

AN EXCLUSIVE WORKSHOP FOR ARABIC STUDENTS IN UG LEVEL

Topic : Learn Arabic Problems & Solutions

Date : 17 September 2022

Venue : PTA Seminar hall, Sheikh Zayed Library

Report

Academy of Excellence and Madeenathul Uloom Arabic College, Pulikkal jointly organized an Exclusive Workshop for Arabic Students in UG level on the topic “Learn Arabic Problems & Solutions” on 17 September 2022 at PTA Seminar hall, Sheikh Zayed Library in collaboration with Centre for Arabic and African Studies, JNU, New Delhi, Anvarul Islam Arabic College, Kuniyil, EMEA College of Arts and Science, Kondotty, Government Arts and Science, Kondotty, Amal College of Advanced Studies, Nilambur and Anwarul Islam Women’s Arabic College, Mongam. The workshop was led by Dr. Md. Qutbuddin, Associate Professor, Centre for African Studies & Provost, JNU, New Delhi. Arabic Students in UG level from all collaborative Colleges participated and utilized the workshop to build a better career in future and to eradicate their problems facing in Arabic language. The session had become vibrant and fruitful with students’ active engagement throughout the workshop. The enlightening talk and critical questions to test their level in the field of both English and Arabic languages and the workshop was honored a student from Dept. of Arabic, AIWA College, Mongam for her victory in Q & A Session related to Arabic language and literature. Dr. Muhammed Aman K, Assistant Professor, Dept. of Arabic introduced the resource person during his welcome note and Dr. N Muhammed Ali, HoD, Arabic chaired over the session and Dr. Sabir navas CM, Director, Academy of Excellence shared his experiences along with journey of Arabic language to audience at end of the session. Dr. Ali Jafar CH, HoD, Arabic, Amal College of Advanced Studies, Nilambur and Mr. Sibin Nijas, Asst. Professor, EMEA College of Arts and Science, Kondotty felicitated to the programme. The session was

concluded by the vote of thanks of Mr. Saydu Muhammed Research scholar, MUA College Pulikkal.

KONDOTTI, MALAPPURAM (Dt) Kerala, Pin-673638

PROGRAMME

The Department Biotechnology organised an Environmental seminar on 6th October 2022 at Room No. S3 on 11AM. Dr. Praseeja Cheruparambath, Assistant Professor, Department of Zoology, SN College, Alathur was the resource person. Dr. Mashhoor K., Head, Department of Biotechnology introduced the resource person. She has delivered a lecture on 'A huge hug to nature'. She has discussed various threats that currently facing by the nature. Her speech mainly focused on.

Environmental issues are critical concerns that pertain to the state and health of our natural world. These issues arise from various human activities that impact ecosystems, biodiversity, climate, and overall environmental balance. Some of the major environmental issues include: Climate Change: This is perhaps the most pressing environmental issue. Human activities, especially the burning of fossil fuels like coal, oil, and gas, release greenhouse gases into the atmosphere, leading to global warming and disruptive climate patterns. Deforestation: The clearing of forests for agriculture, logging, and urban development contributes to habitat loss, biodiversity decline, and increased carbon dioxide levels due to the loss of trees, which act as carbon sinks. Biodiversity Loss: Human activities like habitat destruction, pollution, and overexploitation of species lead to a significant reduction in the diversity of plant and animal life on Earth. This loss of biodiversity has serious consequences for ecosystems and their ability to provide essential services. Pollution: Various forms of pollution, including air, water, and soil pollution, are detrimental to both human health and the environment. Chemical pollutants, plastics, and other waste materials disrupt ecosystems and can persist for long periods. Water Scarcity: Growing populations and increased industrial demands place stress on freshwater resources. Poor water management, pollution, and climate change exacerbate water scarcity issues. Ocean Acidification: Increased carbon dioxide levels in the atmosphere are not only warming the planet but also causing the oceans to absorb more CO₂, leading to a decrease in pH levels and harming marine life, particularly coral reefs and shellfish. Resource Depletion, Air Quality, Waste Management, Land Degradation, Renewable Energy Transition, Natural Resource Conservation. Addressing these environmental issues

requires global cooperation, policy changes, technological innovation, sustainable practices, and public awareness. Efforts to combat these challenges involve initiatives like international climate agreements, reforestation projects, sustainable agriculture, waste reduction, and the development of cleaner energy technologies.

