REPORT

BRIDGE COURSE 2021

A bridge course for newly admitted students is conducted every year before the commencement of the first semester classes. The main objective is to bridge the gap between subjects studied at pre-university and subjects they would be studying in graduation. The syllabus was framed exclusively, in such a way that they get basic knowledge on the subjects. Five days class was devised by teachers for the enhancement and development of students to make them familiar with the subjects. Dr. Mashhoor K., Shilly Das A, Dr. Somy Soman and Reameesa K the assistant professors of department of Biotechnology were handled the sessions.

At the end of the session a post bridge course test was conducted on 24/11/2021 to assess the students. 20 questions were framed and 40 students took the test. Based on their performance the students were streamlined in to advanced, intermediate and basic level respectively.

Among the 40 students, 9 excelled with full score and only a minimum was found to be at the basic level. Rest of them students got a good score.

Bridge course proved to be more effective to assess the ability of the students. suggestions were given to students for improvisation and boosted confidence in them. The basic level students were recommended for remedial coaching class.

Supporting documents are attached

SYLLABUS

BRIDGE COURSE FOR THE STUDENTS ENROLLED IN BSc BIOTECHNOLOGY COURSE

PREAMBLE

The syllabus of BSc Biotechnology course provided by University of Calicut is highly competitive at National and international level. The syllabus includes advanced industry, Research job-oriented papers. Students from various streams of Higher secondary like HSE Kerala, HSE CBSE, VHSE, ICSE etc. were aspire for joining BSc Biotechnology in this institute. However it is found that students completed Higher secondary courses may face handicapped and disadvantaged to learn advanced modules of BSc Biotechnology. In view to helping students, Biotechnology department of EMEA College has decided to conduct Bridge Course.

OBJECTIVES

1. Bridge the gap between the course contents of syllabi in Biotechnology and Higher secondary course
2. To impart minimum basic training in Biotechnology
3. To strengthen the base of such students in basic and fundamentals of Biotechnology.

DESIGN

The course consists of 5 Hrs of interactive sessions and an internal examination designed by the departments which is compulsory for all students.

SYLLABUS

Module 1: Fundamentals of Ecology (1hr)

Module 2: Introduction to cell biology, molecular biology and Bio-molecules (1hr)

Module 3: Introduction to Microbiology, History of Microbiology (1hr)

Module 4: Basics of Recombinant DNA technology (1hr)

Module 5: Introduction to Biotechnology, History of Biotechnology, Tools in biotechnology (1hr)

DETAILS OF FACULTIES

S.No.	Name of Faculty	Educational Qualifications	Module Taken
1.	Dr. Mashhoor K	MSc, CSIR-UGC NET, PhD	Module 4 & 5
2.	Shilly Das A	MSc, MPhil	Module 2 & 3
3.	Dr. Somy Soman	MSc, MPhil, PhD	Module 1
4.	Rameesa K	MSc, MPhil	Module 1&5

QUESTION PAPER

BSc BIOTECHNOLOGY BRIDGE COURSE EXAMINATION 2021

Maximum Mark 20, Time: 20 minutes

1. Study of cell is known as.....
(Micro biology, Biotechnology, Cell biology, Immunology)
2. Power house of cell
(Nucleus, Mitochondria, Ribosome, Plastid)
3. animal cell lack.....
(Nucleus, Ribosome, Cell wall, Plasma membrane)
4. suicidal bag of a cell is.....
(Lysosome, Golgi body, Endoplasmic reticulum, Peroxisome)
5. fluid mosaic organization of plasma membrane is proposed by....
(Anton von Leuwen hock, Singer and Nicolson, Robert hook, Watson and crick)
6. Bacterial cell wall is made up of.....
(Cellulose, chitin, peptidoglycan, mannans)
7. who observed live cell first
(Robert hook, Robert brown, Anton von Leuwen hock, Edward Jenner)
8. causating agent of typhoid is
(Pneumococcus pneumoniae, Salmonella typhi, Clostridium tetany, E. COLI)
9. covid 19 is caused by.....
(Bacteria, Fungus, protozoa, Virus)
10. Manufacture of Covaxine Is
(Bharat biotech, Moderna, Serum institute, p fizer)
11. which is an abiotic factor
(Plants, animals, light, bacteria)
12. Which among is an non biotic factor
(Animals, light, bacteria, trees)
13. who coined the name Biotechnology
(Ian Wilmut, Louis Pasture, Karoly Erky, Edward Jenner)
14. who invented vaccination
(Louis Pasture, Edward Jenner, Paul berg, Watson)
15. PCR is used to
(RNA Amplification, Protein Amplification, DNA Amplification, GENE editing)
16. Vectors are
(Animal, plant, bacteria, molecular vehicles)
17. molecular glue
(Ligase, Helicase, Reverse transcriptase, Polymerase)
18. Technique used to detect covid 19
(ELISA, RIA, RT PCR, Widal)
19. Locomotory organ of bacteria
(Pili, Flagella, pseudopodia, tentacles)
20. five kingdom classification was proposed by
(Carl woes, RH Whittaker, Carl Linnaeus, Copland)

EMEA COLLEGE OF ARTS AND SCIENCE

Department of Computer Science

BRIDGE COURSE SYLLABUS

2021

**ORIENTATION PROGRAMME FOR COMPUTER SCIENCE
STUDENTS**

Objective

The prime objective for providing the bridge course for newly admitted first year BSc Computer science students is to bridge the gap between subjects studied at Pre-university level and subjects they would be studying in Graduation. Hence the bridge course is to demystify what is expected of students in BSc Computer science and it provides adequate foundation in the core computer science subjects in moderate level so that students do not face any difficulty during their degree classes. This course has immense importance since students from various streams from science as well as commerce are eligible to pursue BSc Computer science.

Paper code	Title	Hour	Total Marks (Theory)
BCSBC01	Bridge Course in Computer Science	5	20

SCHEME AND SYLLABUS

Objectives: The main objective of the course is to cover the gap between the understanding level of the school courses and higher educational courses

Learning Outcomes

1. To enhance the knowledge of the students by providing them with fundamental ideas to start with the courses in graduate level.
2. To know basic information about core subject.
3. To know the basic information about various supporting domains.

Scheme of Examination:

1. A test paper will be conduct at the end of this course for 20 marks
2. Duration – Examination shall be of 30 minutes duration

MODULE 1

Why BSc Computer science, Scope of the course, various job opportunities, various higher studies opportunities after the course.

MODULE 2

Computer fundamental-Concepts of Hardware and Software, CPU, input and output-memory unit- peripherals.

MODULE 3

Number Systems, Fundamentals of Problem Solving and programming languages, various programming platforms.

MODULE 4

Introduction to the concept of data structures, basic principles of database and database design.

MODULE 5

Software and Software Engineering, operating systems and computer networks, web programming basics.

KONDOTTI, MALAPPURAM (Dt) Kerala, Pin-673638

BRIDGE COURSE REPORT - 2021

Conducted for the students enrolled in B.A. Economics course

Post Graduate Department of Economics

Bridge Course Report-2021

Post Graduate Department of Economics is conducting a bridge course for newly admitted students every year before the commencement of the first semester classes. The main objective of the course is to bridge the gap between subjects studied at higher secondary level and subjects they would be studying in Graduation. Bridge course is a teaching module which helps to close the gap between two levels of competence. Accordingly, Bridge course are conducted every year at the commencement of the academic year to improve and orient on the subject knowledge keeping in view of the students coming from different streams.

The department prepared an exclusive syllabus for the bridge course which consists of three papers which covers the basic topics of economics and the basics of quantitative methods used in economics teaching.

This programme helps the students to acquire a general awareness about the programme and also gets opportunity to interact with the faculty members and fellow students. The course is conducted in the third and fourth week of November, 2021.

The three papers of the bridge course were handled by the following faculty members.

Sl.No.	Name of the Paper	Name of the faculty member
1	ECBC1-Foundation Course in Economics	Mohammed Najeeb.P.M.
2	ECBC2-An Introduction to Micro and Macro	Hussain.V.
3	ECBC3- An Introduction to Numerical Economics	Abdurazaque.P.M.

Objectives of the Course:

The bridge course aims to act as a buffer for the new entrants with an objective to provide adequate time for the transition to hard-core of degree courses. This gives them a breather, to prepare themselves before the onset of courses for first year degree programme. During this interaction of five hours with the faculty and their classmates the students will be equipped with the knowledge and the confidence needed to take on bigger challenges in future.

- Give students the confidence and skills to successfully transition to college and new curriculum
- To familiarise the students the basic concepts of economics
- To create awareness about the scope of economics
- To make them familiar with important economists and institutions
- To fill the gap of subject knowledge between higher secondary and undergraduate studies.

DEPARTMENT OF ECONOMICS
BRIDGE COURSE- SYLLABUS

ECBC1-FOUNDATION COURSE IN ECONOMICS

Module I

What is Economics? – as a social science- the core of economics- scarcity and choice

Module II

The World of Economics-Microeconomics and Macroeconomics- Positive and Normative Economics- How Economies Work

Module III

Why Study Economics?- as a human being- as an agent of change- as an economist- the career prospects

Module IV

The Methods of Economics-The Art of Building Economic Models- Assumptions and Conclusions- Math, Jargon, and other Concerns.

Module V

Basic concepts of Economics- Graphs in economics- Graphs, variables and Economic Models- How Graphs work

REFERENCES:

1. N. Gregory Mankiw, Principles of Microeconomics, Cengage Learning India Pvt. Ltd. (2015).
2. H.R Varian Intermediate Microeconomics- A Modern Approach.

ECBC2-AN INTRODUCTION TO MICRO AND MACRO

Module I

The Use and Limitations of Microeconomic Theory-Why Study Microeconomics?

Module II

What Is a Market? -the foundations- the basics of supply and demand- The Market Mechanism- Shifts in Supply and Demand- Elasticities of Supply and Demand- Short-Run Versus Long-Run Elasticities.

Module III

What is Macroeconomics- origin, roots, major issues and concerns of Macroeconomics- uses and scope of Macroeconomics.

Module IV

Basic concepts in national income and employment- general price level and inflation- concepts of open economy Macroeconomics.

REFERENCES:

1. Gregory Mankiw – Macroeconomics – 6th Edn. Tata McGraw Hill.
2. Errol D 'Souza – Macroeconomics – Pearson Education 2008.

ECBC3- AN INTRODUCTION TO NUMERICAL ECONOMICS

Module I

Basic numericals- basic operations of mathematics- laws of indices- functions- equations- matrix algebra.

Module II

What Is Statistics? - Why Study Statistics? - Types of Statistics- Types of Variables.

Module III

Types of data- census and sampling- collection, classification, tabulation and presentation of data.

Module IV

Basic statistical operations- measures of central tendency, dispersion, skewness and kurtosis, correlation and regression.

2. Dowling Edward.T, Introduction to Mathematical Economics, 2nd/3rd Edition, Schaum's Outline Series, McGraw-Hill, New York, 2003

Bridge Course in Economics

This is an objective Type test to assess your basic knowledge in Economics and understand the level of your understanding.

1. Name of the Student *

2. Roll Number *

3. Price elasticity of demand is the ratio of change in *

4 points

Mark only one oval.

- Quantity Demanded and Price
- Quantity Demanded and Price of Other Commodities
- Quantity Demanded and Income
- None of the above

4. $GNP = GDP + \dots\dots\dots$ *

4 points

Mark only one oval.

- Depreciation
- Indirect Tax
- Net factor income from abroad
- Transfer Payments

5. Who classified economics into Microeconomics and Macroeconomics? * 4 points

- Alfred Marshall
- Adam Smith
- Ragnar Frisch
- J M Keynes

6. Scarcity definition of economics is given by: * 4 points

Mark only one oval.

- Adam Smith
- David Ricardo
- Paul Samuelson
- Lionel Robbins

7. Sampling is simply process of learning about the ----- on the basis of sample drawn from it. * 4 points

Mark only one oval.

- Census
- Population
- Area
- Group

8. A list of 5 pulse rates is: 70, 64, 80, 74, 92. What is the median for this list? * 4 points

Mark only one oval.

- 74
- 76
- 77
- 80

9. A market characterised by few sellers is called: * 4 points

Mark only one oval.

- Monopolistic Competition
- Oligopoly
- Perfect Competition
- Monopsony

10. Long run and Short run classification in economics is based on : * 4 points

Mark only one oval.

- Time
- Input
- Variability of factors
- Output

11. The book 'An Enquiry into the Nature and Causes of Wealth of Nations' 4 points

written by: *

Mark only one oval.

- Karl Marx
- Adam Smith
- David Ricardo
- JM Keynes

12. If a commodity has more number of substitutes, the demand for this commodity will be _____? * 4 points

Mark only one oval.

- More elastic
- Less Elastic
- Inelastic
- Perfectly Elastic

13. What is 'DigiBoxx' that was recently launched by the CEO of NITI Aayog? * 4 points

Mark only one oval.

- Asset management platform
- Foreign Exchange management platform
- Premium Banking Service platform
- Aadhar Database

14. The Headquarters of Reserve Bank of India is: *

4 points

Mark only one oval.

- New Delhi
- Mumbai
- Kolkata
- Chennai

15. Which is not a measure of Central Tendency? *

4 points

Mark only one oval.

- Mode
- Mean
- Range
- Median

16. What is the main economic problem faced by the society? *

4 points

Mark only one oval.

- Poverty
- Unemployment
- Inequality
- Scarcity

17. The shape of demand curve is: *

4 points

Mark only one oval.

- U shaped
- Downward Sloping
- Upward sloping
- Inverted U shaped

18. The concept of Five year plans in Indian constitution borrowed from: *

4 points

Mark only one oval.

- Russia
- England
- United States
- Germany

19. Goods and Service Tax (GST) introduced in India on: *

4 points

Mark only one oval.

- 1st July 2017
- 1st May 2017
- 1st June 2017
- 1st April 2017

20. The New Economic Policy is associated with *

4 points

Mark only one oval.

- Dr. C Rangarajan
- Dr. Montek Sing Ahluwalia
- Dr. Amartya Sen
- Dr. Manmohan Sing

21. The Rate at which RBI lend to Commercial Bank is known as: *

4 points

Mark only one oval.

- Interest rat
- Reverse Repo Rate
- Bank Rate
- Repo Rate

22. The letter 'b' in the consumption function , $C = a + bY$ denotes: *

4 points

Mark only one oval.

- Marginal Utility
- Marginal Propensity to Consume
- Marginal Propensity to Save
- Marginal Product

23. Which of the following measure of central tendency is most affected by extreme values? * 4 points

Mark only one oval.

- Mode
- Median
- Arithmetic Mean
- None of the above

24. To calculate the median, all the items of a series have to be arranged in a/an * 4 points

Mark only one oval.

- Descending order
- Ascending or descending order
- Ascending order
- None of the above

25. Who is the present Finance Minister of India? * 4 points

Mark only one oval.

- P Rajeev
- K N Balagopal
- Nirmala Seetharaman
- P Chidambaram

26. Income Tax is a ----- tax *

4 points

Mark only one oval.

- Direct
- Indirect
- Both
- None

27. Which of the following is the relation that the law of demand defines? *

4 points

Mark only one oval.

- Income and price of a commodity
- Income and quantity demanded
- Quantity demanded and quantity supplied
- Price and quantity of a commodity

BRIDGE COURSE 2021

CONDUCTED FOR THE STUDENTS ENROLLED IN
BA WEST ASIAN STUDIES COURSE

15-19 NOVEMBER 2021

REPORT

Organized by
**DEPARTMENT BA WEST ASIAN STUDIES OF
EMEA COLLEGE OF ARTS AND SCIENCE
(Reaccredited with 'A' grade by NAAC)
KONDOTTI, MALAPPURAM (Dt) Kerala, Pin-673638**

REPORT

BRIDGE COURSE 2021

A bridge course for newly admitted students is conducted every year before the commencement of the first semester classes. The main objective is to bridge the gap between subjects studied at pre-university and subjects they would be studying in graduation. The syllabus was framed exclusively, in such a way that they get basic knowledge on the subjects. Five days class was devised by teachers for the enhancement and development of students to make them familiar with the subjects. Mr.K.T.Firoz , DR.Nizar.U, Dr. Asharaf Valoor ,Dr.Afsal .P.S and Dr.Shamsudheen the assistant professors of department of West Asian Studies were handled the sessions.

At the end of the session a post bridge course test was conducted on 23/11/2021 to assess the students. 15 questions were framed and 58 students took the test. Based on their performance the students were streamlined in to advanced, intermediate and basic level respectively.

Among the 58 students,excelled with full score and only a minimum was found to be at the basic level. Rest of them students got a good score.

Bridge course proved to be more effective to assess the ability of the students. suggestions were given to students for improvisation and boosted confidence in them. The basic level students were recommended for remedial coaching class.

Admission procedure: admission to the course shall be made as per rules and regulations of the PG departments of West Asian studies , EMEA

College ,Kondotty

Eligibility : Plus two

The duration of study :**5 HOURS**

programme structure

- two module
- theoretical
- 70% attendance is compulsory for examination

- lecturing time :one week
- medium of instruction and examination shall be English
- exam conducted after the completion of 5 hour lecturing

objectives

- To give general understanding of the West Asia and west Asian studies
- To know the Indo-Arab relation
- to give the Scope of Study

Supporting documents are attached

SYLLABUS

Five Day Bridge Course
for
First Semester BA West Asian Studies Students..

First Day 

Mohammad Shafi.T

Ice-breaking Session:
Blur Your Mask: Unveil Your Mettle

Second day 

Firoz.K.T
(Asst.Prof & Head)

Why history?

Dr.Nizar.U

Stress out: School to College.

Third day 

Dr.Ashraf Valoor.
Polites of history

Fourth Day 

Dr.Samsudheen.E
Smarter technology for all

Sahla khansah.
West Asian Studies -
Opportunities

Fifth day 

Dr.Abdul Muneer.V

Dr.Afsal P.C.

LL: Language to Stand, Literature to Go

DETAILS OF FACULTIES

S.No.	Name of Faculty	Educational Qualifications	Module Taken
1.	FIROZ.K.T	M.A.M.ED	Module 2 & 5
2.	Dr.Nizar.U	M.A.PhD	Module 3
3.	Dr.Asharaf Valoor	M.A, MPhil, PhD	Module 4
4.	Dr.Afsal .PC	M.A.PhD.	Module 5
5	Muhammed Shafi.T	M.A.BeD	Module 5

QUESTION PAPER

Fahmida Shariq
BA W.A.S

Bridge course -2021. Questions

- 15
15
1. ✓ The Battle of Plassey was fought in
1757, 1782, 1784, 1764,
 2. ✓ Who is the author of *Malabar Manual* ?
(Hitchcock, William Logan, Stephan dale, K.K.N.Kurupp)
 3. ✓ When did Vaikom Satyagraha took place in Kerala?
(A) 1923 (B) 1924
(C) 1925 (D) 1926
 4. ✓ Capital city of Saudi Arabia
(Dubai, Doha, Riyadh, Madina)
 5. ✓ Full form of PLO = *palistinian liberation organization.*
 6. ✓ The Mughal Empire was established by
Humayun, Babur, Balbar, Akbur
 7. ✓ The striking feature of the Indus Valley Civilization was
(Urban Civilization, Agrarian Civilization, Mesolithic Civilization, Paleolithic Civilization)
 8. ✓ Which is the largest building at Mohenjo-Daro?
Great Bath, Great Granary, Assembly Hall, Rectangular Building
 9. ✓ The Qutub Minar was completed by the famous ruler
(Qutub-ud-din Aibak, Iltutmish, Babur, Alauddin Khilji)
 10. ✓ In which year Salt Satyagraha was initiated?
(1931, 1930, 1929, 1932)
 11. ✓ The Tirthankaras are related to
Jainism, Buddhism, Hinduism, Islam,
 12. ✓ The first to come and last to leave India were
The English, French, Dutch, Portuguese

BRIDGE COURSE 2021

CONDUCTED FOR THE STUDENTS ADMITTED IN
B.Sc MATHEMATICS AND PHYSICS DUAL CORE COURSE

15-19 NOVEMBER 2021

REPORT

Organized by

**DEPARTMENT OF MATHEMATICS AND PHYSICS
EMEA COLLEGE OF ARTS AND SCIENCE
(Reaccredited with 'A' grade by NAAC)
KONDOTTI, MALAPPURAM (Dt) Kerala, Pin-67363**

REPORT

BRIDGE COURSE 2021

A bridge course for newly admitted students is conducted every year before the commencement of the first semester classes. The main objective is to bridge the gap between subjects studied at pre-university or Plus Two and subjects they would be studying in graduation. The syllabus was framed exclusively, in such a way that they get basic knowledge on the subjects. Five days class was devised by teachers for the enhancement and development of students to make them familiar with the subjects.

At the end of the session a post bridge course test was conducted on 22/11/2021 to assess the students. A question paper is designed with **10 questions** and **15 students** attended the test.

Among the 20 students, 6 scored 75% and above marks and others scored more than 50% in the test.

Bridge course proved to be more effective to assess the ability of the students. suggestions were given to students for improvisation and boosted confidence in them. The basic level students were recommended for remedial coaching class.

Programme structure

- two modules
- theoretical
- 70% attendance is compulsory for examination
- lecturing time: one week
- medium of instruction and examination shall be English
- exam conducted after the completion of 5-hour lecturing

The duration of study :**5 HOURS**

Paper code	Title	Hour	Total Marks (Theory)
MTS1C01	Bridge Course in Mathematics and physics	5	20

SCHEME AND SYLLABUS

Objectives: The main objective of the course is to cover the gap between the understanding level of the school courses and higher educational courses

Learning Outcomes

1. To enhance the knowledge of the students by providing them with fundamental ideas to start with the courses in graduate level.
2. To know basic information about core subject.
3. To know the basic information about various supporting domains.

Scheme of Examination:

1. A test paper will be conduct at the end of this course for 20 marks
2. Duration – Examination shall be of 60 minutes duration

Module I

Physics (2 Hours)

Velocity- Acceleration – Matrix for mathematical manipulation-Eigen Vector-Essence of Linear Algebra- Newton's Law-rational motion – Moments of inertia-Torque

Module II

Mathematics (3 Hours)

Relations and functions- types functions – Matrix – Operation of matrix-elementary operation-Determinant- Differentiability-Derivative of parametric form – Integration – Vector Algebra – Three-dimensional Geometry-Operations on vector- Sequence and series – introduction to complex number

EMEA COLLEGE OF ARTS AND SCIENCE
BRIDGE COURSE TEST- Nov 2021
Mathematics and Physics
MTS1C01

Time – 1hr

Total -20 mark

1. Any point on x axis is of the form

(x, 0,0) (0,x,0) (0,0,x) (x,y,z)

2. The slope of the line through (3, -2) and (-1,4) is

(-3/2 3/2 2/3 -2/3)

3. $\int_0^{\pi/2} \sin x \cdot \cos x \, dx$

($\pi/2$ 0 $1/2$ -1/2)

4. $\text{Det} \begin{bmatrix} 1 & 2 & 3 \\ 0 & 1 & 4 \\ 0 & 0 & 3 \end{bmatrix} = \dots\dots\dots$

(3 1 0 -3)

5. If $\text{vec a} = 2\mathbf{i}+3\mathbf{j}-\mathbf{k}$, $\text{vector b} = \mathbf{i}-\mathbf{j}+\mathbf{k}$, then $(\text{vector a} \cdot \text{vector b}) = \dots\dots\dots$

(2 3 -1 -2)

[Each Carries Two Marks]

6. Write any two laws of motion?

7. Please comment on Matrix multiplication?

8. What are the difference between Translational motion and Rotational motion?

9. Please comment on moment of inertia and also compare with mass?

10. Write any three quantities in linear motion and its equivalent in Rotational motion?

DEPARTMENT OF BVoc LOGISTICS MANAGEMENT

EMEACOLLEGE OF ARTS AND SCIENCE, KONDOTTI

Course Name: Bridge course for BVoc Logistics management

The Duration of Study: 20 Hours and shall be During the First Week of the Academic Year.

