On 25th of January 2023, 65 students of 1st year B.com Computer Application along with 3 faculty members of Emea College of Arts and Science started academic visit to Calicut. The main objective of the trip was to study the manufacturing process of gold and diamonds, manufacturing unit and to prepare a report on problems and prospects of tourism visit in Calicut.

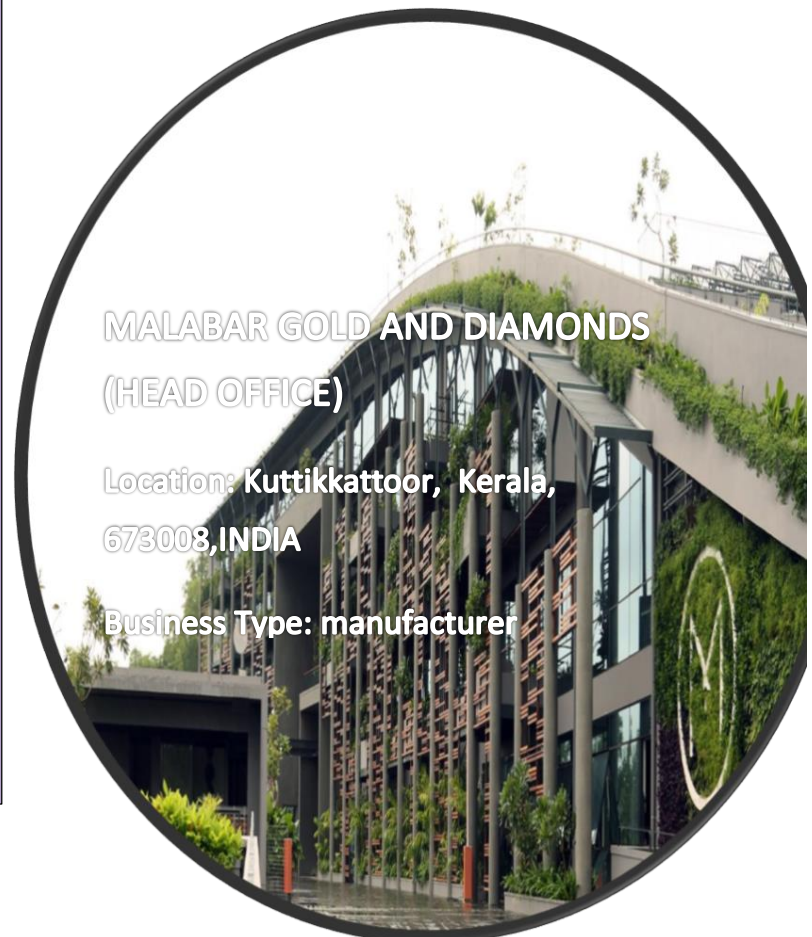

DETAILS OF INDUSTRY

The Malabar Gold Company was established in the year 1993. It has over 285 showrooms across the world currently and the number of outlets. The Malabar Group has been on an expansion since 2000 and more showrooms are expected to be opened in India, Southeast Asia, the Middle East, and in the United States. The brand is mainly committed to India, the Gulf and Far East markets.

It took the company around 25 years to open 215 outlets across 9 countries of the world. Out of all the countries, India is where it has the highest number of outlets and the Indian market accounts for about a third of the company's revenue.

Products

- ❖ Mine: Diamond Jewelry
- ❖ Era: Uncut Diamond Jewelry
- ❖ Divine: Indian Heritage Jewelry
- ❖ Ethnix: Handcrafted Designer Jewelry
- ❖ Starlet: Kid's Jewelry
- ❖ Precia: Precious Gem Jewelry

