Report

IEDC EMEA conducted an orientation program ERUPT on 10/01/2023 (Tuesday) at 10:30 pm to learn about the aims and objectives of IEDC (10/01/2023). IEDC nodal officer Althaf sir welcomed the gathering. Then Principal Lt.Abdul Rasheed inaugurated the program. He appreciated Connect for bringing a new cell, IEDC, to the college. He informed that IEDC will get full support from the college for conducting innovative programs.

Then Adarsh Sir, Project Assistant of IEDC, Kerala StartUp Mission managed the orientation session. He explained the objective of IEDC, its activities, and its achievements. He introduced the Kerala Startup Mission and analyzed the programs undertaken by KSUM in association with IEDC. He explained the grants KSUM provides to implement innovative ideas and strategies for students. IEDC will ensure all support and necessary instructions even if the project is small but relevant,” he said. Then he clarified the doubts of students about the KSUM and IEDC. IEDC tech lead Amjad delivered the vote of thanks. The program ended at 12:30 pm.

Report

Untold stories, launching program conducted by IEDC EMEA in collaboration with Connect on 25th of January 2023. The talk session was based on unveiling the success stories of some prominent dignitaries of our college. Untold stories is considered to be kept as a series of programs that started its journey from Fayiz, Bcom CA final year student who is a Food vlogger having 1 Million+ followers under the name FoodWard Fayiz.

The program was initiated by educating the students on what IEDC and Untold stories are. This was done through anchoring by Nitasha of BSc Microbiology. Before the talk session, an introduction of Fayiz was done through a small video.

The talk session lasted for an hour in which Fayiz shared his journey and added one more feather to the crown of success. He also expressed his views on how optimistic one should be to gain success.

The interaction session following the talk was much more interesting. Valid questions asked by the audience made the program much more beneficial.

The session was concluded by expressing gratitude from the side of IEDC to the guest Fayiz by handing over a token of honour. It was done Under the volunteership of the nodal officer of IEDC Althaf TK and CEO Nahyan Sharvin.

Report

Untold stories, second section program conducted by IEDC EMEA in collaboration with Connect on 6th of February 2023. The talk session was based on unveiling the success stories of some prominent dignitaries of our college. Untold stories are considered to be kept as a series of programs that continues its journey through Salman Faris, a BSC computer science final-year student who is the founder and CEO of a leading media company named Yaara media.

The program was initiated by educating the students on what IEDC and Untold stories are. This was done through anchoring by Ameena of Bcom cooperation. Before the talk session, an introduction of Salman Faris was done through a small video. The talk session lasted for an hour in which Salman Faris shared his journey and stood in front of the crowd. He also expressed his views on how optimistic his group effort is to gain success. The interaction session following the talk was much more interesting. Valid questions asked by the audience made the program much more beneficial.

The session was concluded by expressing gratitude from the side of IEDC to the guest Salman Faris by handing over a token of honour. It was done Under the volunteership of the COO of IEDC Rifna. Vote of thanks from Ahammed Yamil K Coordinator of the program.

In 1986, the Government of India designated February as National Science Day, to commemorate the announcement of the discovery of the Raman effect. Students of department of Biochemistry commemorated the 95th year by a documentary presentation.

At 10 a.m, the documentary entitled, THE QUANTUM INDIANS was exhibited in the Second year Bsc Biochemistry class. The 2013 documentary showcased the journey and discoveries of three eminent India scientists, Satyendra Bose, C V Raman and Meghnad Saha.

All second and first year students were the audience. After the documentary, the students had a discussion on the scientists.

NATIONAL SCIENCE DAY CELEBRATION-REPORT

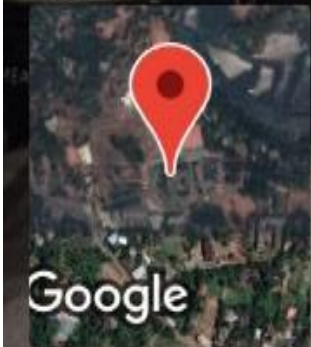

National Science Day in India is celebrated on February 28th every year to commemorate the discovery of the Raman Effect by Indian Physicist Sir Chandrasekhara Venkata Raman, also known as Sir C.V. Raman. The discovery was announced on February 28th, 1928, and Raman won the Nobel Prize in Physics in 1930, making him the first Indian to receive a Nobel Prize in a scientific field.

As a part of National science day celebration, the Double Main department of Mathematics & Physics, EMEA college, Kondotty conducted a talk on Indian science and Raman effect on 28/02/2023 with the aim to mark the discovery of the Raman effect by Indian Physicist Sir C. V Raman. The main objective of the celebration is to increase the scientific temper among the students by conducting various programs.

The programme was started by the welcome speech of Dr. Ramsiya M at 1.30 PM. The First program includes a talk on Indian science and Raman effect by Naseeha sherin and Manal Muhammed, 1st year students. Naseeha clearly explains the classical and quantum theory of Raman effect. Manal Muhammed describes the major life events of CV Raman and his contributions to modern science.

TALK BY NASEEHA SHERIN

The second program was a science quiz. The eight teams from different department participated in science quiz. The faculty member Mr. Muhammed Ajmal P gave instructions for quiz competition. More than 20 students participated in quiz competition. Anandu and Ramees from double Main Maths & Physics bagged first prize.