Eligibility : All First Year Students

Objectives:

- Give students the confidence and skills to successfully transition to college and new curriculum.
- To enable the students to acquire knowledge about Bachelor of Vocation
- To equip the students with Skill of Doing Bachelor of Vocation and Especially Logistics management

Methodology

A Curriculum is framed separately in each of the subjects of BVoc Logistics, English, Universities Regulations and Department initiatives for Bridge Course. During the first week after the commencement of the classes, the bridge course curriculum is delivered to the students in BVoc Logistics Management. A post bridge course test is conducted after the completions of bridge course syllabus to assess the ability of student's suggestions are given to students for improvisation.

PROGRAMME STRUCTURE

Transition from school to college life is one of the most challenging events in a student's life. When new students enter an institution, they come with diverse thoughts, backgrounds and preparations. They come into a new unfamiliar environment, and many of them have little knowledge of college and University. An important task, therefore, is to welcome new students to Higher Education and prepare them for their new role. All new Commerce students who come with aspiring dreams will be provided Two Week (20 Hours) Bridge Course conducted by the faculty members to familiarize them to the new environment and encourage them to look beyond classrooms. These classes are conducted during the beginning of the Semester for the BVoc Logistics Management subjects, Basic English, Gender Equity Program, University BVoc Regulations and Department Initiative

Detail of Syllabus:-Total 20 Hours

Module 1.

BVoc Regulation and Details :- Title - Regulations for Choice Based Credit and Semester System for Undergraduate Curriculum 2019 (CBCSSUG 2019), BVoc Programme, Duration of programme, Academic Week, Semester, Course-Common course, Core course, Open course, Complementary course, Ability Enhancement course/Audit course. Department Co-ordinator, Faculty Adviser, Credit '(C)', Extra Credit, Grade, Grade point '(G)', Semester Grade Point Average '(SGPA)', Cumulative Grade Point Average '(CGPA)', Grade Card, Strike off the roll, Attendance, Grace Marks, Project (4Hours)

Module 2.

University Exam System and Internal Assessment:- Exam Registration, Internal Assessment, External Evaluation- Scheme of Examinations, pass conditions, Revaluation, (4Hours)

Module 3.

Curriculum and Department Initiative: - Semester I- Course. Semester II- Course. Semester III- Course **Semester IV-** Course, **Semester V-** Course, **Semester VI-** Course. Core Courses in the area of Accounting and Taxation, Project Report, Viva-Voce, Industrial Visit, Departmental Initiative- Certificate Course, Internship program, Extension Activity, Remedial Coaching, (4Hours)

Module 4.

Logistics: Definition - History and Evolution – Objectives – Elements – activities importance
- The work of logistics - Logistics interface with marketing - Retail logistics. (4Hours)

Module 5

Integrated Logistics Management, Logistics management Challenges
New trends In logistics (4Hours)

LOGISTICS MANAGEMENT

Outcome

After the completion of the Bridge Course BVoc Logistics Mangement, there was a significant progress in the students.

**PG DEPARTMENT OF ENGLISH
EMEA COLLEGE OF ARTS & SCIENCE KONDOTTY**

BRIDGE COURSE REPORT

FIRST SEMESTER BA ENGLISH 2021-2022

The PG department of English is established to uplift the students into social scenario by improving their communication skills and other interpersonal skills. Department and faculties are well aware of the requirement of students and their hurdles, probably facing when they enter to a new system. Most of the students are from poor social background and from Malayalam medium school. This programme helps the students to learn and relearn English language for effective communication. This course intends to help students to get over their hesitation and pick up confidence. Evaluation test after the bridge course assesses the progress of the students. Thus, Bridge course proves to be the best opportunity for the students to adapt themselves to the new academic and social environment.

Objectives of the course

- Provide a rationale for literature and literary studies as a discipline of study.
- Introduce the students to the many forms and genres of literature.
- Sensitize them to the tool of reading literary text with a particular focus on their historical, cultural, discursive and aesthetics matrix.
- Establish a sense of literary tradition.
- Provide introductory training in writing and speaking.

Course Duration

Course duration is 5 hours and it is decided to take from core paper hours. Proficient teachers are assigned to deliver each module.

Eligibility

All students who are admitted to BA English programme are eligible to attend the classes.

Syllabus

Module 1: Outline of the BA English programme

Module 2: Essential English (Basic grammar)

Module 3: History & Development of English Literature

Module 4: Literary Genres

Module 5: An Overview of Literary Theory

Course Outcome

- Intends to make the students aware of the university system of study, examination and evaluation.
- Helps students to equip with minimum requirements before switch on to the programme.
- Greater sensitization towards the role of historical, cultural and socio-political forces in the production of literary text.
- To acquaint the students with different literary theories.
- Patches up their difficulties in Basic English both written and spoken.

The PG Department of English conducted Bridge course for newly admitted BA English programme students from 15/11/2021 to 19/11/2021. Roy PP, Head of the Department of English, inaugurated the course and ignited the young minds with his interactive session. Entry and Achievement tests were conducted to assess the progress and language capability of the students. Around 63 students reaped the benefit of the course. The five-day course was exclusively conducted for the students with the objective to develop their confidence and proficiency in the use of English Language. Achievement test was conducted on 23rd November.

Session 1

Module 1: Outline of the BA English programme

An outline of the BA English programme was given by Roy PP, Head of the Department. In this session, he provided a sheer analysis of the whole programme especially attendance, evaluation and the syllabus.

Session 2

Module 2: Essential English (Basic grammar)

Irfana Parveen, Assistant Professor, Department of English handled the second session. This session enhanced the previous knowledge of the students with basic elements of grammar. It was a platform to know and recall many facts in grammar. She pointed out the common errors committed in English language. This session focused elaborately the rules and usages of tenses with its types.

Session 3

Module 3: History & Development of English Literature

Abidha KP, Assistant Professor, Department of English dealt with the third session. She described the trajectory of English Literature upto present. All the important literary periods, writers and their works were discussed in this session.

Session 4

Module 4: Literary Genres

In this session, Faseela PA Assistant Professor, Department of English elucidated different literary genres of English literature. Poetry and its types, drama and fiction were detailed with examples. This session urged students to read more literary works and recommended a few books to read and analyze themselves.

Session 5

Module 5: An Overview of Literary Theory

Abdul Jaleel M. Assistant Professor, Department of English directed this session and provided an overview of literary theory and its practices. He taught the students how to critically analyse a book and a movie based on the theory learned.

DEPARTMENT OF BUSINESS ADMINISTRATION

BRIDGE COURSE DETAILS

NAME OF COURSE	BASICS OF ACCOUNTING AND MANAGEMENT
DURATION OF THE COURSE	7 HOURS
COURSE SCHEDULE	15.11.2021 - 23.11.2021 (MONDAY - TUESDAY)
TOTAL PARTICIPANTS	52 STUDENTS
NAME OF FACULTY	ASIF. N

BASICS OF ACCOUNTING & MANAGEMENT

The department offers a bridge course in Basic Accountancy for non-commerce background students. The main objective of this course is to bring non-commerce students at par with those who had accounts in 12th standard. This will help non-commerce students to have a basic understanding of the accounting concepts before their regular classes begin. This course enables the study of basic accounts and applying them to business theory in general. It aims to provide the accounting foundations necessary for business, and finance. It will help in mastering basic concepts of financial and business accounting.

Bridge courses are a tool to help students succeed in their graduate level studies. Faculty of Business Administration has conducted bridge course for newly enrolled students of BBA programs. Students who take admission to BBA program from other streams are required to enroll themselves for bridge course to strengthen and refresh some of the core competencies required. Faculty of Business Administration organized one bridge course during academic year **2020-21**, **52** students attended the bridge course, and induction was given on core subjects like accountancy, Management etc.

Basics of Accounting and Management

Objectives:

- **The bridge course aims to act as buffer for the new entrants with an objective to provide adequate time for the transition to hardcore of degree course.**
- **To bring non-commerce students at par with those who had accounts in 12th standard.**
- **To prepare themselves before the one set of courses for first year Degree programs.**
- **Discus and apply fundamental accounting concepts, Principle and convention.**
- **It enables the study of basic accounts and applying them to business theory in general.**

Syllabus

1. Introduction (1 hour)

Meaning – Definition – Features - Scope & Objectives of Accounting - Basic Terminology of Accounting.

2. Books of Original Entry (2 hours)

Journal - Subsidiary books - Ledger - Trial Balance

3. Accounting Cycle (1 hour)

Transaction – Journal – Ledger - Trial Balance - Profit & Loss Account - Trading Account & Balance sheet.

4. Trial Balance and Final Accounts (2 hours)

Classification of Capital and Revenue Transactions - Final Accounts with Adjustments - Adjusted Trial Balance.

5. Functions of Management (1 hour)

DEPARTMENT OF BIOCHEMISTRY

EMEA College of Arts and Science, Kondotty

Bridge course report 2021-22

The bridge course was conducted in I Semester Biochemistry Lecture Hall, from 9/11/21 to 15/11/21. Dr. T. Krishnakumar, Rajesh TK, Zaheera banu NK, and Sulfikar Ali.M engaged the classes. The entire course was covered in five lecture hours. 34 Students participated in the course. In connection with the bridge course the students were taken to practical laboratory to explain the use and the basic principle of different instruments in the lab.

OBJECTIVES:

To understand about UG Programme

To reduce gap in their academics

To aware the student about rules and regulations of the college

To aware opportunities

OUT COME:

Bridge course enabled the students for better and easy understanding of the courses in their UG programme. Since the students have relatively less knowledge in biochemistry associated fields, the course has helped them minimize the lag period in their academics. It also enabled them to learn different ICT methodologies which are employed by the department.

SYLLABUS:

College campus

- ❖ A brief introduction regarding the college and the university system (Giving thrust to exams and attendance patters
- ❖ College/University rules
- ❖ Departments in college
- ❖ Facilities in the department.
- ❖ Internal grading pattern
- ❖ IQAC & NAAC
- ❖ Clubs in the college
- ❖ New ICT methodology like Edmodo, Google Class room, Moodle etc..

Brief introduction of the programme syllabus

- ❖ Structure and function of cellular components such as proteins, carbohydrates, lipids, nucleic acids and other biomolecules.
- ❖ Separation of Biomolecule and its importance
- ❖ Molecular interaction
- ❖ Biochemistry of the cell metabolism and endocrine system
- ❖ Structure and function of cellular components- Cell membrane, cell transport, cell- cell interaction, genetics
- ❖ Physiological aspects of biochemistry and nutritional requirements in humans
- ❖ Study of enzymes
- ❖ Molecular Biology- Study of DNA RNA protein synthesis etc.
- ❖ Clinical aspects of Biochemistry
- ❖ Plant Biochemistry and significance of secondary metabolites
- ❖ General informatics and Bioinformatics
- ❖ Drug designing
- ❖ Laboratory safety measures and rules
- ❖ Important journals in Biochemistry
- ❖ Research areas in biochemistry

Careers in Biochemistry

- ❖ Medicine and health
- ❖ Drug manufacture and design
- ❖ Agriculture and related industries
- ❖ Forensic science
- ❖ Professional schools and colleges, Universities
- ❖ Other industries Chemical and Biological industries

EXAMINATION DETAILS:

QUESTION PAPER:

BRIDGE COURSE TEST PAPER 2021-2022

Department of Biochemistry

Total marks :10

1. Starch is made up of

- a) Glucose
- b) Protein
- c) Fat
- d) DNA

2. Identify the molecule which transport oxygen in mammalian system

- a) Chlorophyll
- b) Hemoglobin
- c) Pheromones
- d) Collagen

3. Find the organelle which is known as power house of the cell

- a) Nucleus
- b) Mitochondria
- c) Golgi Apparatus
- d) Plasmalemma

4. Identify neutral pH

- a) 7
- b) 14
- c) 10
- d) 4

5. Which among these is a biomolecule?

- a) Calcium Chloride
- b) Naphthalene
- c) Protein
- d) Ferric Chloride

6. Chlorophyll is a pigment that absorbs light energy

- a) True
- b) False

7. Rickets is due to the deficiency of

- a) Vit D
- b) Vit C
- c) Vit E
- d) Vit A

8. Lysosome is also known as

- a) Magic Bag
- b) Suicide Bag
- c) Powerhouse
- d) Killer Sac

9. Energy Currency of Life

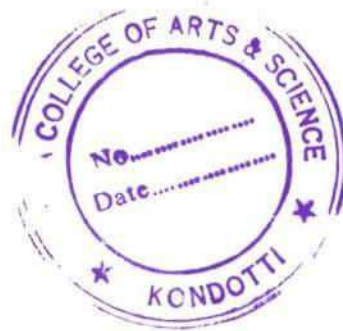

- a) IMP
- b) ATP
- c) Current
- d) Bitcoin

10. Watson and Crick Proposed the Model of

- a) Protein
- b) Skeleton
- c) DNA
- d) Cholesterol

PRINCIPAL
EMEA COLLEGE OF ARTS
& SCIENCE, KONDOTTY
MALAPPURAM DT. 673 638.

Course Name: Bridge course for B.com Computer Application and Cooperation 2021-2022

The Duration of Study: **32 Hours and** shall be During the First Week of the Academic Year.

Eligibility: All First Year B.com Students

Objectives:

- Give students the confidence and skills to successfully transition to college and new curriculum.
- To enable the students to acquire knowledge about Bachelor of Commerce
- To equip the students with Skill of Doing Bachelor of Commerce

Methodology

A Curriculum is framed separately in each of the subjects of commerce, English, Universities Regulations and Department initiatives for Bridge Course. During the first Two week after the commencement of the classes, the bridge course curriculum is delivered to the students in B. Com Computer Application and B.com Cooperation. A post bridge course test is conducted after the completion of bridge course syllabus to assess the ability of student's suggestions are given to students for improvisation.

Bridge course for B.com Computer Application and Cooperation 2021-2022

PROGRAMME STRUCTURE

Transition from school to college life is one of the most challenging events in a students' life. When new students enter an institution, they come with diverse thoughts, backgrounds and preparations. They come into a new unfamiliar environment, and many of them have little knowledge of college and University. An important task, therefore, is to welcome new students to Higher Education and prepare them for their new role. All new Commerce students who come with aspiring dreams will be provided Two Week (32 Hours) Bridge Course conducted by the faculty members to familiarize them to the new environment and encourage them to look beyond classrooms. These classes are conducted during the beginning of the Semester for the Commerce subjects, Basic English, Gender Equity Program, University B.com Regulations and Department Initiative

SI No	Course Contents	Hours(32)
1	B.com Regulation and Details	4
2	University B.com Exam System and Internal Assessment	3
3	Curriculum and Department Initiative	4
4	Course Structure and E-Learning Tools	3
5	APC & Internal Marks	4

7	Library and References	3
8	Scholarship and Financial Aid	3
9	Introduction to commerce subjects &Basic English	5

Bridge course for B.com Computer Application and Cooperation 2021-2022

Details of Syllabus: - Total 32 Hours

Module 1.

B.com Regulation and Details :-Title - Regulations for Choice Based Credit and Semester System for Under Graduate Curriculum 2019 (CBCSSUG 2019), B.com Programme, Duration of programme, 'Academic Week', Semester, Course-Common course, Core course, Open course, Complementary course, Ability Enhancement course/Audit course. Department Co-ordinator, Faculty Adviser, Credit '(C), Extra Credit, Grade, Grade point ' (G), Semester Grade Point Average' (SGPA), Cumulative Grade Point Average' (CGPA), Grade Card, Strike off the roll, Attendance, Grace Marks, Project

Module 2.

University B.com Exam System and Internal Assessment:-Exam Registration, Internal Assessment, External Evaluation- Scheme of Examinations, pass conditions, Revaluation, Evaluation of Audit courses, Calicut university social service programme (CUSSP), Award of degree, Additional Degree:

Module 3.

Curriculum and Department Initiative: - Semester I- Course. Semester II- Course. Semester III- Course **Semester IV-** Course, **Semester V-** Course, **Semester VI-** Course. Core Courses in the area of Specialization: Co - operation, Computer Applications, Project Report, Viva-Voce, Industrial Visit, Departmental Initiative-Certificate Course, Internship program, Extension Activity, Remedial Coaching, SSP, WWS, Woman Cell, Club And Association, College Election, Sports And Cultural Activities.

Module 4.

Gender Equity and Grievances Mechanism, Anti Ragging System, Library and References, Scholarship and Financial Aid, E-Learning Tools -MOODLE, MOOC, SWAYAM, NPTEL Google Meet, ZOOM Meet and Micro soft Team, ETC

Module 5: - Introduction to commerce subject and Basic English: - Basics of Accounting, Ratio Analysis and Costing. Basic Concepts Computer and Internet. Basic Concepts of Income Tax and GST. Basic Concepts of Banking and Insurance, Basic Concepts of Quantitative Techniques, Basic Concepts of Costing, Management Accounting, Cooperation and English

Outcome

After the completion of the Bridge Course B. Com Computer Application and B.com Cooperation, there was a significant progress in the students.

DEPARTMENT OF MICROBIOLOGY
EMEA COLLEGE OF ARTS AND SCIENCE
(Reaccredited with 'A' grade by NAAC)
KONDOTTI, MALAPPURAM (Dt) Kerala, Pin-673638

BRIDGE COURSE REPORT - 2021

conducted for the students enrolled in B.Sc. Microbiology course

PG Department of Microbiology, offers Bridge course for the first year BSc. Microbiology students. The five day Bridge course is been offered as a regular programme in every academic year. This programme helps the students to achieve general awareness about their subject, and also provides opportunity for the students to interact with the faculty members. Department of Microbiology conducted bridge course from dated 17th November to 23rd November in the academic year 2021-22. All the newly admitted students of 1st year have to complete the bridge course. The faculty members Dr. Shiji Thomas (head of the department) and Hasna K.P (first year adviser) handled the sessions.

The topics prescribed in the syllabus mainly emphasis on general introduction to the microbial world covering basic concepts and types of microorganisms. In the later section of syllabus, three important branches of microbiology viz. Medical, Industrial and Agricultural Microbiology is taught to create awareness about scope of microbiology. This course will be helpful to make student curious by providing and recommending them different reference books in Microbiology.

After the completion of all the sessions, an exam was conducted on 29/11/2021 to assess the students. A total of 20 questions were framed in Google form and 42 students attended the test. Among the 42 students attended, 13 excelled with full score and the rest got above 13marks.

Objectives of the Course:

- To make the learners aware about diversity of microorganisms
- To make the learners aware about scope of Microbiology
- To make the learners familiar with reference books in Microbiology
- To fill the gap of subject knowledge between higher secondary and undergraduate studies.

SYLLABUS

UNIT I (3hour): History of microbiology- Major events in the history of Microbiology, Contributions of the following scientists in various areas of Microbiology-Antony van Leeuwenhoek, Joseph Lister, Paul Ehrlich, Edward Jenner, Louis Pasteur, Robert Koch, Martinus W.Beijerinck, Sergei N. Winogradsky, Alexander Fleming, Selman A. Waksman.

UNIT II(1hour): Introduction to different branches of Microbiology-Applications involved in each branch.

UNIT III(1hour): Introduction to different forms of Microorganisms.

Course Outcome

Learners will develop interest in the subject of Microbiology and it will also be useful to fill the gap of subject knowledge between higher secondary and graduate studies.