HISTORY OF MALABAR GOLD & DIAMONDS

- ❖ Malabar Group was founded in 1993 by a team of enterprising entrepreneurs, led by the visionary genius of Mr. M P Ahammed when he explored beyond his immediate circle in the agri-corp industry to establish a jewellery trading company in a historical city called Kozhikode.
- ❖ **Malabar Gold and Diamonds** is a BIS certified Indian jewellery group headquartered in Kozhikode, Kerala, India. The company has more than 260 showrooms across 10 countries at present which makes it one of the largest chain of jewellery stores in the world.
- ❖ The first brand ambassadors of Malabar Gold were tennis star Sania Mirza and Malayalam actor Mohanlal.
- ❖ With an annual turnover of \$4.51 billion, the company currently ranks as one of the largest jewellery retailers globally. With 14 manufacturing units in India and GCC – the company currently has 12 exclusive jewellery brands to cater to the discerning needs of its customers.
- ❖ The group, owned by over 4,000 shareholders excels in quality products and services, and has more than 13,000 professionals from over 26 countries working for its continued success. From elegant cuts to don the everyday modern woman and bespoke designs for custom made creations, to elaborate and exquisite bridal jewellery collections for the brides of today – Malabar Gold and Diamonds has it all.

- ❖ The brand offers an extensive range of jewellery collections and designs that cater to the diversified interests of various age groups and ethnicities. CSR has been the primary commitment of the group since its inception; integrating ESG (Environmental, Social & Governance) principles into the core business. The key CSR focus areas of Malabar Group are Health, Education, Women Empowerment, Housing, and the Environment. The ESG goals of the organization are periodically strengthened by integrating responsibility and sustainability to remain a socially conscious and responsible organization. The group contributes 5% of its profit to such initiatives in the same country of operation.

MANUFACTURING METHODS

1. HAND FABRICATION

2. LOST-WAX CASTING

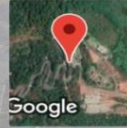

3. DIE STRIKING

4. ELECTROFORMING

Abeunt studia in mores

Connemara tea Factory tea situated in Peermade district, nestled in the Western Ghats. Our teas, once plucked, are processed in the Connemara tea factory, adhering to the best of quality standards and complying with all safety regulations. Our Research & development team ensures quality in every aspect of our production & packaging.

The Connemara Tea Factory in Vandiperiyar was renovated and rebuilt in 1945. Until 1970, the Company was making Orthodox teas after which the process was changed to produce CTC teas exclusively. Both the cultivation of tea & manufacture are both attended to with a good degree of precision. As a sequel, we have expanded our repertoire to include white tea & green tea.

Industry Profile:-

Company Name

Address : Connemara Tea Factory is located in Vandiperiyar, about 15 Km away from Thekkady.

Location : Connemara Tea Factory, K K Road, Vandiperiyar, Kerala – 685533.

About Department and Program

B.com Compute Application:-

PG department of Commerce is the largest department in the Collegewith two Undergraduate Programmes [B.Com (Co-operation) & B.Com(Computer Application)] and a Postgraduate Programme M.Com withFinance. All Programmes are in the aided stream. it is one of the earliestdepartments started along with the establishment of the college in 1982. the intake at PG is thirty and UG sixty. the objective of the department isto impart quality education in commerce subjects including Accounting,Management, Finance, Banking, insurance, Statistics, ManagerialEconomics, income tax, GST, Co-operation and information technology and thereby provide human capital to commercial, banking, trading, cooperative and governmental organizations.Twelve faculty members are working under the department who are known for their expertise in finance, organizational behavior, auditing,it, company law and income tax. the department creates a stimulatingenvironment for the academic growth. Commerce Club promotesleadership and entrepreneurship among students. We have a wellequipped computer lab to give practical training to the students. Textbook library system of the department offers text books on concessionalrate to all students of the department. The department has a full-fledged alumni association consisting ofChartered Accountants, Cost & Management Accountants, academiciansand well-known entrepreneurs.

twisted and taken on to drum. The twisted parallel fibers are called silvers.

These silvers are fed on to the feeder of the spinning machine and are combed and made to fall on to "W" tray. These fibres are entwined on to the thread and are twisted by the grip nozzles/rollers. Two such strands are doubled and wound on to a bobbin to form the yarn of required twist and runnage.

