

DVV CLARIFICATION 7.1.1.1

WOMEN'S DAY CELEBRATION

8 March 2016

Much progress has been made to protect and promote women's rights in recent times. However, nowhere in the world can women claim to have all the same rights and opportunities as men, according to the UN. The majority of the world's 1.3 billion absolute poor are women. On average, women receive between 30 and 40 percent less pay than men earn for the same work. Women also continue to be victims of violence, with rape and domestic violence listed as significant causes of disability and death among women worldwide.

The first International Women's Day occurred on March 19 in 1911. The inaugural event, which included rallies and organized meetings, was a big success in countries such as Austria, Denmark, Germany and Switzerland. The March 19 date was chosen because it commemorated the day that the Prussian king promised to introduce votes for women in 1848. The promise gave hope for equality but it was a promise that he failed to keep. The International Women's Day date was moved to March 8 in 1913.

The UN drew global attention to women's concerns in 1975 by calling for an International Women's Year. It also convened the first conference on women in Mexico City that year. The UN General Assembly then invited member states to proclaim March 8 as the UN Day for Women's Rights and International Peace in 1977. The day aimed to help nations worldwide eliminate discrimination against women. It also focused on helping women gain full and equal participation in global development. International Men's Day is also celebrated on November 19 each year.

Under the leadership of College Union, International Women's Day was observed on 08/03/2016 with a variety of programmes. Dr. Sheena Shukkoor, Pro vice Chancellor, MG University Kottayam, was the chief Guest. Ms. UmmulFayia and Ms. Haripriyasopke. P. Surendran and MujeebJaihoon spoke.