Details of Sessions

Sl.no	Sessions	Faculty
1	Session 1: Unit 1	Dr. Shiji Thomas
2	Session 2: Unit 1	Hasna .K.P
3	Session 3: Unit 1	Dr. Shiji Thomas
4	Session 4: Unit 2	Hasna .K.P
5	Session 5: Unit 3	Dr. Shiji Thomas

Question paper for Bridge course examination 2021-2022

1. What discovery was crucial to the founding of the field of microbiology?
 - a. agglutination of bacteria in immune serum
 - b. isolation of lepers limiting the spread of infectious disease
 - c. the chemical composition of DNA, the genetic material
 - d. microscopes that allowed for the direct observation of microbes
2. Koch's postulates were
 - a. specific to anthrax and tuberculosis but don't apply to other diseases
 - b. designed to establish a casual relationship between a causative microbe and a disease
 - c. silk worm disease caused by protozoa
 - d. interpreted as many organisms could cause the same disease
3. Bacteriophages are
 - a. modified antibiotics that were used in the Soviet Union
 - b. viruses that attack and kill specific kinds of bacteria including antibiotic resistant bacteria
 - c. used to introduce genes in gene therapy
 - d. some of the genes in the human genome
4. The first person to use a microscope to observe living cells was
 - a. Robert Hooke
 - b. Matthias Schleiden
 - c. Anton van Leeuwenhoek
 - d. Louis Pasteur
5. A pure culture refers to
 - a. a culture which has never been used to inoculate a patient
 - b. a culture containing bacteria that all have the same shape
 - c. a culture which causes only a single disease
 - d. a culture which contains only a single type of organism
6. Edward Jenner is best known for what contribution to the developing field of microbiology?
 - a. disproving spontaneous generation
 - b. developing some of the earliest vaccines
 - c. controlling infections in patients
 - d. developing methods of obtaining pure cultures of microorganisms
7. Who first elucidated the structure of DNA
 - a. Hershey and Chase
 - b. Avery, McCarty and MacLeod
 - c. Watson and Crick
 - d. Tatum and Beadle
8. In prokaryotic cells, ribosomes are

- a. 70 S
 - b. 80 S
 - c. 60S + 40S
 - d. 50S + 40S
9. A difference between eukaryotic and prokaryotic cells is in having
- a. Ribosomes
 - b. Cell wall
 - c. Nuclear membrane
 - d. None of the above
10. Who coined the term microbiology
- a. Robert Hooke
 - b. Anton van Leeuwenhoek
 - c. Hershey and Chase
 - d. Louis Pasteur
11. Which of the following gene helps in identifying transformed cells?
- a. plasmid
 - b. selectable marker
 - c. structural gene
 - d. vector
12. Flagella in bacteria enable them to
- a. reproduce
 - b. locomotion
 - c. Thrive in nutrient agar
 - d. Adhere to tissue surfaces
13. Cocci means
- a. round
 - b. rod
 - c. coma
 - d. none of these
14. Causative agent of COVID 19
- a. SARS-CoV2
 - b. MERS-CoV
 - c. SARS-CoV
 - d. HCoV-NL63
15. Nitrogen fixation is the conversion of
- a. N₂ to N
 - b. N₂ to NH₃
 - c. N₂ to NO₃
 - d. N₂ to urea
16. Who discovered penicillin
- a. theoderSchwann
 - b. alexander fleming
 - c. louis pastuer
 - d. robert hook

17. All fungi are
 - a. autotrophs
 - b. saprophytes
 - c. parasites
 - d. heterotrophs
18. Yeast is unlike bacteria is being
 - a. unicellular
 - b. multicellular
 - c. prokaryotic
 - d. eukaryotic
19. Find the incorrect statement about plasmids
 - a. they are circular
 - b. they replicate independently
 - c. they are transferrable
 - d. they are single stranded
20. The purpose of swan-necked flasks that Louis Pasteur designed to disprove spontaneous generation is to
 - a. Allow the multiplication of microbes in the broth
 - b. Implicate the role of flies in the development of maggots on rotting meat
 - c. Pasteurize the meat broth
 - d. Trap the microbes and prevent them from reach in to broth

Add individual feedback

Questions 15 of 20 points

Subject _____ / 0

MICROBIOLOGY

Add individual feedback

✓ What discovery was crucial to the founding of the field of microbiology? * 1 / 1

agglutination of bacteria in immune serum

isolation of lepers limiting the spread of infectious disease

the chemical composition of DNA, the genetic material

microscopes that allowed for the direct observation of microbes

Add individual feedback

✓ Koch's postulates were *

1 / 1

specific to anthrax and tuberculosis but don't apply to other diseases

designed to establish a casual relationship between a causative microbe and a disease

c. designed to establish a casual relationship between a causative microbe and a disease.

interpreted as many organisms could cause the same disease

✓ Bacteriophages are *

1 / 1

modified antibiotics that were used in the Soviet Union

viruses that attack and kill specific kinds of bacteria including antibiotic resistant bacteria

used to introduce genes in gene therapy

some of the genes in the human genome

Add individual feedback

✗ The first person to use a microscope to observe living cells was *

0 / 1

Robert Hooke

Matthias Schleiden

Anton van Leeuwenhoek

Louis Pasteur

Louis Pasteur

Correct answer

Anton van Leeuwenhoek

Add individual feedback

✓ A pure culture refers to *

1 / 1

a culture which has never been used to inoculate a patient

a culture containing bacteria that all have the same shape

a culture which causes only a single disease

a culture which contains only a single type of organism ✓

Add individual feedback

✓ Edward Jenner is best known for what contribution to the developing field of microbiology? *

1 / 1

developing some of the earliest vaccines ✓

disproving spontaneous generation

controlling infections in patients

developing methods of obtaining pure cultures of microorganisms

Add individual feedback

✓ Who first elucidated the structure of DNA? *

1 / 1

Hershey and Chase

Avery, McCarty and MacLeod

Watson and Crick ✓

Tatum and Beadle

✓ In prokaryotic cells, ribosomes are *

1 / 1

70 S ✓

80 S

60S + 40S

50S + 40S

Add individual feedback

✓ A difference between eukaryotic and prokaryotic cells is in having *

1 / 1

Ribosomes

Cell wall

Nuclear membrane ✓

None of the above

✗ who coined the term microbiology *

0 / 1

Robert Hooke ✗

Option 5

Anton van Leeuwenhoek

Hershey and Chase

Louis Pasteur

Correct answer

Louis Pasteur

Add individual feedback

✗ Which of the following gene helps in identifying transformed cells? *

0 / 1

plasmid

selectable marker

structural gene

vector

Correct answer

plasmid

Add individual feedback

✓ Flagella in bacteria enable them to *

1 / 1

reproduce

locomotion

Thrive in nutrient agar

✓ cocci means *

1 / 1

round

rod

coma

none of these

Add individual feedback

✗ causative agent of COVID 19 *

0 / 1

SARS-CoV2

MERS-CoV

SARS-CoV

HCoV-NI 63

✓ cocci means *

1 / 1

round ✓

rod

coma

none of these

Add individual feedback

✗ causative agent of COVID 19 *

0 / 1

SARS-CoV2

MERS-CoV

SARS-CoV ✗

HCoV-NI 63

✓ Nitrogen fixation is the conversion of *

1 / 1

N₂ to N

N₂ to NH₃ ✓

N₂ to NO₃

N₂ to urea

Add individual feedback

✓ Who discovered penicillin *

1 / 1

theoder schwann

alexander fleming ✓

louis pastuer

robert hook

✓ Nitrogen fixation is the conversion of *

1 / 1

- N2 to N
- N2 to NH3
- N2 to NO3
- N2 to urea

Add individual feedback

✓ Who discovered penicillin *

1 / 1

- theoder schwann
- alexander fleming
- louis pastuer
- robert hook

✓ All fungi are *

1 / 1

- autotrophs
- saprophytes
- parasites
- heterotrophs

Feedback

heterotrophs

Add individual feedback

✘ Yeast is unlike bacteria is being *

0 / 1

- unicellular
- multicellular
- prokaryotic
- eukaryotic

✘

Correct answer

- eukaryotic

Add individual feedback

✔ The purpose of swan-necked flasks that Louis Pasteur designed to disprove spontaneous generation is to *

1 / 1

- Allow the multiplication of microbes in the broth
- Implicate the role of flies in the development of maggots on rotting meat
- Pasteurize the meat broth
- Trap the microbes and prevent them from reaching the broth

Webinar on
‘DATA COMMUNICATIONS AND NETWORKING
on 25/11/2021.

The Department of Computer Science organized a Webinar on ‘DATA COMMUNICATIONS AND NETWORKING’ on 25-11-21 via Zoom platform. Data communications is the process of using computing and communication technologies to transfer data from one place to another, or between participating parties. All in all, data communication allows businesses to reduce expenses and improve efficiency by sharing data and common equipment among many different computers. At the same time, the network may be connected through cables, telephone lines, infrared beams, which is cheaper and helps to reduce the expenses. The essential components of data communication are Message , Sender, Receiver, Transmission Medium , Set of rules (Protocol) .

The resource person, Dr. P.V Nidhin, Principal and Assistant Professor, Department of Physics, SAFA College of Arts and Science, Valanchery , explained all the technical aspects of the data communication technologies.

The resource person explained different uses and advantages of the communication technologies. He also highlighted the research aspects of the field and the invention of new fast and secured technologies. He explained the procedure in a simple manner because most of the participants were new to the technology. An intensive interactive session followed the lecture.

Principal Lt.Abdul Rasheed.P inaugurated the Webinar, Dr.Fazil, H.O.D, department of Physics presided, coordinator Dr.O.Jamsheela welcomed the gathering and student Raiba proposed a vote of thanks.

Seminar on 'DIGITAL MARKETING on 17/01/2022.

The Department of Computer Science organized a Seminar on 'DIGITAL MARKETING on 17/01/2022. Digital marketing is the component of marketing that uses the Internet and online based digital technologies such as computers, mobile phones and other digital media and platforms to promote products and services. The resource person, Arun Sebastian, who has 5 years of experience in the industry, explained all the aspects of the digital marketing.

The resource person explained various advantages and uses of the digital marketing He also highlighted the most popular products which have been introduced in this way. He explained that a targeted audience can be reached in a cost-effective and measurable way. He explained with some examples that the biggest advantage of the digital marketing over offline marketing is the ability to market goods and services globally. The disadvantages are also explained such as the high competition, dependability on technology, time consuming, Security and Privacy Issues etc.

The session was a hands-on training session. Participants have used the technology by using their mobile phones and laptops. It was an amazing informative session.

Principal Lt.Abdul Rasheed.P inaugurated the Seminar, Assistant Professor, Dr.O.Jamsheela welcomed the gathering and student Raiba proposed a vote of thanks.

“MEET YOUR OWN ALUMNI, DIG YOUR OWN PATH”.

The program is conducted to give guidance to the students how to face an interview. Our Alumni, they are already placed in different multinational companies, gave impressive talks and shared their experience during the interview. At last, they have an interactive session with the students to clear doubts about the working experiences, interview questions and all. The program was a big success and help the students learn a lot from their seniors.

Report of the program

This program was conducted on 21st February 2022 at Audio Visual Theatre of our college. This program was divided into two sessions, session I and Session II. The session I was inaugural ceremony in which the Co-ordinator of Alumni Association of the Department, Dr. Shamsudeen E welcomed the gathering and Dr. Riyad AM, HoD of the Department delivered the presidential address. The inaugural address was made by Lt. Abdul Rasheed P, Principal and Dr. Jamsheel O, Mr. Mohamed Jamshad K and Ms. Houlath K felicitated the function.

In session II the former students of our computer science department imparted the meaningful information regarding job and higher studies opportunities after the B.Sc. Computer Science. Mr. Ulsarudheen, Associate Consultant, Global Logic, Ms. Jasna K, Application Development Analyst, Accenture, Mr. Mohammed Haris P, Senior Systems Engineer, Trianz, Mr. Raess, Programmer, Tata Consultancy Services Ltd., and Mehroof K, Founder and CEO, Cedex Technologies shared their ideas and experiences with the students. A fruitful interaction with the current potential students of the department was there at the end of the program.

Webinar on ‘The Uses, Pros and Cons of Google Pay’ on 25/09/2021.

The IT Club organized a Webinar on ‘The Uses, Pros and Corns of Google Pay ’ by Muhammed Muzammil, 3rd Year student, Dept. of Computer Science, EMEA College, on 1501-21 via Zoom platform as an extension activity. The participants was the parents of the our students and other interesting people who are enthusiastic to know about the technology.

Muhammed Muzammil, one of our students in Computer Science department and also an NCC Cadet of the College was the resource person of the webinar.

The resource person explained different uses and advantages of the new technologies for online payments and money transfer especially Google Pay. Google Pay is a digital wallet platform and online payment system developed by Google to power in-app, online, and in-person contactless purchases on mobile devices, enabling users to make payments with Android phones, tablets, or watches. Google Pay is a digital wallet tied to your Google account. You can use it to send or request money with friends , use it in apps to pay for things and use it at a store or restaurant with an Android phone or watch running Wear OS.

He also highlighted the risk factor of the money transferring technologies. He explained the procedure in a simple manner because most of the participants were illiterate about using it. An intensive interactive session followed the lecture.

Principal Lt.Abdul Rasheed.P inaugurated the Webinar, H.O.D Mr.Riyad.A.M presided, coordinator Dr.O.Jamsheela welcomed the gathering and Ms.Haulath.K proposed a vote of thanks.

Seminar on 'MOBILE MARKETING on 18/01/2022.

The IT-CLUB, EMEA College, organized a Seminar on 'MOBILE MARKETING on 18/01/2022. Mobile marketing is a multi-channel online marketing technique focused at reaching a specific audience on their smartphones, feature phones, tablets, or any other related devices through websites, E-mail, SMS and MMS, social media, or mobile applications. The resource person, Ajith has 8 years of experience in the field, explained all the aspects of the Mobile marketing.

The resource person explained various advantages and uses of the MOBILE marketing. He also highlighted the most popular products which have been introduced in this way. He explained that a targeted audience can be reached in a cost-effective and measurable way. He explained with some examples that the main advantage of the mobile marketing is that Mobile marketing allows you to reach a highly targeted audience and have direct marketing communication with different customer groups as users generally have to opt-in to receive messages.

The session was a hands-on training session. Participants have used the technology by using their mobile phones connected to Wi-Fi network. It was an interactive and informative session.

Principal Lt. Abdul Rasheed.P inaugurated the Seminar, Coordinator, Dr.O.Jamsheela welcomed the gathering and student Raiba proposed a vote of thanks.

REPORT

SESSION WISE

DAY 1

SESSION 1

DATE: 3-01-2022

TIME: 9:00 AM

TOPIC: Marriage-Historical, Social, Religious perspectives

Function of marriage

Resource Person: Ms Hajara.

REPORT

On 3rd January 2022 at Kondotty, EMEA college counselling centre in association with minority welfare department, government of Kerala, conducted a premarital counselling certified programme in the campus. The session started at 9 a.m with an inauguration ceremony. C.T FathimathSuhrabi, chairperson of Kondotty Municipality, inaugurated the session. N K Zaheera Banu, assistant professor and coordinator of counselling centre delivered the welcome speech. Mr mohammed Najeeb, Associate professor in Economics, delivered the presidential address. Mr Abdurazaque and Ms Haulath K felicitated. The student coordinator Shazshahul delivered the vote of thanks. In the four-day long counselling sessions, topics discussed include marriage, in-law relationship, legal aspects of marriage, husband-wife relationship, family relationship and social issues, budgeting and so on. The upcoming session was handled by Ms Hajara. More than 80 students were present in the session. The resource person made student aware on the importance of maintaining a successful marital relationship and the significance of getting pre-marital counselling. "marriage is a lifelong journey two souls becoming one" like wise the resource persons entered many thoughts into student's mind. The historical, social and religious perspectives of marriage were unravelled. The session was lively and they

assured involvement of each and every one. Students were free to ask any doubts and to share their feedbacks

SESSION 2

DATE: 3-01-2022

TIME: 1:30 PM

TOPIC: Husband wife relationship- male female differences- quality time-social media

Resource Person: Ms Munshida.

The second session was handled by Ms Munshida, member of minority welfare department, on the topic husband-wife relationship and quality time in social media. The programme mainly dealt with husband wife relationship. She told that it is crucial for long lasting happiness in one's life. It is all about love and companionship. The smooth running husband-wife relationship is important in marital relationship. The session was made lively through games and role plays. Role plays were conducted by dividing students into eight groups and they performed different situations in marital life. Resource person made sure that the students are lively and interactive throughout the class. Towards the end of the session a question-answer session was put forward where students clarified their doubts and raised questions regarding the topic. They also gave their feedbacks on the entire day. Students were provided with refreshments and the session ended by 4:30 pm.

DAY 2

SESSION 1

DATE: 4-01-2022

TIME: 9:30 AM

TOPIC: SEXUAL LIFE- PREGNANCY-REPRODUCTIVE HEALTH

E AND OTHER RELATIONS

Resource Person: Dr Zeyana

On the second day of premarital class, the morning session was assigned to doctor and psychologist Zeyana to converse about sexual life, pregnancy and reproductive health. A total of 91 students were present in the session. The resource person explained very well the male-female difference between anatomy. She also gave an outlook on how an individual reaches puberty and the key characteristics were enlisted. she also discussed about the sexual life in marriage and the relevance of different contraceptive methods. The stages of pregnancy and maturation of baby were explained very well. Students were given opportunities to clarify their doubts, were they raised very appreciating and relevant questions. Moreover, the session gave students an insight about importance of sexual life to maintain a healthy marriage. The session ended with a feedback from the students by 12.30 p.m

DAY 2

SESSION 2

DATE: 4-01-2022

TIME: 1:30 PM

TOPIC : CONFLICT RESOLUTION AND LEGAL ASPECTS OF MARRIAGE

Resource Person : Adv. Mubashir Kundoor

The session was handled by Adv. Mubashir Kundoor who is a lawyer, counsellor as well as a trainer. He dealt with the topics conflict resolution and legal aspects of marriage. He started with the introductory topic; the conditions of valid marriage with respect to different religion based laws. The session was rich in information about the restitution of conjugal rights. He also focused on the topic 'grounds for judicial separation'. Throughout the session he described the relevance of marriage and marriage acts of different religion like Hindu marriage act, Christian marriage act and Muslim marital laws. Later he even putforward a discussion on dowry and dowry prohibition Act. The topic ended up with a talk on the modern trends in marital laws. The

resource person also gave a detailed idea on various conflicts that arises in marital life and the different mode used to resolve the issues. The whole session was information loaded regarding many laws related to marriage. Many students made use of the opportunity and made the session interactive. Students were provided with refreshments at the end of the session. The session ended at 4:30pm.

DAY 3

SESSION 1

DATE: 5-01-2022

TIME: 9:30 AM

TOPIC : Marriage and other relationships

Resource Person : Ms Sameera Shibu

The third day of pre-marital counselling started at 9:30am by a session on marriage and other relations by Mrs.Sameera Shibu, a psychologist. She mainly discussed about value of communication in marriage and other relationship with in-laws. She gave many instructions for improving the effectiveness of communication in relations. She also discussed about the responsibility, challenges and problems faced by the spouses in many situations of their life. Marriage is always more than mere union of two persons but of two families. Keeping this idea, the resource person explained the importance of maintaining a healthy, fruitful relationship with the family members. She made the class lively by engaging students in role play and other relevant games and clearing doubts. At the end of the session students were given feedbacks on the class and the session ended at 12.30 pm.

SESSION 2

DATE: 5-01-2022

TIME: 1:30 PM

TOPIC: Home management and family budgeting

Resource Person: Muhammed Fasal Pullat

The second session started at 1:30 pm. It was on the topic 'home management and family budgeting' by Muhammed Fasal Pullat. A financial source and its management are essential for smooth running family. A clear picture on home expense management and balanced family budgeting was given by the resource person. Planning and plotting are important for financial management. The class was interesting and gave opportunity to learn the ways to ensure financial security and the general maintenance of home expense through group activity. The speaker provides the insight and understanding regarding the key concepts in spending money wisely. He discussed the practical steps in planning budget and necessity to focus on savings to meet objectives and plan for the future to ensure economic security. He stated that money management is about meeting expenses, setting aside money for emergencies and savings. After the session, students cleared their doubts and gave feedback. The session ended at 4.30 pm

DAY 4

SESSION 1

DATE: 6-01-2022

TIME: 9:30 AM

TOPIC: Parenting infancy and early childhood

Resource Person: C P Ashraf

REPORT

On fourth day of premarital counselling the session started at 9:30 am. by Dr. C P Ashraf on the topic parenting. The topic dealt with pre-conception parenting infancy and early childhood which was lively and interesting. He talked about expected pregnancy, unexpected pregnancy, and illegal pregnancy. Attitude towards the foetus must be positive. Then he explained pregnancy in detail and importance of having aware of it. As it is important to make emotional state of mother positive during pregnancy because adrenaline hormone increases during

pregnancy and affect the foetus. He also discussed about the health maintenance during pregnancy period. During pregnancy adopting healthy eating habits, taking care of herself, taking care of the baby in womb, following good exercise routine, avoiding stress are very important.

DAY 4

SESSION 2

DATE: 6-01-2022

TIME: 1:30 PM

TOPIC: Family life and social problems

Resource Person: Mr Abdul Nazar

REPORT

The resource person of this session was Mr Abdul Nazar who dealt with the topic family life and social problems. He discussed mainly about current issues seen in the society such as dowry, smoking, alcohol, social media, drug, addiction, domestic violence, internet addiction, lack of communication extra marital relationship, health issues and so on. As the structure of family changes on time, so do the challenges families face. Mr. Samad discussed both merits and demerits of each of the above topic in general. Most of the addiction mobile phone, smoking are dangerously affecting in family relations. He also discussed about certain issues as examples regarding these topics. Then he talked about the source of frustration for wife. He explained in detailed about the social problems which affect the family resolution for it.

Syllabus

Workshop in premarital counseling

Restoration of Ecosystem and Laterite Habitat

‘WORLD ENVIRONMENT DAY-2021 CELEBRATION’

June 5 2021

Time. 11AM

Platform: Google Meet

RESOURCE PERSON

Dr. C. Pramod,
Assistant professor,
Department of Botany, University of Calicut

DEPARTMENT OF BIOTECHNOLOGY

EMEA COLLEGE OF ARTS AND SCIENCE

(Reaccredited with ‘A’ grade by NAAC)

KONDOTTI, MALAPPURAM (Dt) Kerala, Pin-673638

PREAMBLE:

‘Environmental day’s is an annual event celebrated around the world on June 5 to demonstrate the support for Environmental protection. This year’s theme for the Environmental day 2021 is “Ecosystem Restoration”. To commemorate this event Department of Biotechnology, EMEA College of Arts and Science, Kondotti in association with IQAC organised a webinar using the virtual platform Google Meet on 5 June 2021.

Dr.Mashhoor K professor Head, Department Of Biotechnology organised the webinar and Dr. Somysoman ,Faculty, Department of Biotechnology acted as the co-ordinator and Ms. ShillyDas. A and Ms. Rameesa. K were the convenor of the programme. Dr.C. Pramod, Assistant Professor, Department of Botany, University of Calicut was invited as the Resource Person for the webinar. A link was created half an hour before through the Google meet..The webinar commenced by 11.00 am as Dr. Mashhoor. K, HOD delivered the welcome speech. The session was inaugurated by Professor PM. Abdurazaque, IQAC Coordinator, EMEA College. He inaugurated with his opening remarks on the value and protection of ecosystem and appreciated the Department for organising a webinar with an eminent resource person. The webinar came to an end by 1.00 PM with the vote of thanks by Dr. Somy soman. Almost some 92 persons participated in the webinar including the students and faculties of our college and outside the college.

RESOURCE PERSON:

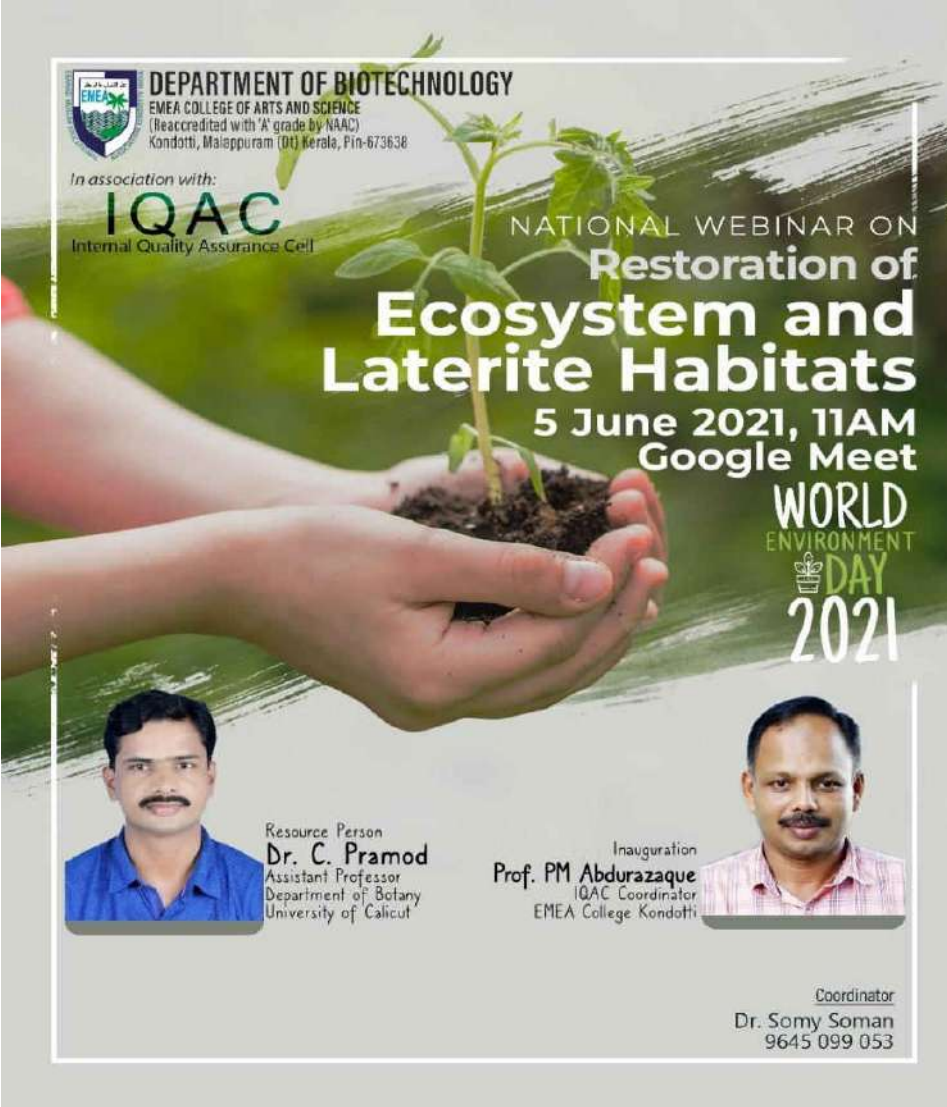

The speaker of the day was Dr. C. Pramod, Assistant Professor, Department of Botany, University of Calicut. He had his post-graduation in plant science and he specialized in Angiosperm Taxonomy and logistics. He had his doctorate in the floristic and Ecological studies in Madayippara patriotic plateau of North kerala. He is also a proud member of many professional bodies like FIAT, IAAT and also a life member of indian Botany society. He has adyanamic work experience and around some 26 publications to his credit in National and International journals. He has an articulate research experience and ongoing projects associated with the Ecosystem and its protection.