The coconut husk is collected from the farms and stored. The fibrous husks are soaked in pits or in nets in a slow-moving body of water to swell and soften the fibres. The long bristle fibres are separated from the shorter mattress fibres underneath the skin of the nut, a process known as wet-milling. The mattress fibres are sifted to remove dirt and other rubbish, dried in the sun and packed into bales.

The automatic spinning machine units are capable of production of yarns of runnage varying from 50 to 300 meters/kg and twists from 10 to 30 twists/feet. Coir fibre in the form of bales is the raw material for the unit. These fibres are soaked in water for one hour and are cleaned in the willowing machine. Pith content and the hard bits are removed in the process. Manual attention is also required to remove the hard bits to the where the fibers are paralleled and drawn by draw rollers. These paralleled fibers are

EMEA COLLEGE OF ARTS AND SCIENCE, KONDOTTI

EXPERIENTIAL LEARNING VISIT
TO
KERALA SCHOOL OF MATHEMATICS

Bsc. Mathematics & Physics (2020-2023)

10th March 2022

INTRODUCTION OF INSTITUTE

Kerala school of mathematics is located at kozhikode which is a premier research institute of science with focus in mathematics. The institute is a joint venture of the department of atomic energy and the Kerala state council for science, technology and environment.

The main objective of Kerala school of mathematics is to conduct high quality mathematical research. Kerala school of mathematics was founded with the vision of establishing a centre of excellence for research in mathematics to revive the glory of a school by a similar name which flourished between the 14th and 16th century in Kerala

OBJECTIVES

1. To experience activities of research institute in Mathematics.
2. To explore the library and textbook depository in mathematics.
3. To interact with faculties in the field

DETAILS OF JOURNEY AND EXPERIENCE

17 students of second year Bsc mathematics and physics double main, visited Kerala school of mathematics as part of our academic Project on 10th march 2023 with the help of Library professor Vijayarajan, who is very much interested in the broad area of functional analysis and operator algebras in particular. He is currently interested in quantum approximation and extremal theory in the context of c^* -algebras and non Neumann algebras

Library is a key department in any research organization that contributes significantly to the knowledge acquisition process of both students and faculty. Library collection has a wide variety of educational and research materials of all levels of academic programs. Research libraries play a vital role in promoting educational research.

We can learn a lot of unknown things from the library. There was an interaction session where Professor Vijay taught us many things. Metrics found in mathematics, stories behind climate, etc discussed in the interaction session in which several questions and doubts were cleared by him.

Fortunately, there were many books in the library which we have never seen before. They were all different books related to mathematics. Professor vijayarajan briefed the content and particulars of some important books. There were many interesting things in it, such as the complex, metrics etc.

The success of any research organisation depends on the literature available and the state-of- the-art infrastructure in the library. Unlike conventional libraries, the modern digital library reaches out to its patrons anywhere in the world at his/her finger tips. By keeping this fact in mind, Kerala school of mathematics was aiming to set a state-of-the-art digital library to its users which could enable them to access from anywhere in

the world. Kerala school of mathematics had always believed in providing the best available resources to its scholars and faculty members.

The ultimate aim of Kerala school of mathematics library is to become the regional mathematical depository library to serve both research scholars and faculty members to support all kinds of research activities in the field of mathematics and its allied subjects.

PHOTOS

OUTCOMES OF THE VISIT

1. Gained hands on experience about the working and activities of Kerala school of Mathematics.
2. Explored the wide variety of books and other materials on mathematics.
3. Gained knowledge about different areas of mathematics through expert classes.
4. Cleared doubts and confusions in several areas of the subject.

INTRODUCTION OF INSTITUTE

The Centre for Nano Science and Engineering (CeNSE) was established in 2010 to pursue interdisciplinary research across several disciplines with a focus on nanoscale systems. Current research topics include, but are not limited to nano-electronics, MEMS/NEMS, nano materials and devices, photonics, nano-biotechnology, solar cells and computational nano-engineering.

OBJECTIVES

1. To develop the skills towards digital IC design, physical design flow.
2. To build curriculum gap for Fabrication process.

