PERSONALITY DEVELOPMENT

Title of the program Class on	Personality Development
Name of the Coordinator	Mr. Rajesk K T
Organizing Department	Department of Biochemistry
Date & Duration	27-09-2022
Number of participants	38
Resource Person	Mr. Sidhique Kizhisseri

Detailed description of the event

In a session organized by the Biochemistry Department of EMEA College, a class focusing on “Personality Development” was led by Mr. Sidhique Kizhisseri. Personality development constitutes a comprehensive process designed to attain three primary goals:

- Self-awareness
- Interpersonal proficiency
- Perpetual advancement

Firstly, cultivating self-awareness emerges as a pivotal objective, urging individuals to comprehend their strengths, weaknesses, values, and beliefs. This heightened self-awareness forms the bedrock for personal development, enabling individuals to make judicious decisions in alignment with their genuine selves. Secondly, Mr. Sidhique Kizhisseri explained the focus of personality development towards augmenting interpersonal effectiveness by refining communication skills, fostering empathy, and honing the ability to collaborate proficiently with others. These refined skills are instrumental in constructing meaningful relationships and adeptly navigating diverse social environments. Lastly, Mr. Sidhique Kizhisseri focuses the overarching aim is to inculcate a mindset of continuous growth and adaptability. Encouraging individuals to embrace perpetual learning, resilience, and adaptability guarantees that personality development remains an enduring, dynamic process, evolving harmoniously with life's myriad challenges and opportunities.

Outcome of the event/Evaluation by Program Coordinator

- As a result, individuals experience a profound sense of authenticity, enabling them to navigate life's choices with a greater understanding of their own strengths and weaknesses.
- As a consequence, individuals equipped with this adaptive mindset are better prepared to thrive in an ever-evolving world.