PROCEEDINGS:

Dr. C.Pramod started his speech highlighting the theme of the Environmental day 2021 on reimagine, recreate, and restore. He also focused on the key elements of nature and also explained on the climatic changes planet faces due to human activities. And also shared his experiences on the future of mankind and the planet. He also mentioned on the holistic

approach of Indians on nature for its protection. It was easy for the participants to relate his explanation when he came with live examples of our living surrounding now and then projecting photographs of the flora and fauna of the particular ecosystem and its changes and its extinction. He could make a mark in the mind of the audience on the importance of nature with his simple way of explanation. Altogether it was an awesome experience hearing him. Last 45 minutes proved to be more worthy with the question-and-answer session. The participants were really satisfied with the seminar and asked for more webinar to be organize during this pandemic.

**Official Launching
Of
Team 'Koodeyund'
Dealing with trauma of Covid and related issues**

With COVID-19 being declared a pandemic and with more and more people being affected directly or indirectly, there is a need to provide psychological first aid to relieve the distress of students and prevent them from developing more serious mental health issues. It is expected for affected (both directly and indirectly) individuals to feel stressed and worried. Some of these fears and behaviours are realistic, while many are just borne out of lack of knowledge, rumours and misinformation. Steps are needed to prevent social stigma and discrimination associated with COVID-19.

Under Counseling centre, E.M.E.A College of Arts and Science built a team of teachers and trained them to help students to deal with trauma of Covid and related issues. Lt Abdul Rasheed P and N. K. Zaheera Banu were selected as the coordinators.

The team members are enlisted below:

1. Mr Firoz K.T.
2. Dr Mashhoor K
3. Mr Hussain
4. Dr Jamsheela
5. Mrs Abidha
6. Mr Yunus P
7. Mr Shihabudheen P
8. Mr Rafeeqali Mundodan
9. Dr Somy Soman
10. Mr Ashiq Sulthan
11. Mr Althaf
12. Mrs Ashitha Sanuj
13. Mrs Aneesath
14. Mrs Irfana Parveen
15. Mr Mohammed Shafi

Two master training sessions were conducted on 30 May 2021 and 07 June 2021. The sessions were handled by Mr Shafi Kalathingal, Psychologist and Assistant Professor, E.M.E.A Training College.

On 5th July 2021, Koodeyund was officially launched by Jb P. K. Basheer MLA , General Secretary, E.M.E.A College through Google Meet. He emphasized on the importance and relevance of this initiation. The poster and helpline number to be distributed were also launched.

Welcome address and detailed picture on the working of the team was presented by Lt Abdul Rasheed P. Dr Ibrahim Cholakkal delivered the principal address and Mr P. M Abdulrazaque gave the felicitation. Ms N. K. Zaheera Banu presented the vote of thanks.

WEBINAR ON FINANCIAL AWARENESS PROGRAM (FAP2K21)

Report of One Day Online Financial Awareness Program 2021

Organized By
Commerce Club
PG Department of Commerce
07th JUNE 2021

About the Programme FAP2K21

APEX ACADEMY in association with Commerce Club and Post Graduate Department of Commerce, EMEA College of Arts & Science, Kondotty is organised one day webinar SAP workshop on 07th June, 2021, Monday, at 03.00 PM. The programme is a Commerce Club initiative in Student development & Career Advancement. The program intends to help the financial literacy for students are an important tool to improve the financial capability of our youth and communities. Students should be taught how to handle money both at home and in school. This will help reduce the economic impact of the long-term recession that now grips many communities across the

Commerce Club and PG Department of Commerce, EMEA College of Arts & Science Kondotty, has successfully completed the One Day financial awareness program. It was a Commerce club sponsored program to provide a better understanding about “Start by teaching them about budgeting and managing expenses. Explain how credit works, why it's important, and how to use credit cards responsibly. Stress the importance of saving, and introduce the basic ways to invest money.”

Second year and Final year Degree students of the EMEA, college students participated actively.

About The Commerce Club

The commerce club is one of the earliest clubs of EMEA College of Arts and Science, Kondotty, constituted in the year 2004-05, the main objectives of the club is to build up a common platform for the overall development of commerce students of this college. The organizers hope to open up the vistas of activities to nearby colleges also. Commerce' Club strives to make the students to go beyond the classroom learning and to think ingeniously to confidently face the ever changing demands of the commercial world and to prove themselves as the best business leaders.'

About The Department – PG Department of Commerce

Department of commerce is one of the earliest Department of the college which came in to existence along with the college in 1982. the first course of the department is Pre Degree Fourth group(Commerce). Later on in 1993, B.Com Degree courses were started.

PG Department of commerce is the largest Department in the college with two under graduate programmes (co-operation and Computer Application) and one post graduate programme (M.Com with Finance).

Online Workshop on FLUTTER on 12/06/2021

An Online Workshop on FLUTTER SDK conducted by Mohammed Roshan C, software engineer, on 12/06/2021

The IT CLUB and the department of Computer Science conducted an online workshop on "FLUTTER " with AVODA E-Learning Platform on 12/06/2021. Flutter is an open-source UI software development kit created by Google. It is used to develop cross platform applications for Android, iOS, Linux, Mac, Windows, Google Fuchsia, and the web from a single codebase. The program was successfully handled by the excellent and experienced resource person Mohammed Roshan C. The session covered almost all developing skills of FLUTTER. All the Computer Science actively participated the workshop. The workshop was conducted in online mode and supported with online discussions. The learners' participation was encouraged in discussions, activity and program involvement. At the end of the workshop, the participants were expected to understand the basics of FLUTTER. The aim of the workshop was to enable them to introduce the Flutter software development kit to create beautiful and faster Apps. There were more than 85 participants including students and teachers.

Ms. Jyotsna, Head, Department of Biotechnology delivered the vote of thanks.

Description of course content delivered in the webinar:

The speaker Smt. Annamma John presented the key note address on several key areas including forensic psychology, forensic toxicology, cybercrime, and ballistics and the diverse range of opportunities and applications of forensic sciences. The seminar also highlighted technological advancements that have aided the field of forensic investigation and deduction. The seminar specified insight on the importance of this field while addressing some crucial issues associated with investigation and crime scene analyses. She explained about finger prints, DNA and different types of evidence that can be pulled to solve a crime. She explained a broad range of forensic related topics and prepare them for careers in a variety of settings. It was more informative and need of the hour. The interactive session was healthy through this session students are exploring the possibilities of becoming a Forensic scientist or crime scene investigator.

Key role: The program was started with the introductory remarks of Ibrahim PA (Assistant Professor, Department of Commerce, EMEA College of Arts and Science, Kondotty) on the recent changes in accosting policies on the eve of covid surge. The session chaired by Dr Sreesha CH, (HOD, Department of Commerce, PSMO College of Arts and Science, Tirurangadi), Dr. Sreesha was invited the key note speaker.

Dr. Kaneez fathima (Associate Professor, Department of Accounting, University of Nizwa, Sultanate of Oman) was disseminated the key themes and conveyed the core of the subject, **Impact of Culture on Accounting Practices**. Dr Kaneez, described the context of culture on accosting practices through literature evidences as well as the country specific contexts. Dr. kaneez was in the arguments of positive association of culture and accosting practices. The key note speaker strated the discussion by clarifying what, how determine the culture of an organization

The brief summary of Dr. Kaneez is as follows According to research findings, the evolution of accounting is affected by different environmental factors, of which culture is the most important. The effects of cultural, institutional and societal practices on accounting are growing sub-field in accounting theory. The seminal work in the field of how the cultural influence on accounting practices is Hofstede, 1984, followed by Gray's model 1988, further clarified how accounting values corroborate with culture

value. Dr. Kaneez emphasized the influence of organizational culture over the accountancy in general and over the accounting policies chosen by the organizations in particular. The speaker was also shared the Iranian context how culture impacted on accounting practices of Iran. Regarding the turn of Covid on Accounting practices, After the Covid-19 pandemic outbreak spread throughout the world, there are no economies left in the whole world unless declared negatively affected by this virus.

Covid obliterated the transportation sector a while, followed by the tourism and hotel sector. Later it severely impacted in all sectors. According to IAS 10 of the International Accounting Standards, economic units are required to disclose in the Clause of Clarification events after the financial statement preparation period for every possible future impact as a result of the Covid-19 outbreak. Dr Kaneez highlighted several aspects that need to be considered related to the impact of Covid-19 on accounting, namely (1) Financial reports, (2) Continuity, (3) Financial Instruments, (4) Impairment of Asset Value (5)) Lease Contracts, (6) Measuring Fair Value, (7) Evaluating Corona Incidents After the Reporting Period, and (8) Fixed Costs and Coverage of Problems.

The session was ended with concluding remarks of the chair and the open Q&A on the key note speech. The chair's conclusions were also corroborated with theme of key note speaker. The session officially wined with the vote of thanks of Munavvar Jasim PK Member, organizing committee.

Resource Person Profile

02 July 2021 - 02.00 pm

Session 3

*Revisiting Sources of
Innovation in a Post
COVID-19 Business World*

Event 3:

Sub theme: Revisiting sources of Innovation in a Post Covid-19 Business World

Date and Time: 2 July 2021(Friday); 2PM(IST)

On mic: Rafeeqe Ali M (Introductory Remarks)

Dr: Mudassir Mohammed (Key Note Speaker)

Dr. (Chair of the Session)

Key role: the program was started with the introductory remarks of Rafeeqe Ali M (Assistant Professor, Department of Commerce, EMEA College of Arts and Science, Kondotty) on the new innovation trend in business community during Covid 19. The session chaired by Dr Vinesh Ottuparammal (HOD, Department of Commerce, Government College of Arts and Science, Kondotty), in his chair speech Dr. Vinesh was brief out the topic and invited the key note speaker for detailed discussion of the topic.

Dr: Mudassir Mohammed, (Assistant Professor, University of Technology, Sultanate of Oman) was started the discussion by demonstrating the innovations happened in the medical industries, Dr. Mudassir was in the arguments of, Covid 19 and its surge was given new phase for innovation to entities working in medical sector. Many medical types of equipment, including mask, health care and related products have been available in the market with new style and faces. Further, the key note speaker extend the innovative initiatives happened in the other sector, wide use of digital payments, wide application home delivery system, new packages and terms , which are derived as the survival of the business particularly in hotel industries. Similarly the work arrangement, work form the home is the buzz word in the pandemic. The speaker also showed the possible chances of to continue, the term work form home, in post covid time too.

But on the flipside, Dr Mudassir also pointed the challenges which the face during the covid, due to uncertainty still prevail, many firms were failed to recovery or innovate its operation as result the firms are disappeared from the picture. The core of his speech was, in post covid, the phases of the business would be changed, the working style, operation system and the communication arrangements both internal and external would drastically different as of pre covid 19. Hence to retain or to continue the firm some sort of innovation which public is highly preferable is needed.

The chair of the session was also affirmed the points delivered by the guest. The program was ended with the vote of thanks of Faseela N K member, organizing committee.

Session 4

**Entrepreneurship and
Small Business :
Prospects & Challenges**

Event 4:

Sub theme: Entrepreneurship and Small Business: Prospects and Challenges

Date and Time 3-07-2021 (Saturday) @ 2PM (IST)

On mic: Aneesath M (Introductory Remarks)

Dr: C P Ayoob (Key Note Speaker)

Dr. Dhanya (Chair of the Session)

Key role: the program was began with the introductory remarks of the Aneesath M ((Assistant Professor, Department of Commerce, EMEA College of Arts and Science, Kondotty) followed with the chair speech of Dr. Danya (Assistant Professor, Department of Commerce, AMAL College of Advanced Studies, Nilambur). The discussion of the day was the most vulnerable sector of the economy due to covid i.e. how the Covid and followed restrictions reshaped the small business segment.

Dr. C P Ayoob, Former Principal, EMEA College of Arts and Science Kondotty, was the key note speaker, the speech was worth with contents and cross sectional discussion of the Covid and followed restriction, and how they impacted the small business segment. Guest started the speech by providing an overall picture world economy in after emerge of the covid. Dr Ayoob kept high precaution in providing most updated information from authentic sources including UNCTAD, WTO, IMF etc. The core of the speech was, the covid and followed restriction affected the economy in general, it destructed the small segment significantly. The small business segment is the backborn of any economy in terms of economic contributions as well as in mitigating the soci economic problems, hence the challenges of the sector must be addressed in priority basis. Dr. Ayoob pointed out the significance of the sector and the need of promoting the sector for a balanced growth of any economy. Guest described the matter in wide perspective, The impacts of COVID-19 have already been catastrophic and devastating for life, societies and economies around the world. It has cost the life of more than a million people so far and has created misery for all. In this environment economic actors try to survive and maintain activities, support their communities and create value in their ecosystems. This

book addresses COVID-19 and entrepreneurship by exploring challenges and opportunities for small business. Small businesses have proven resilient in crisis situations. The direct, unquestionable and passionate involvement of entrepreneurs and their families provides strength that large organisations usually envy. However, in such times of crisis small businesses need support, innovation and solidarity to overcome the difficulties. A focus on humanity for all people involved, including entrepreneurs and their loved ones, customers, neighbours and all stakeholders is essential. Liquidity and resilience are also critical with governments, financial institutions and property owners providing understanding and support. Flexible and innovative operating models are needed to deal with the uncertainty of any crisis and to address contextual challenges in a smart way.

Dr. Ayoob also pointed out the initiatives of government taken to revamp the sector in details. The chair was also added some points with the focus of the need of restructuring the economy as well as the small business segments. The programs comes end with the vote of thanks of Mrs. Hasba P P(M.Com, Second year M.com Student)

Resource Person Profile

Dr. AYOOB

Former principal

EMEA College, Kondotty

04 July 2021 -02.00 pm

Session 5

*Adoption of ICT as a
Marketing Strategy :
Post Covid Scenario*

Event 5

Sub theme: Adoption of ICT as a Marketing Strategy: Post Covid Scenario

Date and Time 4-07-2021 (Sunday) @ 2PM (IST)

On mic: Nahas A (Introductory Remarks)

Dr: Tariq Hussain Sheikh (Key Note Speaker)

Dr. Riyad A M (Chair of the Session)

Key role: the discussion of fourth day started with the introductory remarks of Nhas A (Assistant Professor EMEA College of Arts and Science, Kondotty) followed with chair talks of the Dr Riyad AM (HOD, Department of Commerce, EMEA College of Arts and Science, Kondotty)

Dr: Tariq Hussain Sheikh, Department of Computer Science, Govt College Poonch, J&K, was the key note speaker of the fourth day. Dr Sheikh exemplified the level adoption and adobtability of the modern technologies in doing business particularly in pandemic time. The speech explored the relationship between digital marketing practices, customer satisfaction, customer involvement, and purchase intention in different products, including life insurance plicies. COVID-19 was taken as the prevailing pandemic and its impact on the digital transformation of marketing strategies. Digitization has become part of our everyday schedules. It is molding the customary manners by which purchasers and organizations cooperate. Digitization, mainly social media, has been professed to change shopper conduct with significant ramifications for firms and brands. Customers are progressively investing their energy on the web and utilizing social media. The proverb, “if an organization can’t be found in Google, it doesn’t exist,” seems to exemplify shopper conduct today. It ought to be evident that the use of advanced digital channels is significant for brands. It ought to be a movement that organizations should follow if they need to remain severe and develop. Digital marketing became increasingly advanced in 2010 when gadgets’ expansion to access digital media prompted unexpected development. Insights created in 2012 and 2013 indicated that

advanced promoting was all the while developing. With the improvement of digital marketing during the 2000s, for example, LinkedIn, Facebook, YouTube.

The effect of COVID-19 proceeds in the financial year 2021 memorably. Individuals' dispensable livelihoods are seeing a significant disintegration and subsequently affect the division's new business. The coronavirus (COVID-19) global pandemic has resulted in changes to advertising, marketing, promotional and media spends, forcing businesses and brands to reevaluate their thinking about current and future advertising and marketing campaigns to maintain a steady stream of income. While brands currently seek to strike the right tone during a global health emergency, the future portends market alteration, increased competition and a demand for creative and aggressive marketing practices.

With organizations promoting working remotely, there is already an exponential rise in video calls/phone calls, as an increasing number of people are organizing meetings via apps or collaboration platforms. Digital media and Over the Top (OTT) content players are benefiting while Virtual Private Networks (VPNs), cybersecurity, and data security are other technologies that will see a surge as most workforces are operating remotely. Cloud services will grow, boosted by higher usage of content, gaming downloads, video conferencing, and the impact of remote access to corporate networks. There will also be an increased focus on technologies like artificial intelligence, big data, augmented reality, and virtual reality, among others going forward. Equipment maker, Huawei, for example, recently posted a surge in its technological services comprising AI, video conferencing, and wireless network coverage across the Asia Pacific, given the on-ground communication challenges to ensure smooth connectivity.

Although the COVID-19 pandemic has certainly not triggered Industry 5.0, it has brought home the reality of Industry 4.0. digital workflows, robots, automation are no longer goals; they are requirements. IoT devices have offered organizations a path toward preserving revenue streams during this pandemic. Other areas that would see an uptick include e-learning, online education, and e-governance. As shoppers begin to self-isolate and avoid crowded areas, the clear winner is the e-commerce sector, with digital payment taking over a lot faster than the physical payment options.

Resource Person Profile

Dr. Tariq Hussain Sheikh

Govt. Degree College Poonch ,J&K ,UT

Dr. Tariq Hussain Sheikh is an amazing and experienced academician, scientist, and researcher who has lots of spectacular attainments and expertise to his credit. His profound expertise in programming, computer networks, database management systems, object oriented programming etc are testified by his own inventions in those areas... He has coveted contributions towards administrative area as well like PMSSS, and AISHE. Being highly dynamic in research publishing, he has more than 19 quality papers in Scopus indexed journals. He stands tall with his status as editorial member in various journals as well. He is a passionate academician who has participated and presented research and conference papers in more than 30 national and international conferences. There are more than 8 books he has written and published so far which make him a visible presence in the academia for the international community. One of the testimonials for his vibrant achievements is the patent he has availed from Australian government in '3D printing of cost effective human skull models and skull implants'. He has another patent from Australian government for 'long range IOT based automatic dispenser system for heavy water line'. He has submitted to Indian government for patents for his 'Smart rescue system using flying drone' also.

He has bagged many awards like 'best scientist award' in 2018. He has received best researcher award in an international conference for the vibrant and novel research that he has undertaken. And he has been selected for the best teacher award in 2019 at Poonch Government College considering his dynamic contributions in teaching, researching, and administrative areas.

Dr Riyad AM

Assistant professor and Head of Department of Computer science

EMEA College Kondotty

Dr Riyad AM is an Assistant professor, Head of Department of Computer science . he has completed his PhD and Mphil from DCMS, Bharathiyar University and Published 7 articles in various national and international journals. He has presented 6 papers at the national and international conference organised by Prestigious institutions and universities. His area of interest covers Computer network security, Web programming, Operating system, Data mining.He has 17 years of teaching and research experience.

Day 5

05 July 2021 -02.00 pm

Session 6

Corporate Social
Responsibility (CSR)-
A Path Way to Corporate
Sustainability Post Covid 19

Event 6

Sub theme: Corporate Social Responsibility: A Path Way to Corporate Sustainability

Date and Time 5-07-2021 (Monday) @ 2PM (IST)

On mic: Mohammed Faisal T (Introductory Remarks)

Dr: Hishan Shankar Sanil (Key Note Speaker)

Mr. Abdurahman K (Chair of the Session)

Key Role: The final day, fifth day, of the international webinar series was began with the introductory remarks of Mr. Mohammed Faisal T (Assistant Professor EMEA College of Arts and Science, Kondotty). The program was chaired by Mr. Abdurahman K (HOD, Department of Management, Malabar College, Vengara). Key note speaker of the day, Dr. Hishan Shankar Sanil (Senior Lecture, Azman Hashim International Business School, University of Technology, Malaysia) deconstructed the concept of CSR and how CSR used as growth strategy in the business.

Dr. Sanil, started his discussion on theme by exemplifying the need of CSR for the long term survival of the business and the recent development in the discussion of CSR. The debate on the CSR has been developed a great extent, with new dimensions. CSR has been of great interest not only to financial economists, but also to corporate practitioners. Although CSR has quite a variety of definitions, the consensus is that corporate behavior can no longer be examined from the single dimension of value maximization. It has been shifted the dimensions of CSR to a pyramid model, it include responsibilities, that is, economic, legal, social, and philanthropic, from bottom to top. Dr, Sanil also conceptualized why conceptual changes has been happening for CSR A widely accepted premise in CSR literature is that companies have societal and environmental obligations that go beyond shareholder interests and legal compliance. But, In addition to emphasizing CSR as going beyond minimum legal requirements, now more emphasis is the firm's responsiveness to these social issues. CSR has become a common practice across industries. Seemingly a majority of the companies are interested in various

philanthropic and CSR endeavours. But whether the CSR expenditure is contributing towards needy areas or is contributing to existent funds / schemes is a topic that has various opinions and answers.