ACADEMIC VISIT

**FLOATING SOLAR POWER PLANT
BANASURA SAGAR DAM, WAYANAD**

04 March 2023 - Saturday

Staff Coordinator: Muhammed Ajmal P - 9747931308

INTRODUCTION OF THE POWER PLANT

Banasura Sagar Dam, which impounds the Karamanathodu tributary of the Kabini River, is part of the Indian Banasurasagar Project consisting of a dam and a canal project started in 1979. The goal of the project is to support the Kakkayam Hydroelectric power project and satisfy the demand for irrigation and drinking water in a region known to have water shortages in seasonal dry periods. The dam is also known as Kuttiyadi Augmentation Main Earthen Dam. In 2016, The first and largest floating solar project in the country on the Banasura Sagar Dam at Padinharethara in Wayanad has set a model in utilising non-conventional energy sources to tackle power crisis

ACADEMIC VISIT REPORT

OBJECTIVES

- 1.To build the concept of solar power, working and application of solar power plant
- 2.To develop the ideas of emission- free electricity without harming environment
- 3.To get aware about countries energy security

ACADEMIC VISIT REPORT

DETAILS OF JOURNEY AND EXPERIENCE

First semester students of Bsc Maths and Physics visited floating solar power plant Banasura Sagar Dam, Wayanad as a part of the program 'Walk with advisor' on 04 march 2023.

On 04 march 2023 at 5:30 am we 23 students along with five teachers started our journey from EMEA Campus. Head of the department Ramsiya Mam, our advisor Ajmal Sir, and our subject teachers Rasheed Sir, Shameela Mam, Dilina Mam were the five teachers. our main destination was Banasura Sagar Dam, Wayanad. The main attraction to the dam was floating solar power plant. As Maths and Physics students, we were too excited to see it . We were able to know more about the concept of solar power, working and application of solar power plant. And also we were able to get awareness about countries energy security.

The first and largest floating solar project in the country on the Banasura Sagar Dam at Padinharethara in Wayanad has set a model in utilising non-conventional energy sources to tackle power crisis. The project, under the Kerala State Electricity Board (KSEB), was commissioned in December 2017. Usually, a floating solar plant will have a floating system or pontoon, a mooring structure to prevent panels from moving freely in water and to keep it near the shore, a photovoltaic system to generate electricity using thermal energy, and an underwater cable to transfer the generated power to a substation.

We all enjoyed the trip very much and also we were able to study many new things. We reached at EMEA Campus around 11 pm .

INTRODUCTION

Entrepreneurship Development Club of EMEA College of Arts and Science, Organized an Industrial Visit On 13th, December ,2022 to IIM Kozhikode At Kunnnumangalam ,Calicut

13,December -2022 Tuesday

TIME: 9.00 AM TO 4.00 PM

AIM of Industrial Visit:

Industrial visit is considered as one of the tactical methods of teaching. The main reason behind this- it lets student to know things practically through interaction, working methods and employment practices. Moreover, it gives exposure from academic point of view. Main aim industrial visit is to provide an exposure to students about practical working environment .They also provide students a good opportunity to gain full awareness about industrial practices. Through industrial visit students get awareness about new technologies. Technology development is a main factor, about which a students should have a good knowledge. Visiting different companies actually help students to build a good relationship with those companies. We know building relationship with companies always will always help to gain a good job in future. After visiting an industry students can gain a combined knowledge about both theory and practical. Students will be more concerned about earning a job after having an industrial visit

Details of Industrial Visit are as below:

Greetings from EMEA College of Arts and Science, Kondotty

EMEA College of Arts and Science, Kondotty is an aided college with NAAC 'A' grade accredited, affiliated to University of Calicut, with a greater number of students from underprivileged sections of society.

As per the Reference cited above, we have received permission to visit in your Campus on 13th December 2022., Tuesday at 10.00 AM. The visiting team includes ⁴⁴students of Entrepreneurship Development Club and ⁴staff. who will strictly abide by the rules and regulations of the IIMK.

The list of the students is attached herewith.