SEMINAR

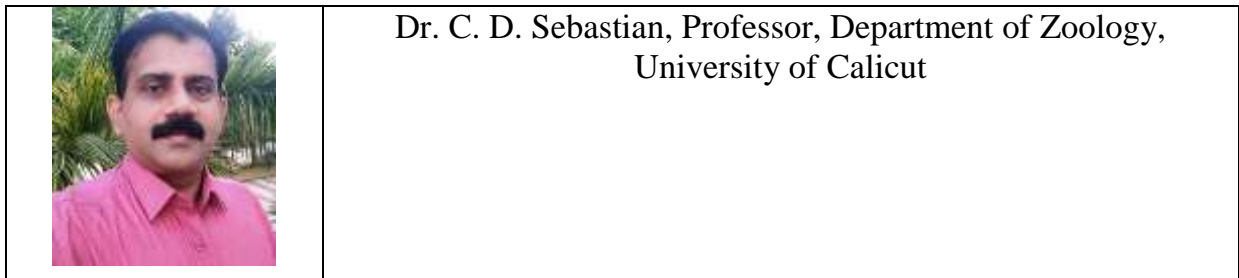

On

Metagenomics: A New Direction in Ecology

REPORT

The Department of Biotechnology, EMEA College of Arts and Science organized a webinar on 12 December 2022.

Resource Person:

Program:

The seminar was started at 11AM and Mr. Rinsad, Secretary, Biotechnology Association was the coordinator and welcome speech and Ms. Radwa, First year BSc Biotechnology delivered the vote of thanks. Dr. Mashhoor K, Head, Department of Biotechnology delivered the presidential address. Prof. Abdurazaque (Principal incharge), Mr. Fuad, Chairman, Students Union were addressed the gathering.

Description of Course content delivered in the seminar:

Metagenomics is the genomic examination of microorganisms through the direct extraction and cloning of DNA from a collection of microorganisms (also known as environmental and community genomics). Metagenomics was created in response to the indisputable finding that the great majority of organisms in the majority of earthly settings are as-yet-uncultured microbes. This proof came from analysis of 16S rRNA gene sequences amplified from the environment, a method that avoided the bias introduced by culture and resulted in the discovery of enormous new lineages of microbial life. The analysis of 16S rRNA genes revolutionised our understanding of the microbial world, however these studies mostly produced phylogenetic descriptions of the membership of communities with little information about the genetics, physiology, and biochemistry of the individuals. Studying the physiology and ecology

of environmental microbes is made easier by the second-tier technological advancement that metagenomics offers. Metagenomics has led to the identification of novel genes and gene products, such as the first bacteriorhodopsin of bacterial origin, novel small molecules with antimicrobial activity, and new members of known protein families. A community's energy and nutrition cycle, genome structure, gene function, population genetics and microheterogeneity, and lateral gene transfer between uncultured community members have all been revealed through the reassembling of numerous genomes. The use of metagenomic sequencing data will make it easier to develop improved culturing techniques to connect genomic analysis with pure culture investigations.

DEPARTMENT OF BIOTECHNOLOGY

EMEA COLLEGE OF ARTS AND SCIENCE

(Reaccredited with 'A' grade by NAAC)

KONDOTTI, MALAPPURAM (Dt) Kerala, Pin-673638

PROGRAMME

The Department Biotechnology organised an seminar on GATEWAY TO PG. Priya Raman, MSc. Biotechnology, Hariyana Central University (Alumni 2014-17 Batch) was the resource person. Seminar held on 23.12.2022 at ROOM No. S1. Dr. Mashhoor K., Head, Department of Biotechnology introduced the resource person. She has delivered a lecture on the different competitive examination and importance of doing PG and how to prepare for the exams.

To gain admission to a postgraduate (PG) program in Biotechnology, you'll typically need to clear various entrance examinations. These exams assess your knowledge in biology, chemistry, physics, and other related subjects. Different universities and institutions might have their own entrance exams, but some of the popular ones in India and other countries include: GATE (Graduate Aptitude Test in Engineering): GATE is one of the most widely recognized entrance exams for postgraduate admissions in engineering, science, and technology fields, including biotechnology. Many institutes in India, like IITs and NITs, accept GATE scores for their biotechnology programs. JNU CEEB (Jawaharlal Nehru University Combined Entrance Examination for Biotechnology): JNU conducts this exam for admission to M.Sc. (Agri.) Biotechnology and M.Sc. Biotechnology programs at various participating universities. IIT JAM (Joint Admission Test for M.Sc.): While IIT JAM covers a wide range of disciplines, it also includes a Biotechnology paper. Clearing this exam can help you gain admission to various IITs and IISc for their biotechnology programs.