Most companies have long practiced some form of corporate social and environmental responsibility with the broad goal of contributing to the well-being of the community and society and on which they depend. Dr. Sanil, added that, with a growing emphasis on corporate social responsibility (CSR), companies must decide how to integrate CSR into their organizational strategy. In the competitive world, the CSR approach often used as leverage for synergizing social and business agendas together.

Dr. Sanil given three broad areas of CSR activities; Focus on Philanthropy, Improving operational effectiveness & Transforming the business model. It is neither practical nor logical for all companies to engage in same types of CSR. Programmes are driven by diverse factors, including the industry and the societal environment in which the businesses operate and the motivations of the people who run and govern each company. Hence the companies undertake different activities under different social heads, for instance, some may be in education or others may be in rural development or health sector.

The pandemic time is the great opportunities to show the companies commitment to society at large, by doing so, the company create long term business image. Here comes the importance of CSR, which played a crucial role in the times of this pandemic, when people are trying their level best to get through the challenging times. CSR is a 'self-regulating business model' that implies the procedures of interaction by a company with its stakeholders and the general public at large, creating a scenario of being socially responsible. During the period of covid, the companies have been working for the benefits of the society in two ways, firstly, they closed all their operations as precautionary to stop the wide spreading of the virus(for instance, transportation and hotel industry) on the other hand they also with government programs for prevention and recovery the bad stage of the covid.

In the conclusion remarks, Dr. Sanil emphasized that. All the efforts of the companies is to create long term value creation which eventually makeover the wealth maximization of the business. Hence it is inferred that CSR activities always penetrated to create wealth generation and it often associated with the growth strategies of the firm.

The programs comes to the end by the concluding remarks of the Chair, he also affirmed the Dr Sanil's views on CSR is the part of the growth strategy. In the end, Mrs Jaseena (Assistant Professor, Department of Commerce, EMEA College of Arts and Science, Kondotty) Delivered vote of thanks

Resource person profile

Dr. HISHAN S SANIL

Researcher/Senior Lecturer & Industrial Engineer

- Proficient in **managing research projects and author of many publications** in different reputed international journals.
- **Recipient of the Commonwealth Scholarship and fellowship plan (CSFP)** for PhD study
- **Effectively prepared research grant proposals**, of which **two grants were awarded with the research funding** and one has been successfully completed.
- **Second runner-up – 3Minutes thesis competition – 2017** (Faculty of Management UTM, Malaysia)
- **More than 10 Years of industry experience** in the **field of Marketing, Industrial Engineering and handling CSR programs** in the manufacturing Industry.
- Strong technical background with a proven track record in **developing technical standards, ensuring production planning & solving quality issues**
- Proficiency in formulation of **sourcing strategies and vendor identification / development and analytical assessment**
- Proficient in **assessing the performance of the suppliers/vendors** based on various criteria such as percentage for rejections, quality improvement rate, timely delivery, credit terms, packaging compliance, & responsiveness in issue resolution.
- Expertise in **product costing and order reconciliation**.
- An effective communicator with excellent relationship management skills & strong analytical, **problem solving and organizational capabilities**

- **2019** PhD. (Management), Universiti Teknologi Malaysia (UTM), Malaysia

Invitation for Guest Talk in International Webinar Series on Covid Turn: Global Trend in Business Resilience Strategies

Dear
Dr. Kaneez Fatima Sadriwala
Associate Professor and Head of the Department
University of Nizwa, Oman

We are pleased to announce that EMEA College of Arts and Science Kondotty, Kerala is planning to organize five-day international webinar series on *Covid-Turn: Global trend in Business resilience strategies* with the aim to build awareness around the broad areas of recovery strategies for reshaping the business activities. The program is planned to schedule on the first week of July through online mode with expected audiences of academicians, research scholars, and PG students.

On behalf of the EMEA College of Arts and Science Kondotty and the organizing committee of the International webinar series of *Covid-Turn: Global trend in Business resilience strategies*, we are honored to invite you to speak in one of the sessions on

Topic: *Impact of Culture on Accounting Practice – Post pandemic changes*
Date: 01/07/2021
Time: IST- 2 PM

We hope that such discussion would be helpful to enhance the research temper of participants; moreover it is the need of hour. As you are one of the known speakers in the academic discussions your deliberation and participation will be a great addition to our audience and event.

Please let us know your consent in speaking on the topic of talk and your availability on scheduled date and time at the earliest. We thank you in advance for your consideration, and we are very much look forward to hearing from you

Your response will be highly appreciated in this regard.

With best regards

Kamalam Edathil
Convener
Head of the Department
Department of Commerce

Dr. Ibrahim Cholakkal

WEBINAR ON
Covid Turn: Global Trend in Business Resilience Strategies (CTGTBRS)
Day & Date: July 1-5
Time: 2:00 P.M. to 4.00 P.M.

Dear Sir/ Madam,

We are pleased to announce that EMEA College of Arts and Science Kondotty, Kerala, organizes a five-day international webinar series on **Covid Turn: Global Trend in Business Resilience Strategies (CTGTBRS -2021)**, with the aim to build awareness around the broad areas of recovery strategies for reshaping the business activities. The program is scheduled on July 1- 5 through online mode with expected audiences of academicians, research scholars, and PG students.

Covid-19 has been a defining moment in the history of mankind. It has not only altered our lifestyle but has also completely revolutionized all aspects of business. However, with the progressive and proactive initiatives taken by the Governments and reflective strategies framed by business entities, now business activities are in re-tracking stages. Therefore, this discussion is expected to deliberate the global trend in business resilience through a series of experts' talks.

Following are the confirmed Speakers

- Dr. Kaneez Fatima (University of Nizwa, Oman)
- Dr. Abdul Aziz N P (Aligarh Muslim University, India)
- Dr. Tariq Hussain Sheikh (Government College Poonch, J&K)
- Dr. CP Ayoob Keyi (Former Principal, EMEA College of Arts and Science, Kondotty)
- Dr. Modassir (University of Technology and Applied Science, Oman)
- Dr. Hishan Shanker Sanil (University of Technology, Malaysia)

We hope that such discussion would be helpful to enhance the research temper of participants; moreover it is the need of hour. In view of the importance of the conference and academic interest, we are glad to invite you to attend the webinar series, your participation will be a great addition to our event.

For Registration please click the below link:

WEBINAR REPORT

DEPARTMENT OF BVOC

EMEA COLLEGE OF ARTS AND SCIENCE,
KONDOTTY

EMEA College of Arts and Science
Aided By Govt of Kerala
Affiliated to the University of Calicut
Reaccredited by NAAC with A Grade

REPORT ON THE WEBINAR ORGANISED BY DEPARTMENT OF BVoc ON THE TOPIC ‘VOCATIONAL EDUCATION IN THE 21ST SCENARIO’

Employment and employment are one of the major concerns of all of us nowadays. The easiest as safest way to ensure a job is to be employable in line with the growing knowledge and skill requirements in different emerging sectors in the market. Vocational courses are seen by both employers and employees as bridging the gap between the syllabus and requirements in the job market. Thus, vocational courses are resorted by the smartest of the student community so as to ensure a promising future. It is against this background, the Department of B.Voc, EMEA College of Arts and Science, Kondotty, introduced two vocational courses in the last academic year, i.e., Logistics Management and Professional Accounting and Taxation

The Department organised a one-way webinar on "*Vocational Education in the 21st Scenario*" in order for students to best understand the possibilities and scope of employability and skill development. The webinar was organised on 09 July 2021 at 10:30 a.m on Google Meet for the Students of the departments. The webinar was inaugurated by Dr. Ibrahim Cholakkal, Principal, EMEA College of arts and science, Kondotty. The programme was presided by Mr.Althaf TK, Coordinator, BVoc Programmes and Head of the department BVoc Logistics Management and delivered the welcome speech by Dr. Salini. K, Head of the department BVoc Professional Accounting and Taxation.

The session handed by Dr. Reena AR (Co-ordinator,BVoc and MVoc University of Calicut) was disseminated the key themes and conveyed the core of the subject. The focus of the session was on the need to implement strategies to make our students capable, independent and responsible individuals. Resource person further went on to say that the 21st century jargon is already there in the system, we only need to polish the skills through the internet platform and transform the classroom for a holistic approach with the collaboration of Blended approach, Flip model, etc. He, elated the fact that ‘understanding’ is just one aspect of the teaching learning process, executing it and measuring the learning outcome is what makes it effective and successful. Thus, measuring the learning outcome is an important aspect and one has to map it with the 21st century education system.

DEPARTMENT OF COMPUTER SCIENCE EMEA College of Arts and Science, Kondotty

Webinar on ‘LEARN WHAT THE WORLD SEEKS’

Date:23rd July Friday

Recourse person: Gopakumar , ASAP

Time:10:30 am

The Computer Science department of EMEA college conducted a webinar on the futuristic placement guaranteed courses "LEARN WHAT THE WORLD SEEKS" offered by ASAP, Govt of Kerala for computer science students on 23/07/2021.

The webinar was successfully handled by the experienced speaker Gopakumar, program coordinator, ASAP Centre. The session covered ASAP online courses and its registration details, fees details and placement in very detail. The talk covered mainly the following topics.

- Cyber security
- ASAP Amazon Web service academy-Cloud computing
- Full stack developer

These mentioned courses of ASAP offer placement for 70% of students. The session was really informative for students who seek for quick placement. The students actively participated the program and the interactive session was very informative. There were more than 70 participants including Computer science students and teachers and concluded within 1 hour.

Webinar on ‘MACHINE LEARNING’

Recourse person: Mr. Sujith R, LCC Computer Education

Date:- 26-07-2021.

Time:- 2:00 PM to 3:30 PM

The Department of Computer Science and IT CLUB of EMEA Arts and Science College conducted a webinar on 'Machine Learning' on 26-07-2021 via Google Meet platform.

Machine learning is an important component of the growing field of data science. Through the use of statistical methods, algorithms are trained to make classifications or predictions, uncovering key insights within data mining projects. These insights subsequently drive decision making within applications and businesses, ideally impacting key growth metrics. As big data continues to expand and grow, the market demand for data scientists will increase, requiring them to assist in the identification of the most relevant business questions and subsequently the data to answer them.

The program was successfully handled by the resource person Sujith R, LCC Computer Education. It was all about Machine Learning. The topic was really informative for computer science students. Recourse person explains in detail the basics of machine learning, its importance and types.

There were around 60 participants including students and teachers of computer science department. The session was for one hour and winded up after an interactive session.

REPORT OF PREM CHAND JAYANTI CELEBRATIONS 2021-22

Department of Hindi, EMEA College of Arts & Science is very much proud to present the report on the 141st Birth Anniversary Celebration of Munsii Premchand. Premchand was an Indian writer, famous for his modern Hindustani literature. We conducted various programmes as part of Prem chand Jayanti under the supervision of Dr.Dhanya P.S (HOD, Department of Hindi), Suja U (Assistant Professor, Department of Hindi) and the assistance and support of our teaching staffs and beloved students. Celebrations of Prem chand Jayanti were conducted online from 27/7/2021 to 31/7/2021. The programme started with the inaugural session of our honourable Principal Dr.Ibrahim Cholakkal. Various activities were conducted as part of this programme to make our students more familiar about Premchand and his literary works. Date wise list of activities is enclosed here.

Highlights of this programme was:

- Profile of Premchand was explained in detail by Dr.Dhanya P.S Literary works of Premchand was explained in detail by Ms.Suja U.
- Review of stories of Premchand was presented by the students Dilsha Banu of IInd Semester Biochemistry, Rania Jaleel of IInd semester BBA, Shabna Sherin of IInd Semester Biotechnology, Sumayya of IInd Semester Microbiology, Muhammed Shibily of IInd Semester BBA, Fathima Nishin of IInd Semester Biochemistry, Deepika of IInd Semester Microbiology, Nada of IInd Semester Biochemistry, Haneena of IInd Semester BBA, Rushaiba of IInd Semester English, Mariyathul Quthia of IInd Semester BBA.
- Review of novels of Premchand was presented by the students Noof Abdul Rahim of IInd Semester BSc., Aftham Habeeb of IInd Semester BBA, Fathima Kenza of IInd Semester Biotechnology, Muhsina of IInd Semester Bcom, Vijila of IInd Semester WAS.
- Quiz competition on the topic “Premchand” was conducted exclusively for our students. E-certificates were provided for those students who secured more than 40%.
- Last day of our Celebration begun with the inaugural session of Mr.Abdul Razak P.M (Associate Professor & IQAC Coordinator, EMEA College of Arts & Science) and end with the speech of resource person Ms.Rajila O.P (Assistant Professor Govt.Arts and

Science college) about "Premchand and also an interactive session with the students was done. It was a nice experience for our students.

All the students actively participated in the programmes. Students were able to know more about Premchand.

WEBINAR REPORT

DEPARTMENT OF BVOC
EMEA COLLEGE OF ARTS AND SCIENCE,
KONDOTTY

EMEA College of Arts and Science
Aided By Govt of Kerala
Affiliated to the University of Calicut
Reaccredited by NAAC with A Grade

REPORT ON THE WEBINAR ORGANISED BY DEPARTMENT OF BVoc ON THE TOPIC ‘START UP MANAGEMENT’

Start ups are companies or ventures that are focused around a single product or service that the founders want to bring to market. These companies typically don't have a fully developed business model and, more crucially, lack adequate capital to move onto the next phase of business. Most of these companies are initially funded by their founders. Start up Management is a daily destination where entrepreneurs learn about managing, growing and scaling start ups, almost like an virtual open university. Its content is focused on management, strategy, organizational and marketing topics, including business models, revenue models and go-to-market approaches. Vocational courses are seen by both employers and employees as bridging the gap between the syllabus and requirements in the job market. Thus, vocational courses are resorted by the smartest of the student community so as to ensure a promising future. The Department of B.Voc, EMEA College of Arts and Science, Kondotty, introduced two vocational courses in the last academic year, ie., Logistics Management and Professional Accounting and Taxation.

The Department organised a one-way webinar on "*Start up Management*" in order for students to best understand the possibilities and scope of employability and skill development. The webinar was organised on 31 July 2021 at 11 a.m on Google Meet for the Students of the departments. The webinar was inaugurated by Dr. Ibrahim Cholakkal, Principal, EMEA College of arts and science, Kondotty. The programme was presided by Dr.Salini K, HoD of the Dept. of B.Voc Professional Accounting & Taxation, Mr. Althaf, Coordinator of B.Voc Programmes and Head of the department BVoc Logistics Management delivered welcome speech. Mr. Abdu Razak P.M., Coordinator of IQAC and Mr. Moidheen Shafeeque, Assistant Professor in the Dept. of B.Voc delivered their felicitation.

The session handed by Mr. Ameerali (Director, IGP Training Arena & Senior Business Consultant in Ahammed Sha & Co.) was disseminated the key themes and conveyed the core of the subject. The focus of the session was on the need to understand the scope of launching a start up. He delivered the idea about the different modes of business, legal formalities related to start up, problems related to raising of funds. He also focus on the need for the market analysis before starting a venture in order to ensure its feasibility in the future. He also pointed out that the different registrations required for start ups.

Webinar on " SOFTWARE DESIGN TECHNIQUES "

Date : 3 August 2021

Time : 2 pm

Resource

Persons : Mrs. Sarga Juga l &
Mr. Aswin . P

The Computer Science department of EMEA college conducted a webinar on the topic "SOFTWARE DESIGN TECHNIQUES". The resources persons are from "Regional technologies", a software training institute in Calicut. The webinar was about the software designing steps and the project preparation details .

Software design is the process which translates the requirements into a detailed design representation of a software system. Good software design is a key to produce reliable and understandable software. To ensure software quality, various design verification and validation techniques are also discussed.

The resource persons were very informative regarding the software design and it was very useful for the final year students who are yet to start their project.

There were more than 60 participants including Computer science students and teachers. At the end, during the interactive session students cleared their doubt regarding the project. The session was very informative and interactive.

on

IMPROVING THE QUALITY OF LIFE

On 6th August 2021, 7PM

REPORT

Organized by

DEPARTMENT OF BIOTECHNOLOGY

EMEA COLLEGE OF ARTS AND SCIENCE
KONDOTTI, MALAPPURAM, KERALA

&

DEPARTMENT OF BIOTECHNOLOGY

GEMS ARTS AND SCIENCE COLLEGE
RAMAPURAM MALAPPURAM(DIST) KERALA

REPORT ON WEBINAR

The Department of Biotechnology, EMEA College of Arts and Science and Department of Biotechnology GEMS College of Arts and Science, Ramapuram organized a webinar as a joint venture with the support of IQAC on 06.08. 2021. The webinar was hosted in order to create awareness and to put an insight in to the overall wellbeing of human race.

Topic: Improving the Quality of Life

Scheduled Time and Date: 06.08.2021; 7pm to 8.30 pm

Resource Person: Dr.APM.Mohammad Rafeeq

Former Head, Department Zoology

Malabar Christian College, Calicut

Program:

The webinar was conducted on Google meet platform. There were 119 participants in total. The webinar started by a welcome address from Dr. K. Mashhoor, Head, Department of Biotechnology, EMEA College of Arts and Science with a brief introduction of the resource person. He also explained the importance of the topic at this current scenario Dr. Somy Soman, Asst.professor, Department of Biotechnology, EMEA College of Arts and Science and Ms. Shinsy.P Head, Department of Biotechnology, GEMS College of Arts and Science acted as the coordinators of the webinar. Dr. APM. Mohammad Rafeeq, the honorable resource person took over the platform capturing the audience with his authentic presentation. The webinar came to an end with question-and-answer forum with the audience, followed by a vote of thanks from Ms. Shinsy. P, Head, Department of Biotechnology, GEMS College of Arts and Science.

Description of Course content delivered in the webinar:

The resource person started defining the quality of life and put a great insight in to the value system based on health, economy and environment. He also explained on the four domains physical health, mental health, social health and functional health. His presentation proved to be more an eye-opener, for the youth who struggle to improve life. He also enforced that happiness and contentment, as a state of mind always help one to improve the quality of life. The webinar by Dr. Rafeeq sir really was a need of the hour during this pandemic issues. He inspired the audience with his lovely interaction. The webinar got concluded with a deep sense of contentment and Happiness.

Programme conducted on **7-8-2021**, other faculties in the department **Dr.fasil** and plenty students from the department ,from other department and students outside the college participated in the discussion

Discussions

Schrodinger equation, quantum mechanism was the basic discussion in the webinar

*in classical mechanics objects exist in a specific place at a specific time. However,in quantum mechanics , objects instead exist in a haze of probability

Sections

Quantum phenomena are usually observed only

- *On nanometre scale
- *Microsecond or smaller
- *Surrounded by hard vacuum
- *Ultra-low temperature and
- *A Tightly controlled laboratory environment

Living organism inhibit a

1.microscopic world

2.is warm

3.messy and no control

Quantum effects in living organism.

Quantum phenomena are usually observed only

1. on the nanometre scale
2. Microsecond or smaller
3. surrounded by hard vacuum
4. ultra-low temperatures and
5. a tightly controlled laboratory environment.

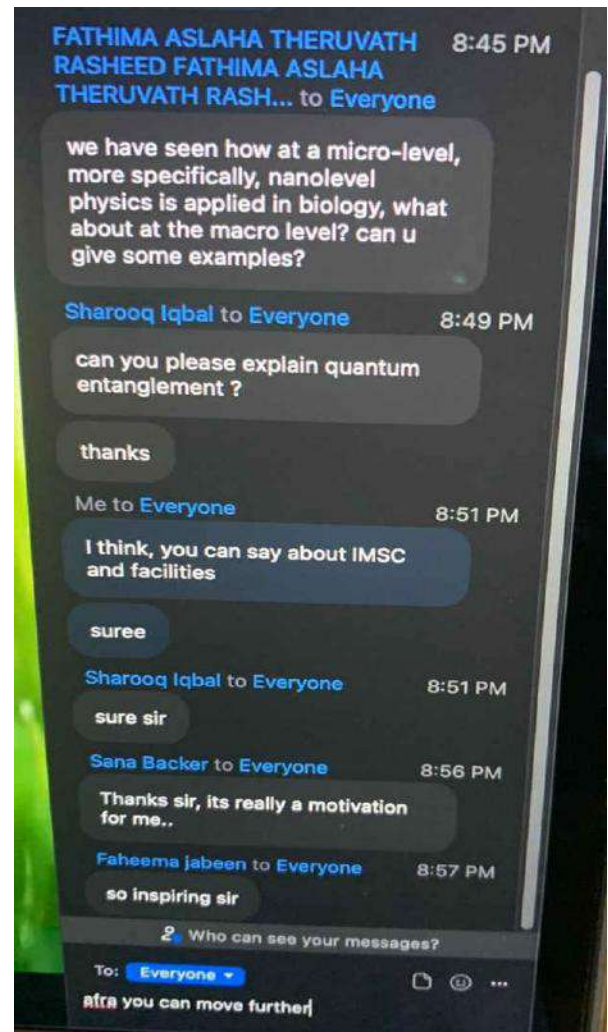

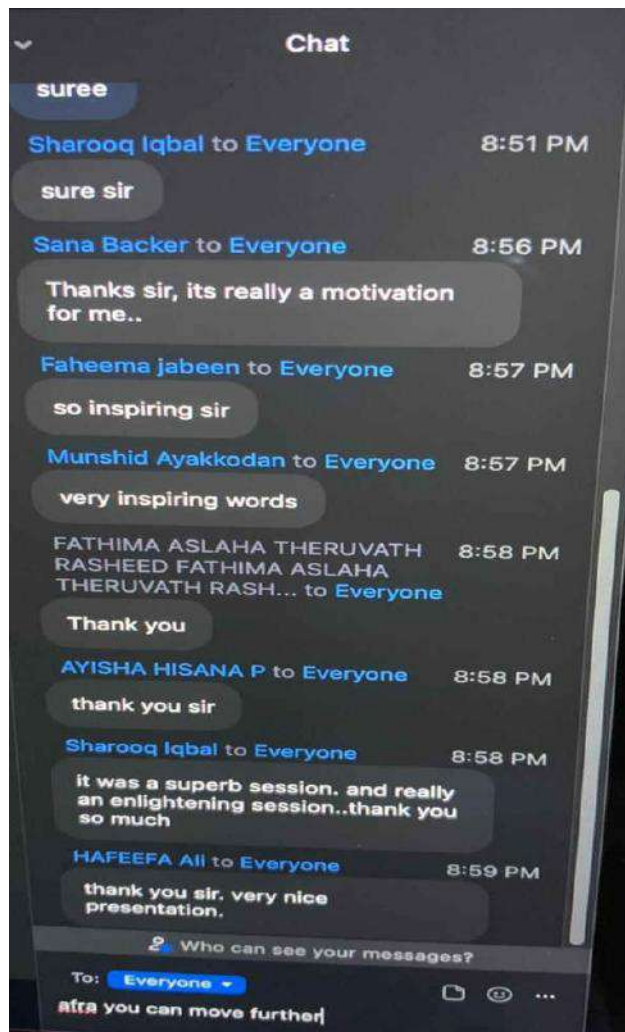

Living organism inhabit a

1. macroscopic world
2. is warm,
3. messy and no control

Question discussion

Questions like

*Quantum entanglement, micro level and nano level organisms and it's applied physics lead by the students

Report of

SEVEN DAY TRAINING PROGRAMME ON MOODLE LEARNING MANAGEMENT SYSTEM

The Shihab Thangal Central Library and Research Centre in association with Internal Quality Assurance Cell of EMEA College, Kondotti organised a seven day training programme on Moodle Learning Management System. The focus of the workshop was on not only teaching the practical skills of using the Moodle learning management system platform but also to impart a culture among the faculties to shift on to different e-learning platforms. This online training programme is mainly intended to build the capacity of the faculty members for developing unique courses and its effective delivery using Moodle–LMS platform. The training will also build a unique capacity to adopt different techniques to provide highly collaborative student-centred courses and multiple learning styles in Moodle environment. The training programme utilized GoogleMeet Video Conferencing Tool for live class and discussion. A focused FDP WhatsApp group is created for better coordination among the learners and facilitators. Each session comprised Lecture, Discussion, Demonstration and Hands on Activities starting from 7.30 pm to 10.30 pm on all seven days.

