21st Century Trends and Practices in

ELT Classroom: Perspectives

Edited By : **Abdul Rasheed. P**

Teaching and Learning English as Second Language in the 21st century is unlike the previous decades as the challenges and opportunities today are taking the field of English Language Teaching into a new paradigm. The world of teaching and research are more connected and accessible than before. **21st Century Trends and Practices in ELT Classroom: Perspectives**

is a collection of articles by experienced teachers, experts and researchers who are actively involved in teaching English.

This book intends to give the students, teachers, researchers and policymakers a clear view of how innovations and new trends are taking place in the field of ELT.
