college jointly.