SEMINAR HALL

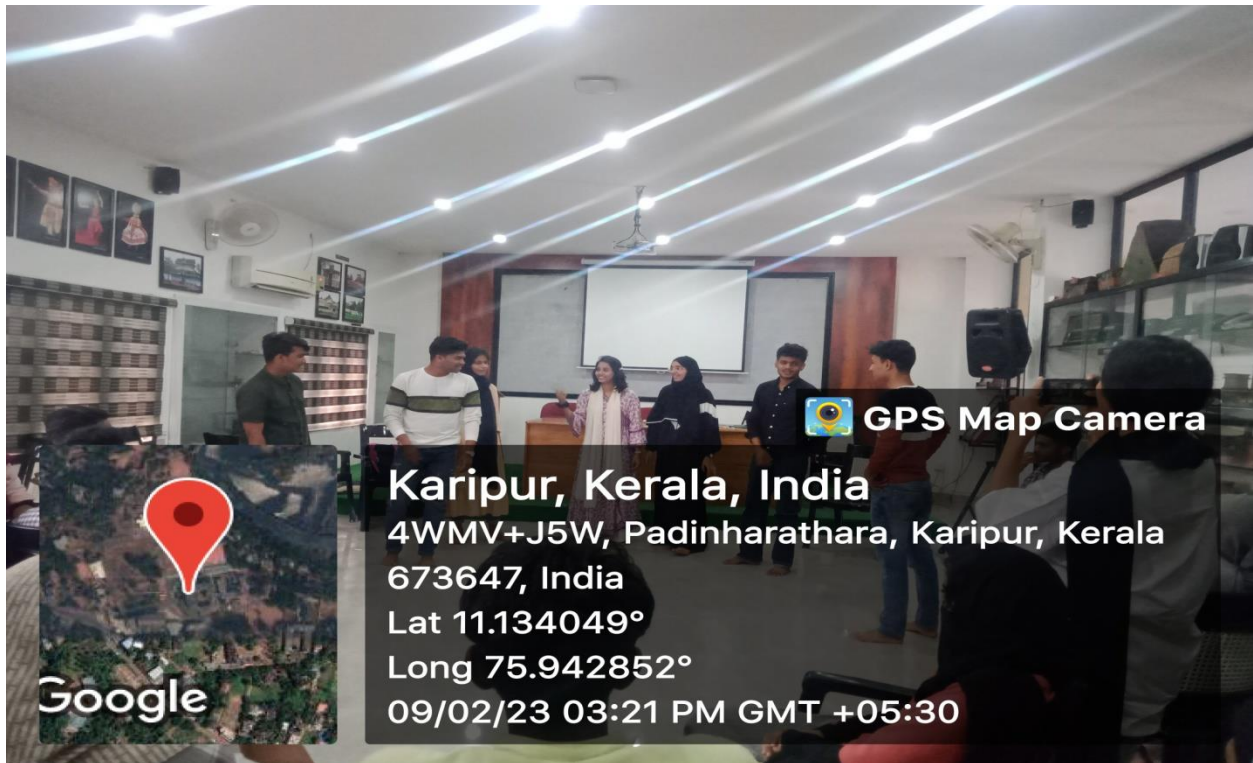

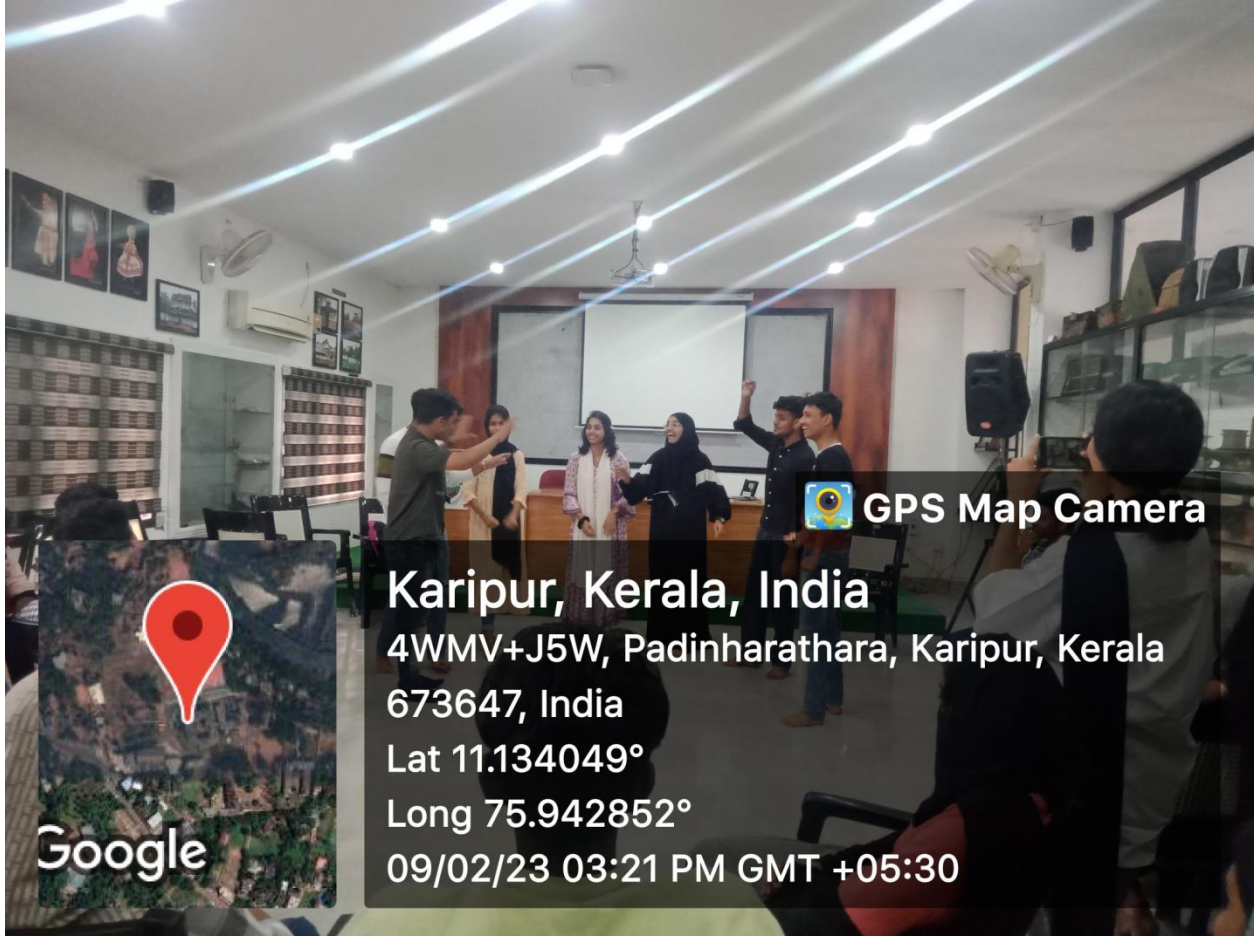

1:30 - 4:30 PM

Team building and cooperation are characteristics of a functional and fertile group. To enhance social skills and harmony among students, Biochemistry department organized a group mentoring session on February 09 2023. The session was held in Seminar Hall at 1.30 P.M. The programme was coordinated by Ms N. K. Zaheera Banu.

The sessions was performed with active participation of students providing different activities. Activities were based on communication, cooperation, team building and compassion. Activities and self reflection session provided students an opportunity to understand how important the harmony of a class is is and how much one should give importance to oneself as well as to others around them.

The session was fruitful and the feedback was positive with the enthusiasm for a second session.