AIIMS PG: All India Institute of Medical Sciences (AIIMS) conducts a postgraduate entrance exam for various medical and allied disciplines, including M.Sc. in Biotechnology. TIFR GS (Tata Institute of Fundamental Research Graduate School Admissions): TIFR conducts this exam for admission to various Ph.D. programs in science and related fields, including biotechnology.

DBT JRF (Department of Biotechnology Junior Research Fellowship): This fellowship exam is conducted by the Department of Biotechnology, Government of India, to provide fellowships for pursuing research in biotechnology-related fields.

BITS HD (Birla Institute of Technology and Science Higher Degree): BITS Pilani conducts this exam for admission to various postgraduate programs, including M.Tech. Biotechnology.

Manipal Entrance Test (MET): Manipal Academy of Higher Education conducts this entrance exam for admission to its M.Tech. Biotechnology program.

State-Level Entrance Exams: In addition to national-level exams, many states in India have their own entrance exams for admission to state-affiliated universities and colleges offering biotechnology programs.

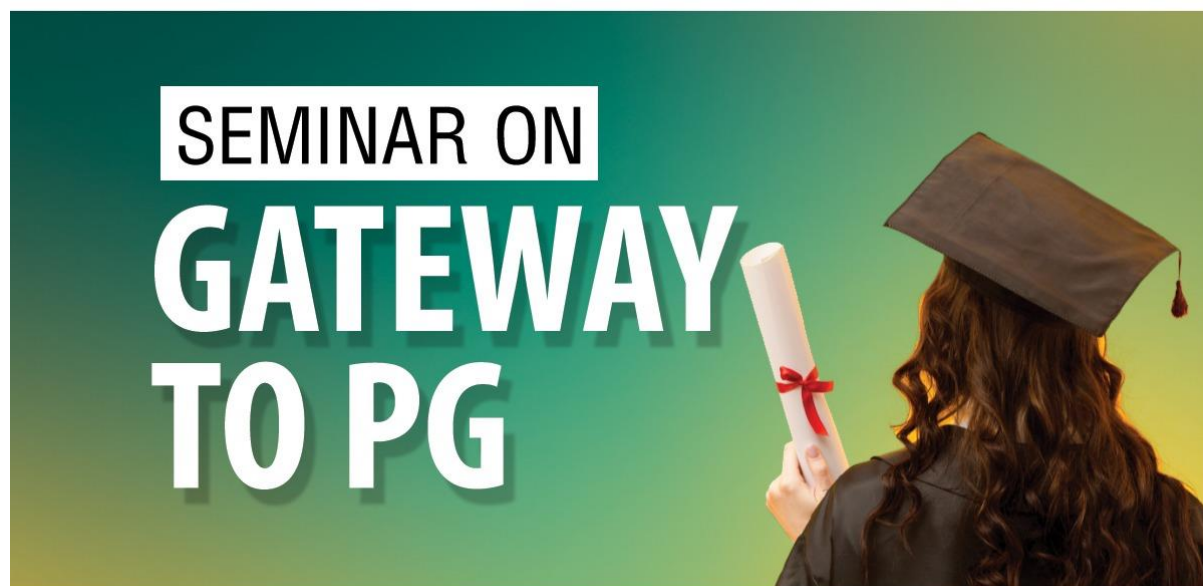

International Exams: If you're considering studying biotechnology abroad, many universities might require standardized tests like the GRE (Graduate Record Examination) or IELTS/TOEFL (for English proficiency), depending on the country and university's requirements.

Before applying, make sure to research the specific universities and programs you're interested in to find out which entrance exams they accept. Also, be aware of the application deadlines, syllabus, and study materials required for each exam. Prepare well in advance and take mock tests to assess your readiness.

SEMINAR

ON HIGHER EDUCATION OPPORTUNITIES IN BIOTECH

REPORT

Resource Person

Riha CK

MSc. Biotechnology, CUSAT
(Alumni 2016-19 Batch)

Date: 24.02.2023

Time: 11AM

DEPARTMENT OF BIOTECHNOLOGY
EMEA COLLEGE OF ARTS AND SCIENCE
(Reaccredited with 'A' grade by NAAC)
KONDOTTI, MALAPPURAM (Dt) Kerala, Pin-673638

PROGRAMME

The Department Biotechnology organised an seminar on HIGHER EDUCATION OPPERTUNITIES IN BIOTECH. Riha CK MSc. Biotechnology, CUSAT (Alumni 2016-19 Batch) was the resource person. Seminar held on 24.02.2023 at ROOM No. S1. Dr. Mashhoor K., Head, Department of Biotechnology introduced the resource person. She has delivered a lecture on the opportunities is Biotechnology both industry and academics.