Thanking You.

Lt Abdul Rasheed P.

Report

10 students and three teachers of Al Firdousia College Located in Kanyakumari district of Tamil Nadu, visited educational institutions in Malabar with collaborating EMEA College Minority cell . This trip helped to understand the educational method, syllabus, libraries, possibilities in the field of higher education and shared new opportunities in the field of study for the students.

University of Calicut, Farooq College, Raudathul Uloom, Pulikal Madinatul Uloom, Jamia Salafia Pulikal, EMEA Arts and Science College Kondoti, Jamia Nadwiya Edavanna and Knowledge City were visited.

The facilities of our institutes, excellent syllabus and large libraries intrigued them and some of the children expressed interest in using our institutes for higher studies.

It was a new experience to be able to travel with them to introduce institutions and give instructions during the two-day trip, and it was also an opportunity to manage Tamil, Arabic and English languages. He was

accompanied by gentle students and accomplished teachers.

EXPERIENTIAL LEARNING IN BLOOD LOGISTICS & MEGA BLOOD DONATION CAMP

2022
JUNE **30**
@ EMEA COLLEGE

In collaboration with

Blood Donors Kerala (BDK)

BACKGROUND AND RELEVANCE

'Donate blood and save lives' its slogan of blood donation.

Republic act No. 7719 ,is also known as the national blood services act of 1994 , promote voluntary blood donation to provide sufficient supply of safe blood and to regulate blood banks .This act aims to inculcate public awareness that blood donation is a humanitarian act.

Blood is essential to help patients survive surgeries, cancer treatment, chronic illnesses, and traumatic injuries . This life saving care starts with one person making a generous Donation.

Every Year on 14 June, countries around the world celebrate world blood Donor Day. For 2022, slogan is "Donating blood is an act of solidarity. Join the effort and save lives ".

Blood donation is considered as the gift of life as there is no substitute present for human blood. At every 2 second someone somewhere needs the blood. Every day more than 38,000 blood donations are needed. Blood donation refers to a practice where people donate their blood to people so it helps them with their health problems. Blood is one of the most essential fluids of our body that helps in the smooth functioning of our body. If the body loses blood in excessive amounts, people to get deadly diseases and even die. The most important benefit is that you are saving one life.

REPORT

The N.C.C and B. Voc Logistics of EMEA College of Arts and Science kondotty associated and conducted a program 'Experiential Learning in Blood Logistics and Mega Blood Donation Camp' on 30 June 2022 at EMEA College. The program was collaborated with Blood Donors Kerala (BDK). The program was started at 10:00 am and was inaugurated by the principle and ANO of EMEA College Lt Abdul Rasheed. He had given a talk about importance of blood donation in the occasion.

The program was managed and controlled by NCC cadets and B. Voc Logistics students. About 50 students, including NCC cadets donated blood in the camp. There is snacks and juice for refreshment to both the participants and volunteers. After the blood donation, every doners got the certificates. The program ended at 1:00 pm

INTRA DEPARTMENTAL MANAGEMENT FEST

Department of Business Administration

23rd January 2023

The Department of Business Administration has successfully conducted an Intra departmental Management meet on 24th January 2023 Tuesday. The aim of which was to familiarise the Management student with management games and events and to ensure maximum participation. The pinnacle of the fest was the mesmerizing events which included Extempore Speech, Business Quiz, Product Launch and Treasure hunt. The triumph of the events was evident from the enormous participation from the students of 1st and 2nd year batches.

Active student participation in each event was visible under the coordination of Asif. N (Staff Coordinator) and Mohammed Rayyan P.D (Student Coordinator). Asif. N, Shereena Rasheed, Fabisha .P.P and Shijil C, Assistant professors Department of Business Administration supervised the Product Launch, Business Quiz event, Extempore Speech and Treasure Hunt respectively. The student coordinators of each event, Aktham Habeeb, Abdul Rahiman, Mariyathul Qibthiyya and Fathima Shahba (6th Sem BBA) contributed their keen efforts to make the fest a great one.