Program Brochure

The brochure features a blue background with a central graphic of a white cloud containing the Moodle logo, a ladder, and a graduation cap. A speech bubble indicates the dates 'FROM 9-15 AUG 2021'. The text is arranged in a structured layout with logos at the top, event details in the middle, and coordinator information at the bottom.

Day 1 [9-08-2021] : Overview of Moodle LMS

The Moodle training programme was inaugurated by the principal of the college, Dr. Ibrahim Cholakal on 9th August 2021 at 7.30 pm. His inaugural address shed light over the essentiality of shifting to online learning platforms especially in this pandemic situation. The principal also added the necessity of such training programmes as part of the initiative of the Faculty Development Centre of the Kerala State Council of Higher Education (KSHEC) which is envisaged to implement the Moodle-based LMS in all higher education institutions in the state as part of the Digital Enablement Drive. The coordinators of the programme Dr. Mahjabeen Aydeed and Dr. Afsal P.C.

delivered the welcome address and the vote of thanks respectively.

The first day of the training programme was initiated by giving an overview of the Moodle Learning management system by the resource person, Dr.Askerali P, Assistant Professor, Department of Electronics, Govt Arts and Science College, Tanur. he resource person taught the participants to create and edit the profile and also to create a new course in a moodle framework along with the course details including course full name and short name, course start/end dates, course summary and the appearance and image of the course. The session was concluded at 9.45 pm.

Day 2 [10-08-2021] : Adding & Managing Contents

Asker sir continued on the second day also by tutoring on the methods of adding different modules to the course page and different resources to various courses. The session which started at 7.50 pm extended up to 10 pm because of the active participation of the participants. The resource person gave many activities to the participants to be done in Moodle platform.

Day 3 [11-08-2021]: Creating and Grading Quiz

The third day of the training programme was taken over by Dr. Ramesh R., Assistant Professor & Research Guide in Chemistry, Govt. Victoria College, Palakkad. Ramesh sir explained the steps for creating the quiz activity by setting its options which specify the rules for interacting with the quiz. The class started at sharp 7.30 to wind up at the correct time.

Day 4 [12-08-2021]: Utilizing question bank for quiz

The fourth session of the programme was continued by Ramesh sir on 12th August that was mainly focused on adding activity in the moodle platform and focusing on building quiz by adding questions utilizing the inbuilt question bank, setting up grade and time limit in the Moodle platform. Ramesh sir explained the two step procedure for setting up the quiz features and adding questions. The session was interactive as many participants cleared their queries about conducting exams and quiz.

Day 5 [13-08-2021]: Assignment setting & grading using Rubrics

Dr. Biju R, Assistant Professor of English, Central University of Tamilnadu managed the fifth day of the training programme. The topics which were discussed on the fourth day were based on setting up the course outcomes, setting an assignment to test whether the outcomes are achieved, grade setting using rubrics or grading guide. Biju sir elaborated the method of systematic grading using the Rubrics which is useful for ensuring consistent grading practices for assignment. The tutor concluded that a forum can also be set in order to discuss and clear the doubts with the students.

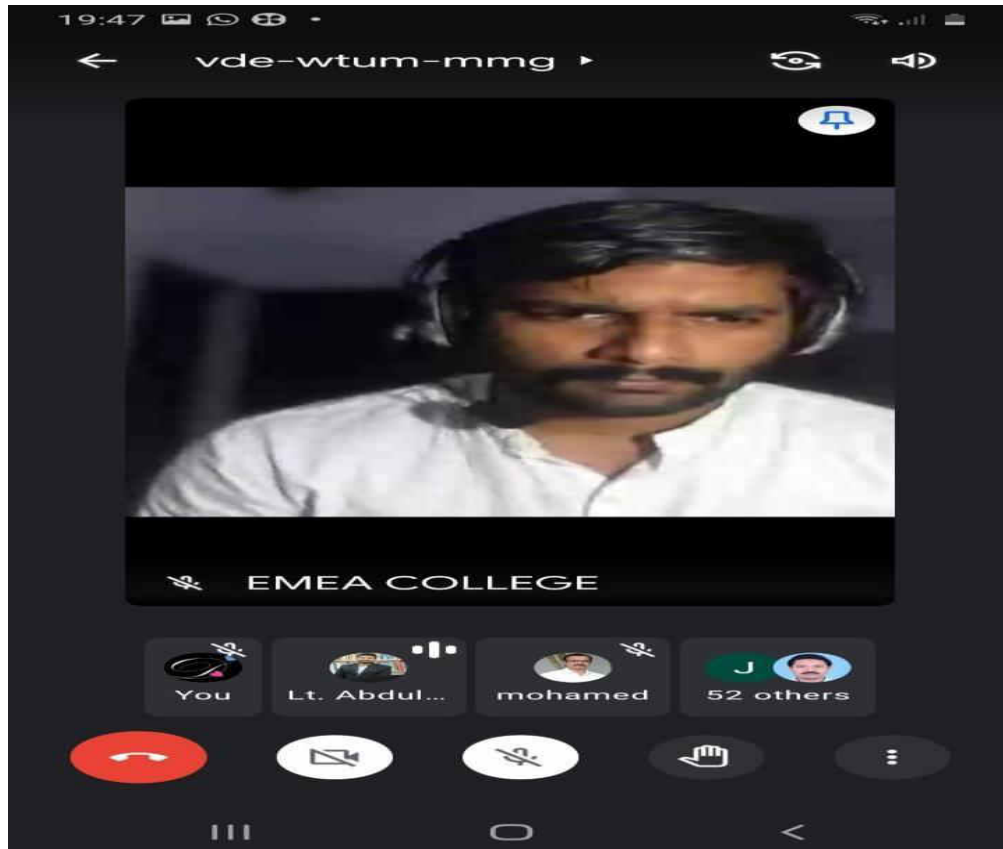

Day 6 [14-08-2021]: Managing course class & Attendance tracking

The faculty development programme on its 5th day commenced at 7.30 pm. The speaker of the Session Ramesh Babu sir discussed on the steps involved in tracking attendance of students in moodle platform after enrolling the students to different courses.

Day 7 [15-08-2021]: Enrolling Students & Hands on training

The last day of the training programme involved discussion on the advanced aspects of moodle learning management system which was led by Asker sir. The different steps involved in enrolling students including self and manual enrolment methods to different courses were discussed. The class was very active in all aspects as the resource person gave an outline of all the features which were discussed earlier for those who missed the earlier sessions. The valedictory session started with a welcome speech by Dr. Afsal P.C., Assistant Professor of English at 9.30 pm. The principal, Dr. Ibrahim Cholakkal made the valedictory address and

appreciated the team for the successful completion of the program. The IQAC co-ordinator Mr.Abdurazaque P.M, staff club coordinator Ms.Haulath K and Dr. Fasil N, Assistant professor of English delivered positive comments on the training programme. The valedictory session ended with a formal vote of thanks by Dr. Mahjabeen Aydeed, Librarian and coordinator of the programme.

---	---

Dr. Ashkarali P is currently working as Assistant Professor, Department of Electronics at Govt Arts and Science College, Tanur. He has published research publications in International Journals and conference Proceedings. Currently he is the member of Board of Studies (Electronics), of Calicut and founder of Keralamoocs.org a virtual learning environment and he is a specialist trainer of Learning Management Systems.

Professional Experiences

1. Chairman, Board of Examinations (Electronics) Malappuram Region, University of Calicut, Kerala, India (2015-Now)
2. Member, PG and UG Board of Studies (Electronics), University of Calicut, Kerala, India (2013-Now)
3. Head, Department of Electronics, Govt Arts & Science College Tanur (2015-Now)
4. Assistant Professor of Electronics, Govt Arts & Science College Tanur (2015-Now)
5. Programme Officer, National Service Scheme, University of Calicut (2015-2018)
6. Nodal Officer, Student Support Service - Scholarships, Govt Arts & Science College Tanur, Kerala (2015-Now)
7. Nodal Officer, CAMS - Govt Arts and Science College Tanur (2017-Now)
8. AISHE Nodal Officer (2018-Now)
9. Web site administrator, Govt. College Tanur (2016-Now)
10. Assistant Professor of Electronics, SNG College Chelannur, University of

Calicut, Kerala (2011)

11. FIP Lecturer, Department of Electronics, WMO College Muttill, Kerala (2004-2007).
12. Assistant Professor of Electronics, Govt College Mananthavady, (2011-2015)
13. Member, Board of Studies (Electronics), Kannur University, Kerala, India (2013-2015)
14. Member, Board of Examinations, Electronics, Kannur University, Kerala, India (2011-15).
15. Member, Fostering Linkages in Academic Innovations and Research - FLAIR Kerala (2013 - 2017)
16. Moodle Trainer, Flair Induction Training Programmes, Department of Higher Education, Kerala (2015-2017)
17. Trainer, Additional Skill Acquisition Programme, ASAP Kerala (2014)
18. Mentor, Walk with Scholar, Department of Higher Education Kerala (2014-15, 2017-Now).

2. Dr. A. R. Ramesh

	<p>Dr. A. R. Ramesh Assistant Professor & Research Guide in Chemistry Govt. Victoria College, Palakkad</p>
---	--

Dr. A. R. Ramesh is presently working as Assistant Professor of Chemistry at Govt. Victoria College Palakkad. He is having teaching experience of more than 10 years in various Arts & Science, Polytechnic and Engineering Colleges.

He has published articles in various international journals with cover art. His research interest involves Nanochemistry, Scanning Probe Microscopes and Carbon Dots. He did his Ph.D. at CSIR-NIIST Trivandrum. He has done many research paper presentations in various national and international conferences. He has also attended many national and international seminars and workshops.

He has also developed and conducted MOOC courses for college teachers. He is a technical mentor to various MOOC and MOODLE courses of various institutions including Regional Institute of Education, Mysore. He is a mentor and trainer for conducting MOODLE courses

of Department Faculties of Calicut, Kannur, Kerala and Sanskrit University. He has delivered more than 100 online sessions on MOODLE and Technology in Education. **3. Dr. Biju K**

Dr Biju K
Assistant Professor,
Department of Education,
School of Education and Training,
Central University of Tamil Nadu,
Thiruvarur-610 101.

Date of Joining : 10.6.2016
E-mail : bijuk@cutn.ac.in
Experience : Teaching: 4yr 11months Research: nil
Field of Specialization : Science Education, ICT

Conferences/seminars/workshops papers presented : National: 10 International: 1
Significant academic awards / honours / fellowships / achievements: Nil

Outcomes of the training

After attending this webinar the participants will be able to equip them with all aspect of Moodle based teaching learning process. Over the course of the 7 days, faculties can use this LMS platform for delivering course content, course progression plan, grading, creating activities, collecting course feedback and communicating with course participants

Follow up actions

The workshop concludes with all participants having access to a Moodle platform for ongoing practice and to build out their specific online course resources and activities based on Moodle LMS in the college.

✨ Youth and Leadership ✨

The world is changing very fast. The change demands a dynamic and innovative leadership. Youth leadership can bring dynamism and innovation to the world if properly trained and guided.

To observe the international youth leadership day, NCC Unit of EMEA College, 29 Kerala Battalion has proposed to conduct a webinar talk and interaction on youth and leadership on 12th August 2021 via google meet at 3 pm to 4 pm.

⚠️ Program Schedule:-

➡️ Master of Ceremony:-
L/CPL Renna Rahmath

➡️ Welcome Speech:-
Lt. Abdul Rasheed
(Associate NCC Officer)

➡️ Chair&Inauguration
Prof. Abdurazaque
(IQAC Coordinator)

➡️ Talk on Youth and Leadership:-
Lt. Bhupindar
(Asso. Professor and NCC Officer)
DCAC, University of Delhi

➡️ Vote of Thanks
UO Muzammil P.T
(Under Officer)

Background and Relevance of the Youth Day and Webinar

The intent of the webinar on 'Youth and Leadership' was to indulge youth in leadership roles and enable them to thrive in the present-day world. On the occasion of International Youth Day, which is usually commemorated on 12th August every year, we needed to entrust the youth with their potential and aptitude. Webinars help to solve the doubts and scepticism surrounding a subject and help to impart a clearer understanding for students. Giving right guidance to youth is crucial and the International Youth Day is all about helping the young people to find personal satisfaction and positive environment. Proper communication forms the right mindset.

The development of leaderships contributes greatly to the positive development of young people and communities. Leadership skills such as goalsetting, problem solving and sound decision making, are not necessary for leaders these skills are needed for success in today's world. Youth are always able to open new doors and access one's fullest potential not only for themselves but for those around as well. Youth leadership can bring dynamism and innovation to the world if properly trained and guided. Therefore conducting a webinar on youth and leadership will make the audience aware about these rules and duties. It will make youth exercise authority over themselves. For all these reasons it is very necessary to conduct a webinar on the same.

The Webinar

As a part of World Youth Day, the webinar was conducted on the topic "Youth and leadership" Via Google meet. It was started at 3:00 PM as planned. At the beginning, ANO Lt. Abdul Rasheed sir provided a base introduction. He talked about the power and the potential youth holds today.

And why Indian youth is least bothered about working hard. He adds that right mindset and proper training are important. He talks about the opportunities and need to use it in a very effective way. Also added that being successful is easy in the current world where everyone has access to internet and resources.

LCPL Renna Rahmath mastered of the ceremony. As the guest joined, the programme was started officially by playing the NCC song. Renna Rahmath welcomed Lt. Abdul Rasheed sir to deliver the welcome speech. He welcomed the chief guest, Lt. Bhupindar, Assistant professor and NCC officer DCAC, University of Delhi, Department of Commerce. Also invited Abdurazaque. P.M, IQAC coordinator EMEA College of Arts and Science Kondotty to inaugurate the programme IQAC Coordinator Abdurazaque PM inaugurated the programme and expressed his thoughts on 'Youth and Leadership'. He also appreciated NCC EMEA for conducting the webinar.

Lt. Bhupindar started the class which was followed by a powerpoint presentation. He mostly concentrated on leadership. Within a short time span he covered some major topics that Youth should be familiar with. He dealt with 7 kinds of leadership.

- Spiritual Leadership
- Servant Leadership
- Authentic Leadership
- Ethical Leadership
- Empowering Leadership
- Self Leadership
- Shared Leadership

He also added to learn how to uphold an organization successfully. Also talked about the importance of leadership. Class was followed by an interaction section, where cadets participated well. CPL Divya AV, L/CPL Rasla , L/CPL Mileena, L/CPL Fahmin, L/CPL Nahyan asked questions and he clarified their doubts effectively.

UO Muzammil PT presented the vote of thanks, and thanked each and every who cooperated to make the webinar a successful one. ANO Lt. Abdul Rasheed sir specially congratulated CQMS Gokul Prasad for the effort he had taken coordinate the programme. And L/CPL Renna Rahmath for mastering the ceremony effectively. The programme was ended up by playing the national anthem. After the session students and cadets were provided certificate for their successful participation in this webinar on youth and leadership held by NCC EMEA.

As a sum, the programme was well planned and coordinated by each and every cadets.

Presentation & Participation in Webinar

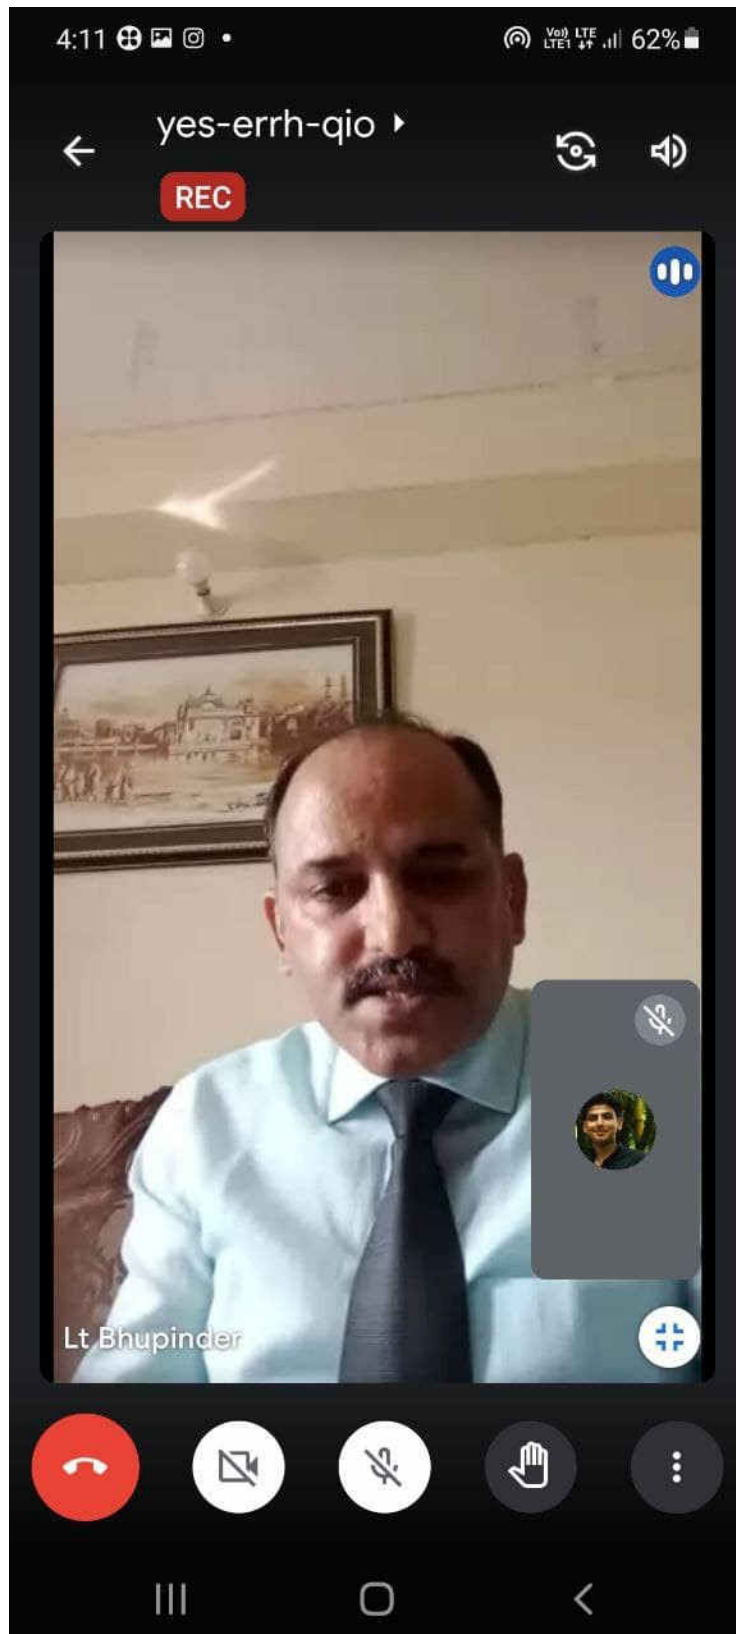

In this program on international youth day, Lt. Abdul Rasheed Sir decorated the welcome speech

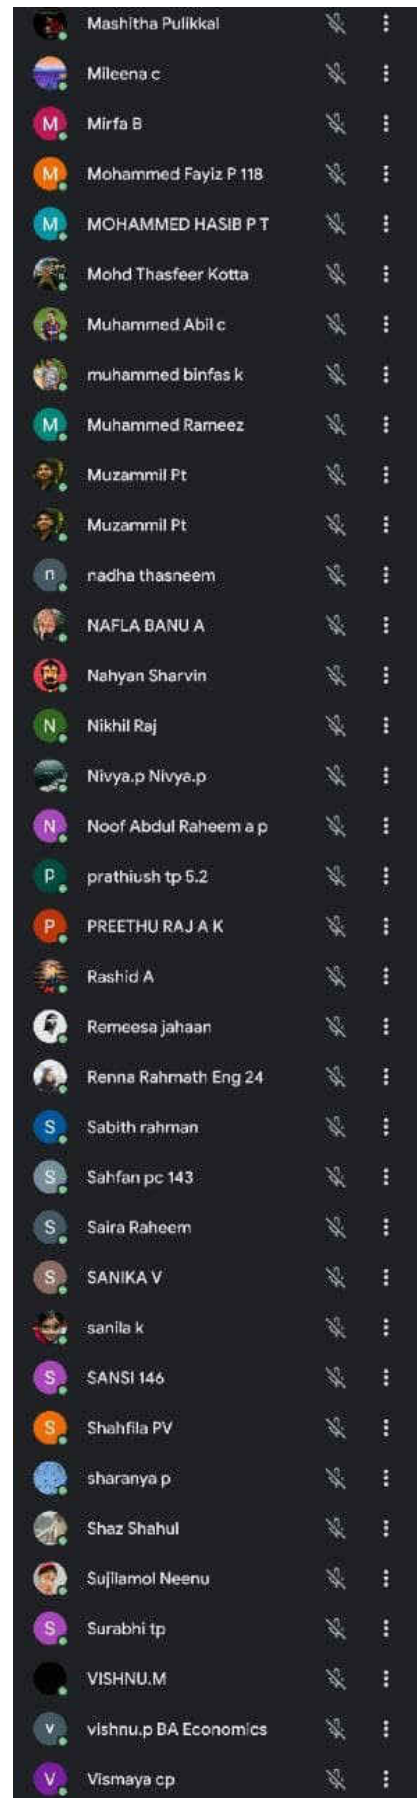

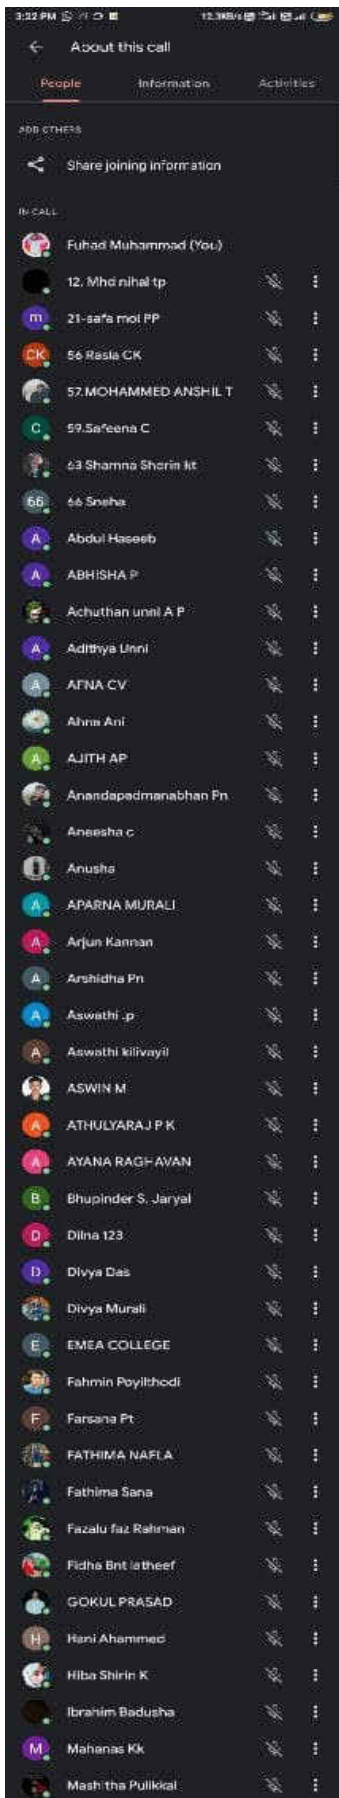

Prof.Abdurazaque, IQAC Coordinator , inaugurates International Youth day on 12/08/2021

Lt. Bhupindar, Associate Professor and NCC Officer, DCAC University of Delhi presents the topic "Youth and Leadership" in the Webinar.