For those looking to pursue a profession at the nexus of biology, technology, and innovation, the discipline of biotechnology provides a wide choice of higher education options. Biotechnology is a wide and quickly developing area with applications in a variety of fields, including healthcare, agriculture, environmental research, and more. Here are some options for biotechnology higher education: Programmes for master's degrees: More specialised expertise is provided through master's programmes in biotechnology, which frequently include coursework and research projects in fields including genetic engineering, pharmaceutical development, bioinformatics, and bioprocessing. Additionally, several programmes feature tracks devoted to business and management in the biotech sector.

Doctoral programmes offer in-depth research and academic training in biotechnology and allied subjects. The majority of the time, students in these programmes carry out unique research in a particular field of biotechnology.

Institutions and training centres that specialise in particular biotech techniques, such as CRISPR-Cas9 gene editing, next-generation sequencing, and protein expression, provide short-term training courses and workshops. Opportunities for Internships and Research: For the purpose of developing real-world skills and obtaining exposure to the sector, internships and research experiences with biotech businesses, research organisations, and universities are crucial. Often, you can take advantage of these possibilities while pursuing your undergraduate or graduate degrees.

Postdoctoral Fellowships: Individuals with a Ph.D. can take part in postdoctoral research fellowships to enhance their biotechnology specialisation and obtain more research experience before applying for permanent positions.

Professional Organisations and Conferences: Participating in conferences and joining organisations for professionals working in the biotech sector can open doors for networking, give you access to the most recent research, and expose you to market trends. When looking into biotechnology-related higher education options, it's crucial to examine universities' academic offerings, faculty credentials, research infrastructure, and linkages to the industry. Keep up with the most recent developments in the industry as well, as biotechnology is a quickly developing subject with new discoveries and innovations appearing frequently.

PG DEPARTMENT OF COMMERCE
EMEA COLLEGE OF ARTS AND SCIENCE KONDOTTY
REPORT: A SEMINAR ON GST AND INTERACTION WITH ENTREPRENEURS

Introduction:

The seminar on "GST and Interaction with Entrepreneurs" held at the Audio Visual Theatre of EMEA College Kondotty on March 2, 2023, marked a pivotal moment in the academic and practical journey of the final year students from the Department of Commerce. With an attendance of 120 eager students and 20 esteemed entrepreneurs from the nearby locality, the seminar aimed to unravel the complexities of the Goods and Services Tax (GST) and provide a unique platform for the exchange of knowledge between academia and industry.

The event commenced with a warm welcome from Mr. Rafeeqe Ali Mundodan, Assistant Professor in the Department of Commerce, who set the tone for an enriching experience. The presidential address delivered by Ms. Kamalam Edathil, Head of the Department of Commerce, emphasized the crucial role of GST in the contemporary business landscape and highlighted the need for a harmonious integration of theoretical knowledge and practical application.

The seminar was privileged to have Mr. Jayarajan Poolakkal, an accomplished Enforcement Officer from the Enforcement Squad Nilambur, as the resource person. Mr. Poolakkal's extensive expertise in GST provided attendees with a deep dive into various facets of the tax structure. The syllabus covered during the seminar included crucial topics such as the Indian tax structure, an overview of GST, registration and administration, charge of GST, input tax credit, time of supply, tax invoice, credit and debit notes, and the taxable event and scope of supply under GST.

The seminar's dual objectives were to make the final year students aware of the fundamentals of GST and to offer a platform for entrepreneurs to seek clarification on GST-related doubts and share their practical experiences. The ensuing interactions between the students and entrepreneurs fostered a dynamic exchange of ideas, further enriching the learning experience.

PG DEPARTMENT OF COMMERCE
EMEA COLLEGE OF ARTS AND SCIENCE KONDOTTY
REPORT: A SEMINAR ON GST AND INTERACTION WITH ENTREPRENEURS

The Topics Covered in the seminar:

1. Tax Structure in India:
 - An exploration of the broader tax structure in India, shedding light on its evolution and key components.
2. Overview of GST:
 - A detailed examination of the Goods and Services Tax, encompassing its principles and its transformative impact on the taxation landscape.
3. Registration and Administration:
 - In-depth insights into the GST registration process and the administrative procedures associated with compliance.
4. Charge of GST:
 - Understanding the instances and conditions under which GST is levied, ensuring clarity on taxable events.
5. Input Tax Credit:
 - Explanation of the concept of input tax credit, a critical aspect for entrepreneurs to manage their tax liabilities effectively.
6. Time of Supply:
 - Discussion on the timing of GST liability, emphasizing the importance of understanding the temporal aspects of taxation.
7. Tax Invoice, Credit & Debit Notes:
 - Guidance on the proper documentation required under GST, including tax invoices, credit notes, and debit notes.
8. Taxable Event and Scope of Supply under GST:
 - Delving into the taxable events that trigger GST liabilities and the extensive scope of supply covered under the GST law.