National Mathematics Day was organized in *EMEA College of Arts and Science Kondotty* on 22 Dec 2022, the birthday of Shri Srinivasa Ramanujan, the great mathematical genius who made an exemplary contribution to mathematics.

Mathematics day was celebrated to create awareness about the importance of mathematics in day-to-day life situations and to create interest in studying mathematics.

The main objective behind the celebration is to raise awareness among people about the importance of mathematics for the development of humanity. We can't ignore that several initiatives are taken to motivate, enthuse, and inculcate a positive attitude towards learning mathematics among the younger generation of the country. On this day, training is also provided to the mathematics teachers and students through camps and highlights the development, production, and dissemination of teaching-learning materials for mathematics and research in the related area

The program related to maths day was conducted on 21/12/22 and 22/12/22.

The program was conducted by the Department of Mathematics and Physics. The program started at 1:30 pm on 21/12/22 from AVT hall. Maths dance was the first program and the film show followed. "The man who knew infinity " was a movie that gave detailed information about Sri Ramanujan's life.

An exhibition and game section were conducted on 22/12/22 by the Maths and Physics Department. The game section was inaugurated by the principal LT. Abdul Rasheed sir by starting the chess play. The game section included varieties of games like chess competitions, Rubik's cube, and sudoku. The winners of each competition were gifted with a cash award.

The students participated in the above programs with great zeal and enthusiasm and enjoyed the programs. Respected principal LT. Abdul Rasheed Sir also graced the occasion and encouraged the students to participate in such activities in the future as well. Every program conducted related to maths day was useful and informative for all students on campus. The movie showed the life of the great Ramanujan's life. The exhibition was organized by the maths students which in turn increased their knowledge too. The game section was a great opportunity for the talented one. Every fellow of the Maths and Physics department enjoyed the section as well as others.

REPORT

The Department of Biotechnology, EMEA College of Arts and Science organized a webinar on 29.11.2022. The seminar was hosted in order to enhance and create awareness on the importance of ‘Intellectual property rights in Bioscience Research’

Time and Date: 29.11.2022, 2PM

Resource Person: **Dr. A.Usha Raja Nanthini,**

Professor & Head, Department of Biotechnology,

Mother Teresa Women’s University, Kodaikanal, Tamil Nadu

Program:

There were 133 participants in total from 133 registrations. The seminar was started at 2PM and. Head of the Department of Biotechnology, Dr. Mashoor.K organized and coordinated the webinar. Ms. Somysoman, Asst.professor, department of Biotechnology delivered welcome speech and Ms. Shilly Das delivered the vote of thanks.

Description of Course content delivered in the webinar:

The speaker Dr. A.Usha Raja Nanthini, Professor & Head, Department of Biotechnology, Mother Teresa Women’s University, Kodaikanal, Tamil Nadu. She discussed on the importance of IPR in Bioscience. She has stated that In terms of the biotechnology industry, intellectual property rights are concerned with the ownership and exclusive rights to patents, trademarks, and trade secrets. Similar to other industries, intellectual property rights enable biotech companies to claim ownership of their inventions and shield them from the danger of rivals. Because it has the intellectual property rights, a business may, for instance, be the sole owner of the patent for a particular drug and have the exclusive right to promote it under a particular name.

NATIONAL SEMINAR ON BIOSCIENCE AND RESEARCH TODAY

A National Seminar on Bioscience and Research was conducted by the Department of Biotechnology in association with IQAC and Centre for research and publication on 29 November 2022 at 11 .00 am. Dr. Sudhakar Siva Subramanian, Professor, Department of Biotechnology, MS University, Tirunelveli were invited as resource person. The seminar was held in the Audio visual theatre of EMEA college. Dr. Mashhoor.K Head of the department of biotechnology was the coordinator of the programme. It was inaugurated by the honorable pro vice chancellor of Calicut University Dr. Nasser with the inaugural address. During his address honorable pro vice-chancellor stressed on the relevance of bioscience and its revolution in the future. Over 120 participants attended the seminar. Head of the Department Dr. Mashhoor presided over the seminar session and introduced the speaker. The lecture started with the introduction on Bioscience research. His explanation on the advancement technologies in the field of bioscience research was noteworthy. He also stated that the human race is perpetually seeking novel approaches to manage duties and address the challenges that come its way. The outcome of this has caused a significant upheaval in the way we live, resulting in an enhancement of our quality of life. As a result of this, new inventions and discoveries have made the process of diagnosing and testing diseases quicker than before, as opposed to the traditional method that was much more time onsuming. The current technology is shedding some light at the end of the tunnel in regards to the incurable disease, AIDS. Scientists are making use of genetic and cloning techniques to explore the treatment of this disease. State-of-the- art molecular methods are being employed to develop vaccines for diseases that cannot be cured. The Magnetic resonance Imaging and Ultrasound examinations are currently utilized and present. He also elevated the seminar with an open discussion with the participants. He also put light on gene cloning, gene technology, radiotherapy and chemotherapy in bioscience. In the concluding part he insisted that it is vital for every

government to promote bioscience research to save the mankind. The session ended up by 12.45 pm followed by interaction with the participants. It was more impressive with the queries and answers. The programme concluded with the vote of thanks by Dr. Somysoman. Thus the seminar provided valuable insight in the field of bioscience research.