E-Certificate of Event Participation

WEBINAR ON ' ARTIFICIAL INTELLIGENCE ' ON 16-08-2021

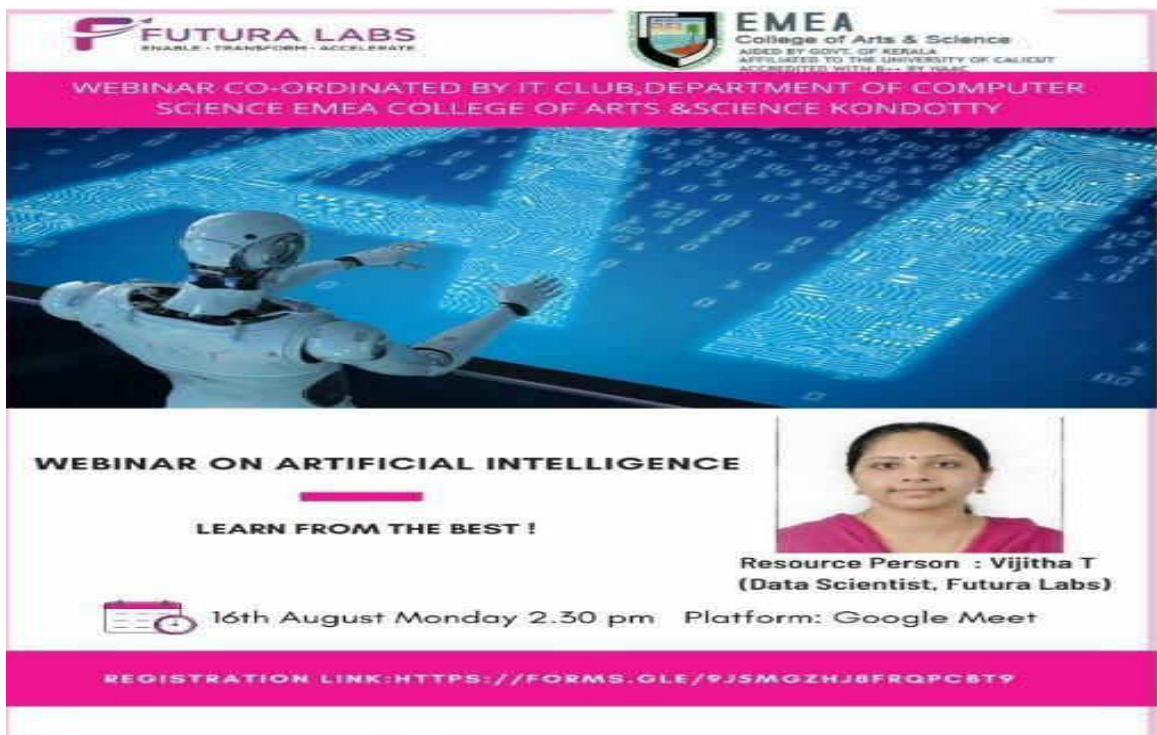

Webinar on ' Artificial Intelligence ' by Vijitha T ,Data Scientist , Futura Labs, on 16-08-2021. The IT CLUB of EMEA Arts and Science College conducted a webinar on ' Artificial Intelligence ' organized by Department of Computer Science under co-ordinator Dr.O.Jamsheela on 16-082021(Monday) via Google Meet platform.

AI is branch of computer science that is concerned with the automation of intelligent behavior. AI is the study of mechanisms underlying intelligent behavior through the construction and evaluation of artifacts that attempt to enact those mechanisms.

The program was successfully handled by the resource person Vijitha T, Data Scientist, Futura Lab. The session was about

- Data Science.
- How Data Science is related to AI?
- What does a Data Scientist do?

It had an interactive session at last 20 minutes. Around 80 participants including students and teachers attended the webinar. The session lasted about an hour.

The banner features the Futura Labs logo (ENABLE - TRANSFORM - ACCELERATE) and the EMEA College of Arts & Science logo (AIDED BY GOVT. OF KERALA, AFFILIATED TO THE UNIVERSITY OF CALICUT, ACCREDITED WITH B++ BY UGC). The main text reads: 'WEBINAR CO-ORDINATED BY IT CLUB, DEPARTMENT OF COMPUTER SCIENCE EMEA COLLEGE OF ARTS & SCIENCE KONDOTTY'. The central image shows a white robot in a blue digital space. Below the image, it says 'WEBINAR ON ARTIFICIAL INTELLIGENCE' and 'LEARN FROM THE BEST!'. A photo of Vijitha T is shown with the text 'Resource Person : Vijitha T (Data Scientist, Futura Labs)'. The date and time are '16th August Monday 2.30 pm' and the platform is 'Google Meet'. The registration link is 'REGISTRATION LINK: [HTTPS://FORMS.GLE/9J5MGZHJ8FRQPCBT9](https://forms.gle/9J5MGZHJ8FRQPCBT9)'.

- **2004:** UNESCO-JAPAN Fellowship, Japan

Research Interests

- Electron spin resonance spectroscopy
- Membrane transport mechanisms
- Membrane biogenesis
- *In-situ* / cellular structural biology

WEBINAR REPORT

OBJECTIVE

To understand the structure and conformational changes of outer membrane protein complexes in the native membrane and intact E. coli, with the help of an in-situ pulsed ESR spectroscopy technique

WEBINAR SUMMARY

Membrane proteins frequently traverse a vast energy landscape and endure significant conformational changes while performing their functions. A structural biologist's dream is to examine them in their natural habitat, the cell. However, it

has not yet been possible to recreate a membrane protein structure *in situ* with adequate precision.

Membrane transport mechanisms

The transport of various substances through the cellular membrane is critical to the operation of cells and organelles. The chemical potential energy could drive transport when molecules move along a concentration gradient. Membrane transporters, on the other hand, frequently transport substrates against a concentration gradient. They connect an external energy source with substrate translocation to overcome such an energy barrier. The energy may come from ATP, an electrochemical gradient, or light, depending on the transporter. Gram-negative bacteria are becoming more resistant to antibiotics, resulting in increased sickness, healthcare expenses, and mortality. Their cell envelope is made up of two membranes: an inner membrane (IM) that surrounds the cytoplasm and an outer membrane (OM) that shields the cells from the environment. Phospholipids (PL) and lipopolysaccharides (LPS) make up the OM, which is an asymmetric bilayer (LPS). In addition, the OM contains a large number of β -barrel proteins (outer membrane proteins, OMPs). Both LPS and OMPs are produced in the cytoplasm and then transferred to the OM via the periplasm.

The LPS transport system in *E. coli* is made up of seven key proteins called that traverse the entire cell membrane. Similarly, the Bam subunits of the β -Barrel Assembly Machinery (BAM) mediate the folding and insertion of OMP precursors from the periplasm into the OM.

7

The BAM complex - β -barrel folding and insertion mechanism

The core β -barrel BamA appears in either an inward-open or lateral-open conformation in the two known structures for the BAM full-complex. Those conformational changes are thought to be linked to OMP folding and insertion via an unknown mechanism. Because the BAM complex includes the asymmetric outer membrane, mechanistic studies must be conducted in entire cells or natural membranes. We're investigating how BAM conformational changes are linked to protein folding and insertion using the in-situ ESR technique that we've demonstrated throughout the years.

The Lpt System - lipopolysaccharide (LPS) transport mechanism

The *trans*-periplasmic bridge, which consists of LptC, LptA, and the N-terminal domain of LptD, transfers LPS molecules from the inner membrane to the outer membrane in the Lpt system. It's thought that the ABC exporter LptB2FG, which is found in the inner membrane, extracts LPS molecules and

pushes them through the periplasm at the expense of ATP hydrolysis. Individual component structures have been determined. We're looking at how the subunits interact to produce the supramolecular trans-envelope complex, as well as how ATP hydrolysis at the inner membrane drives LPS transport through the periplasmic bridge and into the outer membrane.

LEARNING OUTCOME

Students will understand about

- ✚ In-situ Electron Spin Resonance (ESR) spectroscopy
- ✚ Membrane transport mechanisms
- ✚ Outer membrane Biogenesis.

Background and Relevance of the Cleanliness Drive

The Cleanliness Drive 2021 programme was designed to acknowledge and protect places of historical and cultural significance and to ensure such places are well maintained and orderly. N.C.C selected Mini Ooty as the site of mission due to its proximity to the college location, its scenic beauty that attracts tourists' attention and the need to keep it protected and well kept. Mini Ooty located in the Arimbra hills has various hiking points and is rich in biodiversity. Situated at 1050 feet from the sea level, it is one of the best tourist spots in Malappuram district. The programme also aimed to be a nature exploration experience for the N.C.C cadets.

Promoting sustainable tourism that does not affect the natural balance and ecosystem is the need of the hour. Since Mini Ooty holds such an undeniable place in the geography of Malappuram it is the duty of N.C.C cadets to ensure the place is protected from plastic and non-bio degradable waste and exploitation. The cleaning programme can encourage the local community to protect Mini Ooty. Setting dustbins in premises helps to have an effective waste disposal at Mini Ooty. It can also be a learning system opportunity for the cadets to appreciate and explore the nature.

CLEANLINESS DRIVE 2021

The team NCC of EMEA Collage of Arts and Science Kondotty had conducted a cleanliness drive as a part of 'Swatchatha Pakwatha' on 12th September 2021. Good social hygiene is important for both health and social reasons. Not only personal hygiene but also making our neighbourhood hygienic is very important. Therefore the programme was a part of social responsibility. The programme was conducted at Mini Ooty and Thiruvonamala. All Cadets were requested to assemble at the college by 9:00 am. Almost 25 Cadets were present in the programme. The School bus drove off at sharp 10:00 from the college to Thiruvonamala with cadets. The event included the agendas like 'tourist and historical place cleaning', 'Setting waste bins' and 'Trekking'. The event was concluded with photo session from all those scenic spots.

TREKKING AND CLEANING

The programme begins with Trekking at Thiruvonamala under the guidance of ANO Lt Abdul Rasheed, Prof Shihabudheen Paikkarathodi and UO Muzammil PT. Cadets were requested to bring drinking water, and umbrella as it was a rainy day. All of them were very much interested in doing this activity. Cadets cleaned almost all tourists spot in Thiruvonamala which was completely stuffed with plastic garbage. Cadets brought plastic carry bags to collect them and disposed all the garbage perfectly. This was followed by photo section from the scenic spot. The scenic beauty of nature made the photos more attractive.

SETTING WASTEBINS

After visiting Thiruvonamala the location was changed to Mini Ooty. All cadets were very much active in collecting plastic garbage. Apart from cleaning the Cadets of EMEA ARTS AND SCIENCE KONDOTTY had placed dust bins at various spots in Mini Ooty. The cadets were provided with Tea and Snacks for refreshments followed by photo session from Tourists spots. The programme wrapped up at sharp 3:00 am and the bus drove back to the college.

Cleanliness is a part of life. All these programs was conducted under 'Swatchatha Pakwadha'.It is the most significant campaign initiated by the government of India. Through this programme a sense of responsibility has been evoked among Indian citizen. Therefore the programme conducted by NCC of EMEA Collage of Arts and Science Kondotty was a great success.

Mr. Abdul Rasheed P, Food Safety Officer, Manjeri Circle, Greeshma Shanavas, was invited as the resource person for the session. Mr. Abdurazaque P. M. , IQAC coordinator of E.M.E.A College felicitated the webinar.

The seminar started on time at 10 A.M. The Resource Person Abdul Rasheed P gave a detailed outlook on scope and relevance of a food safety officer. He explained the eligibility criteria, exam pattern and mode of selection. The duties of a food safety officer were outlined and the importance of such a career was highlighted. Mr Abdul Rasheed also took effort to list out other career opportunities opened after graduating Biochemistry and motivated the students. He also interacted with students and helped them clear their doubts regarding the topic. A maximum of 60 participants were present in the webinar.

Feedback was collected from the participants. Overall the feedbacks received were positive and motivate the department to conduct similar programmed in the future.

THE PROGRAM REPORT

NSS DAY

The coordination committee of EMEA college nss units(102&115) conducted variety programs during the period from September 24 to 30 as part of nss day celebration. On nss day, the college principal Lt. Abdul Rasheed sir formally inaugurated the various events.

The first program “**Ithiri Neram Othiri karyam**” was organized by Malappuram district nss coordinator Sameera ma'am with volunteers through Google meet platform. The program was enlivened by sharing her personal experiences and by telling some motivations.

As part of the “**Priyapettavarodoppam**” program, the nss volunteers visited Feroke snehatheeram old age home and paid for a day's food. At last EMEA nss units also conducted 'drop of hope' blood donation camp in September 29.

DEBATING SOCIETY

SPEAK AND SHINE: A WORKSHOP ON PUBLIC SPEAKING SKILLS AND LEADERSHIP QUALITIES

REPORT

A Workshop named “SPEAK AND SHINE: A WORKSHOP ON PUBLIC SPEAKING SKILLS AND LEADERSHIP QUALITIES” was organized under the banner of Debating Society, Emea College of Arts and Science. Miss Irfana Parveen, (Assistant professor, English department) co ordinated the Program which commenced at 7 p.m on Google meet Platform, owing to the Pandemic. The Workshop which aimed at fostering Public Speaking Skills and Leadership qualities was set in motion with the Welcome speech delivered by Miss Irfana Parveen. Miss Sangeeta Ramaswamy, the Resourse person, is a freelance corporate communication consultant who is currently pursuing her post graduate degree in Strategic Marketing Communications in Canada.

Students were well-briefed with the significance of Public speaking and the myths associated with it by citing examples from her life. Special references were made to leadership qualities_ it’s link to public speaking and it’s importance. Some of her notable words include "Leadership qualities are innate in every individual and what one have to do is develop those qualities”, "Standing to answer a question in the middle of a class or in the online era, unmuting to speak up in between a class; everything can be considered as leadership qualities." Students were further introduced to three main skills required for Public Speaking. To elucidate her points, an 8 minutes long TED talk of Danish Dhamani on 'How I overcame my fear of Public Speaking' was presented on the screen.

At the end of her talk, Audience were given chances for clarifications and feedbacks to which there was an Enthusiastic response. Several questions were raised by the students and received satisfactory answers. Her concluding remarks can be recorded as, "We are all afraid of speaking because we are afraid of committing mistakes. Mistakes happen for everyone and anyone. What we have to do is to learn from ours' as well as others'. The program marked its end at 8:30pm with the vote of thanks delivered by Thamanna.M (3rd year, English dept.). There was an active

participation of Students and Teachers from various colleges . The workshop was reviewed as one of the best sessions organized by the Debating Society.

Meeting interface showing a presentation slide titled "What is public speaking?" and "Why is developing Public Speaking skills important for you?". The slide content includes:

What is public speaking?
Public Speaking is a 'formal' face-to-face communication method where a person(s) uses the medium of speech to Inform and/or Influence a group of listeners (an audience).

Why is developing Public Speaking skills important for you?
Being able to inform and influence both students and university staff members through effective communications is essential for a great learning experience now as well as an awesome future careers.

Participants visible in the meeting grid include: sangeetha rah..., Afzal PC, EMEA COLLEGE, Apama j, fathima febina, Sajeera Cholak..., ABDUL JALEEL, DEVIJA BALAN, 19-Huda Pv, Shaharabanu Kp, 39 others, and You.

NATIONAL SERVICE SCHEME

EMEA College of arts and Science, Kondotti
Unit:102,115

A REPORT ON WORLD FOOD DAY

 nss_emea_college

*Let your food be your medicine,
and your medicine be your food*

NATIONAL SERVICE SCHEME

EMEA College of Arts and Science Kondotti
Unit 102 & 115

THE PROGRAM REPORT

World Food Day is an international day celebrated every year worldwide on 16 October to commemorate the date of the founding of the United Nations Food and Agriculture Organization in 1945. The day is celebrated widely by many other organizations concerned with hunger and food security, including the

World Food Programme, the World Health Organization and the International Fund for Agricultural Development. The World Food day theme for this year was “Safe food now for a healthy tomorrow”.

In Connection with World Food Day, the NSS Volunteers of EMEA College of Arts and Science, Kondotty (Unit No:-102, 115) organized a programme on 16/10/2021 at College. The Programme was started by NSS Prayer and the welcome speech was given by the NSS Secretary Mr. Yamil.

The Programme was focused on the importance of food. An awareness class was given to NSS Volunteers by the Programme officer Mr. Shihabudheen Sir. The awareness class was about food abuse and its ways to prevent it and the protection of food. After that a pledge was conducted. The Pledge was led by the NSS volunteer Miss Hiba. After that vote of thanks was given by the NSS Secretary Miss. Basima. The entire Programme was a fruitful one with active Participation of 75 Volunteers.

EMEA COLLEGE OF ARTS & SCIENCE KONDOTTY**

Report on Induction Programme

2021-2022

Prepared by:

Faseela PA

Assistant Professor, Department of English

The induction program for the first-year admitted students of BA English programme for the academic year 2021-2022 was conducted on 09/11/2021, Tuesday at AVT. The objective of this program was to acclimatize the students to the new environment and get them acquainted with the institution culture.

Agenda:

- Introduction to the department and faculties
- College rules and regulations
- Introduction to the BA English programme, syllabus, internal external evaluation, weightage, attendance and dropout issues
- Higher studies and career opportunities
- Co-curricular and extra-curricular activities
- Anti-Ragging

Session 1

The programme started at 09:30am with the welcome note by the class advisor Faseela PA, Assistant Professor, Department of English. The presidential address was given by the Head of the Department, Roy PP. He briefed about the student's roles, responsibilities, rules and regulations to be followed at the College. The programme was inaugurated by the Principal, Lt Abdul Rasheed P. He provided basic information and prospective of the programme, various facilities and infrastructure available at the College. Dr Ashraf valoor, Assistant Professor, Department of Political Science felicitated the programme.

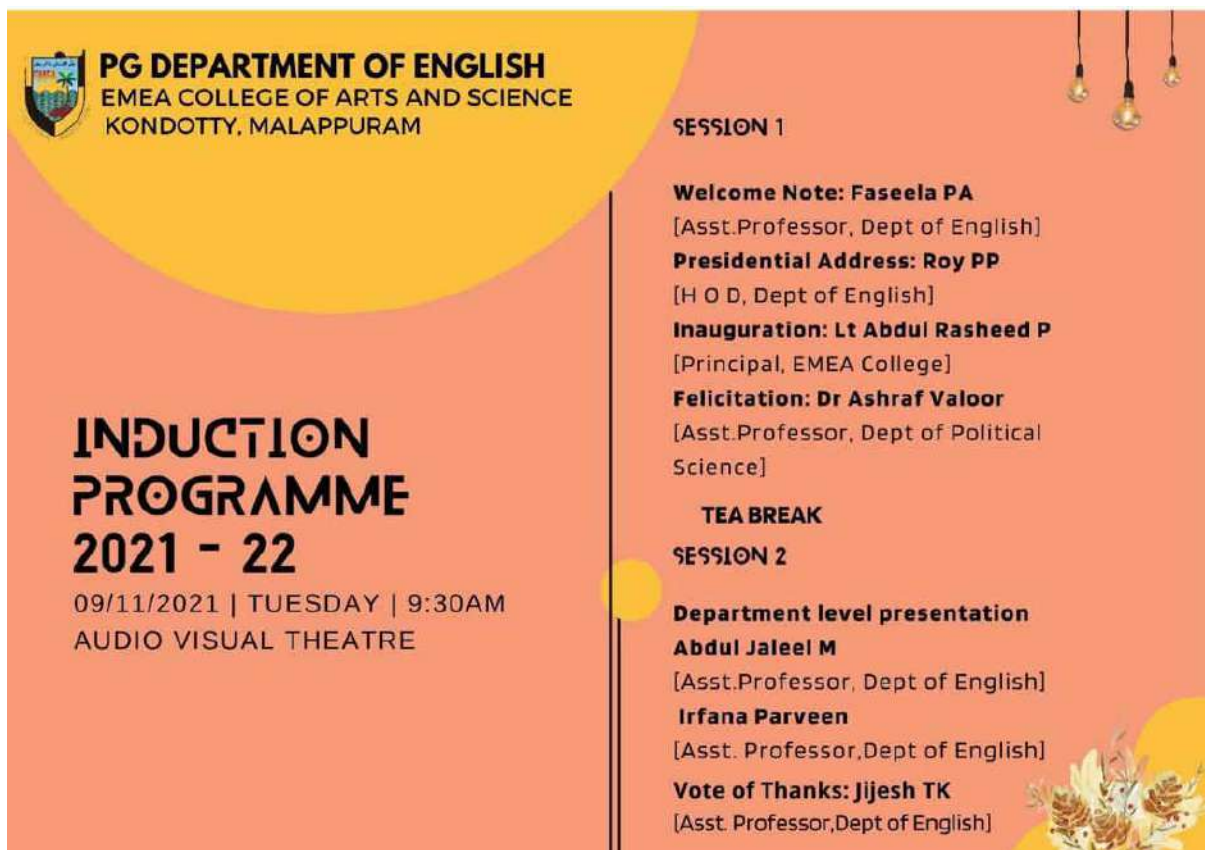

Session 2

After the refreshment, Abdul Jaleel M, Assistant Professor, Department of English, addressed the students and provided a sheer picture of the department, faculties and the curricular and co-curricular activities of the department.