Audience Interaction:

The seminar provided a unique platform for interaction between final year students from the commerce department and 20 local entrepreneurs. The participants actively engaged with Mr. Poolakkal, seeking clarification on doubts and sharing practical challenges they face in adhering to GST regulations in their businesses.

PG DEPARTMENT OF COMMERCE
EMEA COLLEGE OF ARTS AND SCIENCE KONDOTTY
REPORT: A SEMINAR ON GST AND INTERACTION WITH ENTREPRENEURS

Conclusion:

The seminar on GST and Interaction with Entrepreneurs served as a valuable knowledge-sharing session, bridging the gap between academic understanding and real-world application of GST principles. The participants, comprising students and entrepreneurs, gained practical insights into the intricacies of GST, and the interaction with the resource person facilitated a meaningful exchange of ideas and solutions.

The Department of Commerce expresses gratitude to Mr. Jayarajan Poolakkal for his enlightening session and looks forward to organizing more such seminars to empower the future business leaders with the knowledge necessary for success in the ever-evolving economic landscape

Introduction

India extends its diversity in terms of language, culture, religion, geography and its ethnicity. Being the largest democratic power in the world, the year of 2022 celebrates her 75 years of Independence. It is the story of democracy which has beaten all odds, it is the story of unity, it is a story of dreams of just society and it is the story of freedom. It all has brought the 75 years of progress India, glorious history of its people, culture, and achievement. The successful journey of India is nothing but power of miracle of democracy. The mass flow of people to democratic activities can be seen. The experience of democracy itself expanded its horizon by implementation of decentralization and people's planning and expanded to grass root through decentralised system of governance which begin at level of village councils or Panchayathi Raj institutions.

To take a look at India's incredible journey of democracy, one day seminar has been conducted on 75 years of Indian experience of inclusive democracy, organised by department of Political science an FDSJ, in association with Institute of Parliamentary affairs, Govt. of Kerala at Emea College of Arts and Science, Kondotty on 23rd of November.

Inaugural session

The inaugural session began at 10 am with welcoming of gathering by Lt. Abdul Rasheed, principal of EMEA College of Arts and Science. He welcomed all the invited guests and the participants of the seminar. Mr. P Abdul Hameed, honourable MLA, Vallikkunnu constituency, poured the presidential address citing the ups and downs of India's fruitful journey of our country along with unfurling the drawbacks hitting India currently. Sri AN Shamseer, honourable Speaker, Kerala Assembly inaugurated the seminar with a powerful reminder to the students. He pointed, as India witnesses hurdles in the unwrinkled flow of democracy and

constitution, it is necessary for every student to come forward and serve as foundation of nation to brush up values to fulfill the aims of democracy.

Panakkad Sayid Basheer Ali Shihab Thangal(President of EMEA Institutions), Balathil Bappu(Manager of EMEA Institutions) , Dr Abdul Hameed(Member, Managing committee, EMEA Institutions), Mohammed Najeed PM(HoD, Department of Economics), Roy PP(HoD, Department of English), Firoz KT (HoD, Department of West Asian Studies), Abdul Razack(IQAC Coordinator), Muhammed Fuhad K(Chairman, College Union) shown up with their felicitation in a row.The inaugural session was concluded by vote of thanks by Dr. Ashraf valoor(Seminar Coordinator). After the inaugural session has been winded up, the national seminar moved to two sessions of paper presentation from various UG,PG students and Research Scholars for different colleges and universities across Kerala.

Technical session- 1

The first technical session began at 11:30 with five paper presentation with topics relating to various areas of India democracy digging through Social democracy,Representative democracy, Feminist politics,Politics of Decentralisation and Minority representation. The session under the chairship of Firoz K T(HoD, Dept of West Asian Studies) witnessed the information and analysis packed talk of Dr K S Madhavan(Associate Proffesor, Dept of History, University of Calicut).Trajectory of India Democracy:Marginal and Representation stood as a theme for his talk and all papers.

Madhavan's talk wrapped how and what means the democracy fears the state of marginal society and how it would affect whole structure of democarcy. He pointed several incidents contributed to the same. Dr. Sreejesh NP(Asst Prof, Dept of Political Science, University of Calicut) opened the account of paper presentation stressing on crisis in Indian Democracy clearing out how a social democracy could be built through strong political processes wiping out the social revolution. Rahma Bintah Latheef, scholar from Indira Gandhi Open University threw a clear picture of how Representative Democracy brought it's development to light through different historical context. The Classical Democracy, stages of emergence of democracy, the

modern democracy, democratization of Britain and France were core essence of her paper.

The possibilities of local governance starts from the gramsabha. Two PG students, Sumiya T and Akshya from dept of political science, university of Calicut dealt with politics of participation and decentralization; debugging the myths of gramasabha. Sinu Shirin P of Dept of English, Emea College presented the clear picture of Minority representation in Indian Politics stating all the statistics from the first election after independence to the 2019 election. The final paper in the first session was done by Krishnendhu E S and Akshara Suneesh Babu feminist politics in Indian Democracy making an analysis through Kerala Politics. All papers reached the audience giving idea about the marginal society and how changes could be brought in that. The session was concluded with vote of thanks by Sinu Shirin P.

Technical session- 2

Changing nature of Indian Democracy: The phantom federalism and state politics in India stood as the debating topic of second technical session. Dr Sabu K Thomas (Professor, HoD, dept of political science, university of Calicut) chaired and delivered the keynote address making a beginning to the session. Research scholar from University of Hyderabad, Thahir Jamal unwrapped the session by gathering points on "To be or not to be a community: Muslims and questions of democracy. The concept of education is expecting a change with introduction of new education policy 2020 by government of India.

Najila PV shifted the focus upon spaces in higher education institution in the light of the same. S Gayathri, Senior Research fellow from University of Calicut describes how election manifesto addresses women voters in state assembly legislations. Another senior research fellow analyses issue voting in electoral politics in the light of curious case of 2021 assembly polls. Women contributions to freedom struggle cannot be unseen. Fathima Rafla M came up the role of women in India freedom struggle: the story of unsung heroines. The one day national seminar winded up with vote of thanks by Muhammed Finos B

Webinar on smart phone astrophotography and Professional astrophotography.

The double Main department of Mathematics and physics in association with CKGM college Perambra conducted a webinar on Smartphone astrophotography and Professional astrophotography on 24th September 2022. The resource was Dr. Nijo Varghese from Sacred heart college, Chalakkudy. The webinar was intended to give directions to students interested in astrophotography. The webinar extends up to 1.5 hours and the resource person teaches the techniques for capturing the stars, comets, and galaxies with minimum light pollution. The webinar deals more with adjusting the parameters like shutter, aperture and exposure time, the optimal parameters to capture the celestial bodies very clearly. The welcome speech is given by Jincy Thomas from CKGM college, Perambra. Dr. Ramsiya M, Head of the department, EMEA college highlighted the importance of astrophotography and photographic techniques. This class helps the students to capture the celestial events with clarity. The program ended with a vote of thanks by Rufaida.

**Report of
Two Day National Seminar on
G-20 India Summit- Scope and Resolution for India
PG & Research Department of Economics, EMEA Arts and Science College, Kondotty**

The PG & Research Department of Economics, EMEA Arts and Science College, Kondotty, conducted Two Day National Seminar on 'G-20 India Summit: Scope and Resolutions for India' in the seminar hall of the college during 20-21 February 2023. Mr.Hussain V, Assistant Professor of Economics and Seminar Coordinator, welcomed the guests and Lt. Abdul Rasheed, Honourable Principal, was provided with the inaugural address. The program was presided by Prof.Muhammed Najeeb PM, Head, Department of Economics, EMEA College. The resource person for this programme was Prof. Krishnan Chalil, Dean, School of Social Sciences, Central University of South Bihar. Prof. Krishnan Chalil made the session very interesting by discussing the issues, strategies and possibilities of G-20 India Summit. The session was very interactive and ended with many students requesting more such sessions. Prof. Ibrahim Cholakkal, Dr.Rajasekaran KE, Mr.Muhammed Nisar TV, Mr..Abdurazaque PM and other faculty members felicitated the program. Participants of the seminar enthusiastically attended and benefitted from the program. The first day of the program wined up with vote of thanks of Mr.Muhammed Arsalan K.T, Secretary of Economics Association.

The second day of the seminar began with a welcome speech by Prof. Hussain.V, the coordinator of the event.

Following the welcome speech, the Inaugural Address was given by Prof. Muhammed Najeeb.PM, the HoD of the PG & Research Department of Economics at EMEA College, Kondotti. Prof. Najeeb spoke at length about the importance of the G-20 India Summit and its potential impact on India's economy. He emphasized the need for India to take an active role in the global economy and leverage the opportunities presented by the summit to drive economic growth and development.

Next, research scholars and PG students presented their papers on various aspects of the G-20 India Summit, including the role of India in the G-20, the impact of the summit on India's economy, and the challenges and opportunities for India in the global economy. The presentations were well received by the audience, who engaged in lively discussions and debates on the topics presented.

The seminar concluded with a vote of thanks by Muhammed Arsalan.KT, the Secretary of the Economics Association. He expressed his gratitude to the participants for their active participation in the seminar and to the organizers for putting together a successful and informative event. He also expressed his hope that the seminar would lead to further research and discussions on the G-20 India Summit and its implications for India's economy.

Overall, the two-day national seminar on "G-20 India Summit: Scope and Resolutions for India" was a valuable and insightful event that provided participants with a deeper understanding of the challenges and opportunities presented by the summit. The seminar emphasized the importance of India's active participation in the global economy and the need to leverage opportunities presented by the G-20 summit to drive economic growth and development.

Report

Launching of
Certificate Courses
&
An Orientation on
NPTEL, Swayam Certificate Courses

20 December 2022

Audiovisual Theatre

Objectives:

1. Evince interest among students to take up different certificate courses
2. Introduce the Certificate Programmes offered by the Centre for Certificate Courses for the academic year 2022-2023
3. Introduce Swayam Courses
4. Detail the procedures and benefits of doing the Certificate programmes offered by NPTEL

Report on Proceedings

Criterion-I, NAAC, in collaboration with the Centre for Certificate Courses (CCC) organized a launching ceremony of certificate courses 2022-2023 and an orientation programme on Swayam, NPTEL certificate programmes at 2.30 PM on Tuesday, 20 December 2022 at Audio Visual Theatre.

Dr. Afsal PC, Assistant Professor of English and Director, Centre for Certificate Courses, and Coordinator, Croterion-I, NAAC, welcomed the gathering. Lt. Abdul Rasheed P, Principal, EMEA College, inaugurated the programme and launched the certificate courses that the Centre offers for the academic year 2022-2023. Dr. Afsal PC, detailed each certificate programme and the importance and benefits of them.

Mr. Aboobacker Siddeeq. K, Assistant Professor of Commerce and SPOC, NPTEL, EMEA College, delivered a talk on the Swayam Courses.

As many as hundred and fifty two students attended the session. All class advisors also participated the programme. Ms. Haulath K, Assistant Coordinator of IQAC, EMEA College, proposed a vote of thanks.

Expected Outcome

- 1. It is expected that at least fifty percent of students will enroll and complete at least one Swayam Course before they leave the campus.**
- 2. It is expected that at least fifty percent of students of the college will enroll and complete at least one Swayam Course during the current NAAC period.**

Introduction

India extends its diversity in terms of language, culture, religion, geography and its ethnicity. Being the largest democratic power in the world, the year of 2022 celebrates her 75 years of Independence. It is the story of democracy which has beaten all odds, it is the story of unity, it is a story of dreams of just society and it is the story of freedom. It all has brought the 75 years of progress India, glorious history of its people, culture, and achievement. The successful journey of India is nothing but power of miracle of democracy. The mass flow of people to democratic activities can be seen. The experience of democracy itself expanded its horizon by implementation of decentralization and people's planning and expanded to grass root through decentralised system of governance which begin at level of village councils or Panchayathi Raj institutions.

To take a look at India's incredible journey of democracy, one day seminar has been conducted on 75 years of Indian experience of inclusive democracy, organised by department of Political science an FDSJ, in association with Institute of Parliamentary affairs, Govt. of Kerala at Emea College of Arts and Science, Kondotty on 23rd of November.

Inaugural session

The inaugural session began at 10 am with welcoming of gathering by Lt. Abdul Rasheed, principal of EMEA College of Arts and Science. He welcomed all the invited guests and the participants of the seminar. Mr. P Abdul Hameed, honourable MLA, Vallikkunnu constituency, poured the presidential address citing the ups and downs of India's fruitful journey of our country along with unfurling the drawbacks hitting India currently. Sri AN Shamseer, honourable Speaker, Kerala Assembly inaugurated the seminar with a powerful reminder to the students. He pointed, as India witnesses hurdles in the unwrinkled flow of democracy and

constitution, it is necessary for every student to come forward and serve as foundation of nation to brush up values to fulfill the aims of democracy.

Panakkad Sayid Basheer Ali Shihab Thangal(President of EMEA Institutions), Balathil Bappu(Manager of EMEA Institutions) , Dr Abdul Hameed(Member, Managing committee, EMEA Institutions), Mohammed Najeed PM(HoD, Department of Economics), Roy PP(HoD, Department of English), Firoz KT (HoD, Department of West Asian Studies), Abdul Razack(IQAC Coordinator), Muhammed Fuhad K(Chairman, College Union) shown up with their felicitation in a row.The inaugural session was concluded by vote of thanks by Dr. Ashraf valoor(Seminar Coordinator). After the inaugural session has been winded up, the national seminar moved to two sessions of paper presentation from various UG,PG students and Research Scholars for different colleges and universities across Kerala.

Technical session- 1

The first technical session began at 11:30 with five paper presentation with topics relating to various areas of India democracy digging through Social democracy,Representative democracy, Feminist politics,Politics of Decentralisation and Minority representation. The session under the chairship of Firoz K T(HoD, Dept of West Asian Studies) witnessed the information and analysis packed talk of Dr K S Madhavan(Associate Proffesor, Dept of History, University of Calicut).Trajectory of India Democracy:Marginal and Representation stood as a theme for his talk and all papers.

Madhavan's talk wrapped how and what means the democracy fears the state of marginal society and how it would affect whole structure of democarcy. He pointed several incidents contributed to the same. Dr. Sreejesh NP(Asst Prof, Dept of Political Science, University of Calicut) opened the account of paper presentation stressing on crisis in Indian Democracy clearing out how a social democracy could be built through strong political processes wiping out the social revolution. Rahma Bintah Latheef, scholar from Indira Gandhi Open University threw a clear picture of how Representative Democracy brought it's development to light through different historical context. The Classical Democracy, stages of emergence of democracy, the

modern democracy, democratization of Britain and France were core essence of her paper.

The possibilities of local governance starts from the gramsabha. Two PG students, Sumiya T and Akshya from dept of political science, university of Calicut dealt with politics of participation and decentralization; debugging the myths of gramasabha. Sinu Shirin P of Dept of English, Emea College presented the clear picture of Minority representation in Indian Politics stating all the statistics from the first election after independence to the 2019 election. The final paper in the first session was done by Krishnendhu E S and Akshara Suneesh Babu feminist politics in Indian Democracy making an analysis through Kerala Politics. All papers reached the audience giving idea about the marginal society and how changes could be brought in that. The session was concluded with vote of thanks by Sinu Shirin P.

Technical session- 2

Changing nature of Indian Democracy: The phantom federalism and state politics in India stood as the debating topic of second technical session. Dr Sabu K Thomas (Professor, HoD, dept of political science, university of Calicut) chaired and delivered the keynote address making a beginning to the session. Research scholar from University of Hyderabad, Thahir Jamal unwrapped the session by gathering points on "To be or not to be a community: Muslims and questions of democracy. The concept of education is expecting a change with introduction of new education policy 2020 by government of India.

Najila PV shifted the focus upon spaces in higher education institution in the light of the same. S Gayathri, Senior Research fellow from University of Calicut describes how election manifesto addresses women voters in state assembly legislations. Another senior research fellow analyses issue voting in electoral politics in the light of curious case of 2021 assembly polls. Women contributions to freedom struggle cannot be unseen. Fathima Rafla M came up the role of women in India freedom struggle: the story of unsung heroines. The one day national seminar wound up with vote of thanks by Muhammed Finos B

The PG Department of History and West Asian Studies, EMEA College Kondotty organized one day international seminar on 'India Arab Relations : Understanding the Old and New Trajectories' on 14th February 2023. The inaugural session was welcomed by Mr.Firoz K.T(Assistant Professor and HoD, Department of History West Asian Studies). Dr. Nizar U (Assistant Professor, Department of History West Asian Studies) presided the session. Dr.Abdul Razaq (Principal in charge) delivered principal address. He congratulated the department for this attempt.

The session was inaugurated by Mohammad Hassan Rizq Alhawar (Head of English Department, Bin Hafeedh Institute for Languages and Computer-Yemen). After the inaugural session he made a presentation on the topic 'India Arab Relations: Understanding the old and New Trajectories'. He analysed the Indo Arab relations from the ancient time onwards. The talk was highly informative and useful for the students as it is a part of their syllabus. The session was followed by an interaction by the students. Dr.Sibin Ijaz (Assistant Professor, Department of Arabic, EMEA College, Kondotty) delivered vote of thanks.

The afternoon session was for Paper presentations from scholars and students. Dr.Sibin Ijaz (Assistant Professor, Department of Arabic, EMEA College, Kondotty) presented a paper on "Changes in the Socio Economic, Political and Educational Field of Modern Indian Muslims". Ms. Sehla Khansah (Assistant Professor, Department of History and West Asian Studies) delivered vote of thanks for the afternoon session.