Faseela PA, Assistant Professor, Department of English described the syllabus, internal and external evaluation and scholarships

Nargees MK, Assistant Professor, Department of English familiarized the students and their parents with attendance pattern ,drop out issues, higher studies and career opportunities.

The program was concluded with the vote of thanks by Jijeesh TK, Assistant Professor , Department of English.

Webinar on
‘DATA COMMUNICATIONS AND NETWORKING
on 25/11/2021.

The Department of Computer Science organized a Webinar on ‘DATA COMMUNICATIONS AND NETWORKING’ on 25-11-21 via Zoom platform. Data communications is the process of using computing and communication technologies to transfer data from one place to another, or between participating parties. All in all, data communication allows businesses to reduce expenses and improve efficiency by sharing data and common equipment among many different computers. At the same time, the network may be connected through cables, telephone lines, infrared beams, which is cheaper and helps to reduce the expenses. The essential components of data communication are Message , Sender, Receiver, Transmission Medium , Set of rules (Protocol) .

The resource person, Dr. P.V Nidhin, Principal and Assistant Professor, Department of Physics, SAFA College of Arts and Science, Valanchery , explained all the technical aspects of the data communication technologies.

The resource person explained different uses and advantages of the communication technologies. He also highlighted the research aspects of the field and the invention of new fast and secured technologies. He explained the procedure in a simple manner because most of the participants were new to the technology. An intensive interactive session followed the lecture.

Principal Lt.Abdul Rasheed.P inaugurated the Webinar, Dr.Fazil, H.O.D, department of Physics presided, coordinator Dr.O.Jamsheela welcomed the gathering and student Raiba proposed a vote of thanks.

These manual sketches will be transferred to system by using software. The 2D impressions will be converted to 3D designs by using Computer Aided Designing software called RHINO which will be moved to Computer Aided Manufacturing in the later stage.

HONOURING

CERTIFICATE OF PARTICIPATION

Certificate of Participation

This certificate is proudly presented to the DEPARTMENT OF BACHELOR OF BUSINESS ADMINISTRATION, EMEA COLLEGE - Kondotti for participating and completing One day Industrial visit conducted by INSTITUTE OF GEMS AND JEWELLERY, Inkel Educity, Malappuram on 7 December 2021.

We appreciate all the 55 students and faculties who made this event successful.

Warm Regards
PRINCIPAL
Principal of Gems and Jewellery Inkel Educity
Malappuram, Kerala, India, Pin: 676 519

REQUEST FOR INDUSTRIAL VISIT

Greetings from the Institute of Gems and Jewellery!

Dear Asif Sir,

At the outset, we are very proud to inform you that the Institute of Gems and Jewellery (India's leading gem and Jewellery Institute) is organizing seminars and industrial visits for the Departments of Business Administration of many colleges. As a part of this program, we are cordially inviting your college (EMEA College of Arts and Science, Kondotty) to the same at our campus and it will be an educational tour of the Gold & Diamond Manufacturing, Designing etc units at INKEL Edu-Industrial Park. The eminent Jewellery designers and manufacturers will be addressing the seminar.

Can participate in this program which you can schedule all working days, between December 6th 2021 to December 17th 2021.

We request you to depute the students of your esteemed institution to attend the Industrial Visit cum seminar and make it a great success. We are eagerly waiting for your great presence in the Program.

**Enclosure: Proposed schedule of IV.
Thanks & Regards,**

**Muhamed Aseeb MP
Marketing Manager.

PERSONAL DETAILS

Name Anwar Azad Palakkan

Date of Birth 14-02-1985

E-mail /Telephone bioanwar@gmail.com

TECHNICAL EXPERTISE

- Extensive experience with tissue culture and advanced cell culture techniques; including mouse and human pluripotent stem cells (10-12 different cell lines), their differentiation to hepatic, renal and endothelial cells and co-culture on micro patterned surfaces. Expertise in generation of renal organoids from iPSC cells. Expertise in isolation and culture of primary hepatocytes (rat and human) and in handling variety of cell lines (L929, HepG2, Huh7, HeLa, HEK 293, SF9 etc).
- Experience in **assay development** for **throughput toxicity screening** (cellular assays in 96 well plate) using stem cell derived hepatocytes, and **data analysis** by writing R scripts/ Image J macros.
- Experience in **molecular biology techniques** (plasmid vector, reporter lines), qPCR, western blot and ELISA techniques.
- Expert on **flow cytometer** (BD FACSAria II, BD LSRFortessa™, BD Accuri™ C6, BD FACSCalibur™) and imaging techniques including expertise with different **confocal microscopes** (Nikon A1R, Zeiss LSM 550, Zeiss LSM 510 Meta).
- Experience in working and coordinating **multicenter collaborative industry partnership project** funded by European Union.
- Working experience in ISO 10993-5 and COFRAC accredited R&D lab.

COMPUTER SKILLS

Good computational skills including programming [**R scripts** for data analysis and **Image J macros** for image analysis]. Autor/Maintainer of 'Bioassays' R Package in CRAN Microsoft Excel (automate excel calculations using formulas and macro), Microsoft Word. Business Software's like Graphpad Prism, Imaris, Image J, Flow Jo, qBase+, BD FACSDiva™.

EXPERIENCE/ POST HELD

Post-Doctoral Research Fellow, University of Edinburgh- from February 2014 till March 2021. From 17/02/14 to 31/12/2015 worked for Dr Hadwen trust project on “A scalable system for the production of human induced pluripotent cell (hiPSC)-derived, functionally mature hepatocytes for replacement of animal toxicology testing”, at University of Edinburgh, UK.

Works include hiPSC culture and maintenance, **differentiation to hepatocytes**, culturing hepatocytes on different surfaces/matrixes. **Primary human foetal hepatocytes culture**. ELISA, immunostaining, Flowcytometry, qPCR and western blotting.

From 01/01/2016 to 16/03/2018 worked for StemBANCC (EU Project) on “Stem cells for biological assays of novel drugs and predictive toxicology”, at University of Edinburgh, UK. Works include culture, maintenance and cryopreservation of different hiPSC lines (12-15 different lines); their **differentiation to hepatocytes** and **throughput toxicity screening** (cellular assays) of different drugs. Differentiation of hiPSC to endothelial cells, biliary cells and cardiomyocytes. **Co-culture of hepatocytes with endothelial cells on micro-patterned surfaces**. **High throughput screening (in 96 well plates)** of small molecules using differentiated hepatocytes and data analysis (by writing scripts for image analysis and ELISA data). Standardizing and developing protocol for **bulk culturing** of definitive endoderm cells. Flowcytometry, qPCR, MACS sorting and western blotting. Writing SOPs, documentation, co-coordinating multicenter works with pharma companies, project management and training students/staff.

From 19/03/2018 till 31/3/2021 working for Kidney research UK project on “Advancing construction of human induced pluripotent stem cell (iPSC)-derived kidneys from current crude organoids to making anatomically realistic miniorgans”, at University of Edinburgh, UK.

Works include culture, maintenance and cryopreservation of different embryonic and hiPSC's; their differentiation to urinary bud, nephron progenitors and stromal progenitors. FACS sorting of progenitor cells and re-aggregation to form **renal organoids**. Microscopic dissection, isolation and culture of mouse fetal kidney. Implanting organoids on chicken egg chorioallantoic membrane and injecting dyes to blood

vessels. Flowcytometry, Immunostaining and **confocal microscopy**. **Cell transfection and generating reporter lines** (ES cells). Project management and helping students.

From 15/04/2012 till present working as Ramalingaswami Re-entry fellow (independent principle investigator) for the Department of Biotechnology, India project on "**Modeling macular degeneration using human pluripotent stem cells to better understand disease pathophysiology and to investigate novel therapies**", at Aravind Medical Research Foundation, Madurai, India.

Works include establishment of iPSC culture facility and its management, training staffs, generation of iPSC lines in a **GMP lab**. Documentation, Publish results and writing project proposals for attracting more funds.

Lecturer, Department of Biotechnology, Cochin University of Science and Technology, India- July 2013 to November 2013

Lecturing biophysics to 1st semester MSC biotechnology students. Designing the experiments and carrying out biochemistry practical's. Conducting theory and practical exams, oral viva examination and evaluating the answer sheet.

PhD Student, Sree Chitra Tirunal Institute for Medical Science and Technology, India- 2008 – 2013

***In vitro* toxicity screening of biomaterials, cell cycle analysis** by flowcytometry, confocal microscopy of cells cultured on biomaterials. **Isolation and culture of primary rat hepatocytes** and mesenchymal stem cells. Culture and maintenance of different **cell lines** (HepG2, L929, Huh7, HELA etc). Live cell imaging and developing **new assays for biliary excretion**. Design and evaluation of **prototype bioreactor**, generating liver failure rat models and transplanting cells. Documentation as per **ISO 10993-5 certification**.

AWARDS / ACHEIVMENTS

Ramalingaswami Re-entry Fellowship (Session 2019-20) – DBT, India

Commonwealth Scholarship for split site PhD (International Scholarship)

ICMR Junior/Senior Research Fellowship -India

National Eligibility for Lectureship, University Grand Commission, India

3rd Rank MSC Biotechnology (Kerala University, India)

6. Report

Microbiology alumni association conducted a webinar on google meet platform during the year 2021-22 on topic titled **CRISPR/Cas9 gene editing**. The webinar was handled by our prestigious alumni Dr. Anwar Azad P (2002-2005) batch who is now working as Rama linga swami Re-entry fellow, immunology and stem cells, Aravind medical research foundation, Madurai. Our proud alumnus explains different mechanism of gene editing .Around 60 students of our department attended the programmeThe participation and interaction of students were amazing. The programme was inaugurated by principal Lt. Abdul Rasheed on 10th December 2021.

EMEA COLLEGE OF ARTS & SCIENCE

KONDOTTY

Orientation on

"A Talk on Scholarships"

(2021-2022)

Objectives:

- To foster awareness among the all SC/ST students about their Scholarships.

SC/ST Cell, EMEA College of Arts and Science, Kondotti, organised an orientation programme on "A Talk On Scholarships" for all SC/ST students of the department at 2.30 PM on 13 January 2022 at the college seminar hall. Mr Abdul jaleel(EMEA COLLEGE, kondotty) handled the session.

As many as 38 students from different batches attended and interacted with the resource person. Dr. Abdul Rasaque, Associate Professor of Economics, presided over the programme. Dr. Dhanya PS Assistant Professor of Hindi welcomed the gathering. Ms. Suja.U , Assistant professor of Hindi proposed vote of thanks.

Expected Outcome:

- Expect the participants to clear various Scholarships.
- Expect the participants to apply the different kinds of scholarships.

Seminar on 'MOBILE MARKETING on 18/01/2022.

The IT-CLUB, EMEA College, organized a Seminar on 'MOBILE MARKETING on 18/01/2022. Mobile marketing is a multi-channel online marketing technique focused at reaching a specific audience on their smartphones, feature phones, tablets, or any other related devices through websites, E-mail, SMS and MMS, social media, or mobile applications. The resource person, Ajith has 8 years of experience in the field, explained all the aspects of the Mobile marketing.

The resource person explained various advantages and uses of the MOBILE marketing. He also highlighted the most popular products which have been introduced in this way. He explained that a targeted audience can be reached in a cost-effective and measurable way. He explained with some examples that the main advantage of the mobile marketing is that Mobile marketing allows you to reach a highly targeted audience and have direct marketing communication with different customer groups as users generally have to opt-in to receive messages.

The session was a hands-on training session. Participants have used the technology by using their mobile phones connected to Wi-Fi network. It was an interactive and informative session.

Principal Lt. Abdul Rasheed.P inaugurated the Seminar, Coordinator, Dr.O.Jamsheela welcomed the gathering and student Raiba proposed a vote of thanks.

PG Department of English

Orientation on

"Higher Studies and Job Opportunities after BA/MA English"

Objectives:

- To foster awareness among the final year UG and PG students about the higher education possibilities and job opportunities.
- To update students the dates and procedures of various central and state level universities and colleges
- To update students about various UPSC/PSC/SSC job opportunities.

PG Department of English, EMEA College of Arts and Science, Kondotti, organised an orientation programme on "Higher Studies and Job Opportunities after BA/MA English" for the students of the department at 10 AM on 19 January 2022 at the college seminar hall. Mr Mohammed Nabeel, Chief Career Coach, Team Incubation, Calicut, handled the session. As many as 157 students from different batches attended and interacted with the resource person. Dr. Afsal PC, Asst Professor of English, presided over the programme. Ms. Fidha Backer of sixth semester BA English welcomed the gathering. Ms. Shahanas of sixth semester BA English proposed vote of thanks.

Expected Outcome:

- Expect the participants to clear various entrance examinations.
- Expect the participants to appear for job-oriented examinations.

Thespia - Theatre Club

Report of

THESPIAN'22

EnActing Plays

10 February 2022

Thursday

@ AVT

Thespia - Theatre Club

Thespia_Theatre Club, EMEA College Kondotty in association with the PG Department of English of the college organized a drama fest named “Thespian’22, EnActing Plays” on 10 February 2022, Thursday at AVT. Thespian’22 was the continuation of Thespian’19, which was held as a part of Girish Karnard commemoration in 2019.

Objectives

- To ensure experiential learning for the students
- To make them familiar with dramatic techniques
- To build intellectual and aesthetic understanding of the plays
- To enhance collaborative team spirit
- To provide theatre experience

Outcome

- Students became familiar with theatre techniques
- Students could experience dramas
- Productivity in the collaborative process
- Developed knowledge of theatre and dramatic literature
- Polished skills in script writing

In order to make Thespian’22 more alluring, it was planned as a dramatic competition between the five batch students of the English Department and offered promising prizes for the winners. Students of each batch selected plays of their choice and ensured the participation of every student by giving them duties such as screen play writers, actors, coordinators, assistance, etc.

Thespia - Theatre Club

Selected plays

I BA English: Dance Like a Man

II BA English: Little Women

III BA English: Othello

I MA English: Hamlet

II MA English: A Tempest

Thespian'22 started in memory of the deceased Indian popular playback singer Lata Mangeshkar. Aparna G Nair (III BA English) sang a beautiful song as a tribute to Lata Mangeshkar. Sajeera Cholakkal, Assistant Professor, Department of English, welcomed the dignitaries and other members to the drama fest. She gave an introduction to the Thespian'22. Presidential address was given by Mr. Abdul Jaleel M, Coordinator, Thespia-Theatre Club. He pointed out the need and the significances of the drama fest as it is counting for experiential learning. Lt Abdul Rasheed P, Principal, EMEA College, inaugurated Thespian'22, he inspired and motivated the students through his marvelous speech. The programme was felicitated by Ms Haulath, Assistant Coordinator, IQAC. Honorable Principal along with Head of the English Department, Roy PP distributed mementos to the entrance rank holders for MA English, LiyanaKM (2017-2020 batch), who secured admission in the Central University of Tamilnadu and Ameena Shahanas (2018-2021 batch), who joined at Pondicheri University. In the end, Faseela PA, Coordinator, Thespian '22 proposed the vote of thanks to the all dignitaries present and the participants.

Thespia - Theatre Club

Vote of thanks proposed by Faseela PA (Coordinator, Thespian'22)

After the inauguration session, the most awaited drama performances of the students took place on the stage. There was a three-member judgement team to evaluate the performances of the students. Based on the student's performances, it was decided to select the best two dramas for the first and second position, the best performer and the best screen play writer.

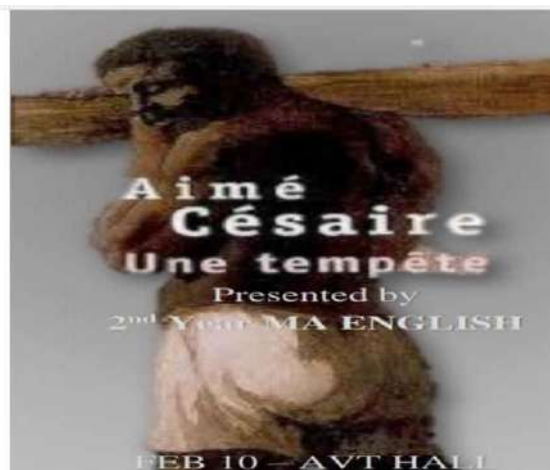

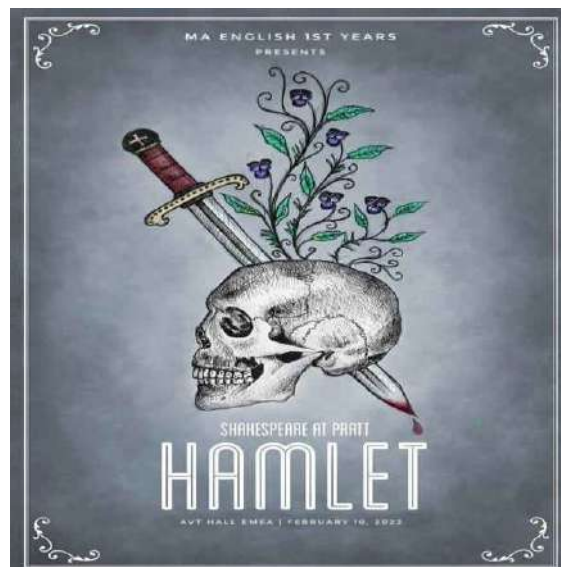

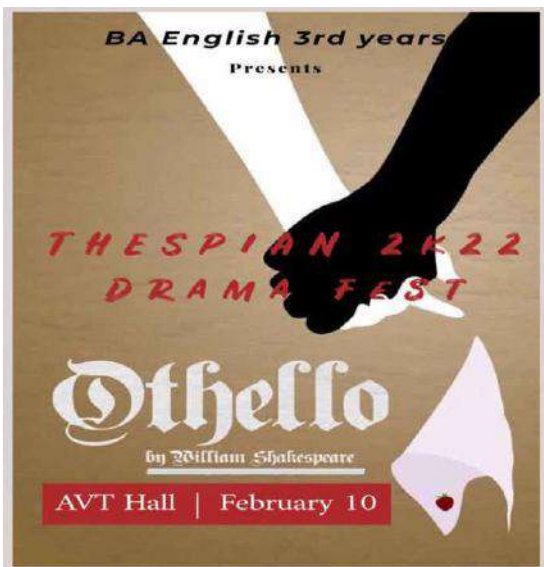

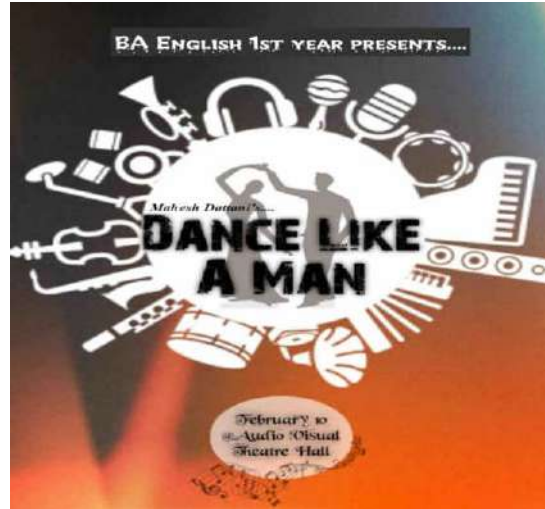

Judgment team:

- Dr. Abdul Muneer V (HOD & Associate Professor, Department of Journalism)
- Dr. Dhanya PS (HOD & Assistant Professor, Department of Hindi)
- Dr. Afsal PC (Assistant Professor, Department of English)

About Kerala Startup Mission

The Kerala Startup Mission (KSUM) is the nodal agency of the government of Kerala for promoting entrepreneurship in the state. It is also the implementing body for the Kerala Technology Startup Policy that supports the state's startup ecosystem through the various schemes and support programs. KSUM was founded in 2006, with the goal to promote technology-based entrepreneurship activities and to create the infrastructure and ecosystem required to support high-end technology-based startup businesses.

KSUM acts as a springboard for budding entrepreneurs who wish to launch themselves into the world of technology-based careers and has helped develop several innovative products and solutions. Over the past decade KSUM has been able to build a vibrant startup ecosystem allowing technology entrepreneurs to pursue their goals and dreams by providing them complete support in the startup life cycle. Today KSUM along with sector-specific partner organisations, boast of 2900 + registered startups, 10 Lakh + sq. feet of incubation space, 40+ incubators and 300+ innovation centres across the state of Kerala.

The interventions made by KSUM in Kerala have brought about a cultural change among the youth of Kerala, as well as in how the government goes about its work. Young minds who come up with innovative solutions now have the support of various incubators and government schemes as highlighted earlier, which not only help bring in funding but also provide mentorship and expansion opportunities at different stages. This approach of the government enables startups to entrepreneurs to get ample opportunities to collaborate with the support infrastructure to develop impactful technology solutions.

PROGRAMME REPORT

FIRST SESSION

The Inauguration of Startup Club EMEA College of Arts and Science done by Mr.Muhammed Riyas (Project Director Kerala Startup Mission) on 14th Feb 2022 at 11.30 Am On AVT Hall EMEA College.

Mr.Althaf Tk HOD Department of vocational Studies began and welcomed the programme. Lt.Abdul Rasheed P (Principal EMEA College) done by presidential address. Felicitation done by Mr.Abdul Razak (IQAC Coordinator EMEA college and Dr. Shamsudheen Coordinator Incubation EMEA College Mr.Muhammed Faisal Coordinator ED Club. Vote of thanks done by Mr.Moideen Shafeeque.

This programme was complete successful and 186 students are participated this programme

SECOND SESSION

The Orientation of IEDC done by Aiswarya Lakshmi (Technollogy Fellow IEDC KSUM) on 14th Feb 2022 1pm At AVT Hall EMEA College.

Binshad P Coordinator startup club welcomed the programme. Dr.Ashraf Valoor (Placement officer EMEA College) done by the felicitation and Final vote of thanks Mrs.Sairabanu CK (Assistant Professor Professional Accounting and Taxation). This programme also completed with whole strength of first session.

A One-day Workshop on

Moodle Learning Management System

Report

Introduction

The world of knowledge creation and dissemination undergoes drastic changes in line with the innovative technologies. Teaching-learning process and research activities also have adopted the changes in the methods of activities. The University Grants Commission (UGC) also promotes the paradigm shift from the traditional mode of education to a digitised one. Realising this fact, Internal Quality Assurance Cell of EMEA College organises various orientation and workshop programmes on various Learning Management Systems (LMSs).

A one-day workshop was arranged by the IQAC on “Moodle Learning Management System at 1:30 pm on 15 February 2022 at Computer Science Lab. Dr. Afsal PC, Coordinator, Criterion-I, NAAC, welcomed the gathering. The programme was inaugurated by Mr. PM Abdurazaque, Coordinator, IQAC. Ms. Ashitha K Sanuj, Assistant Professor, PG Department of Microbiology, acted as resource person. She elaborated on different nuances of the learning management system and trained other faculty members to use the LMS. As many as 36 faculty members from different departments attended the workshop. Ms. Haulath K, Assistant Coordinator, IQAC, proposed a vote of thanks.

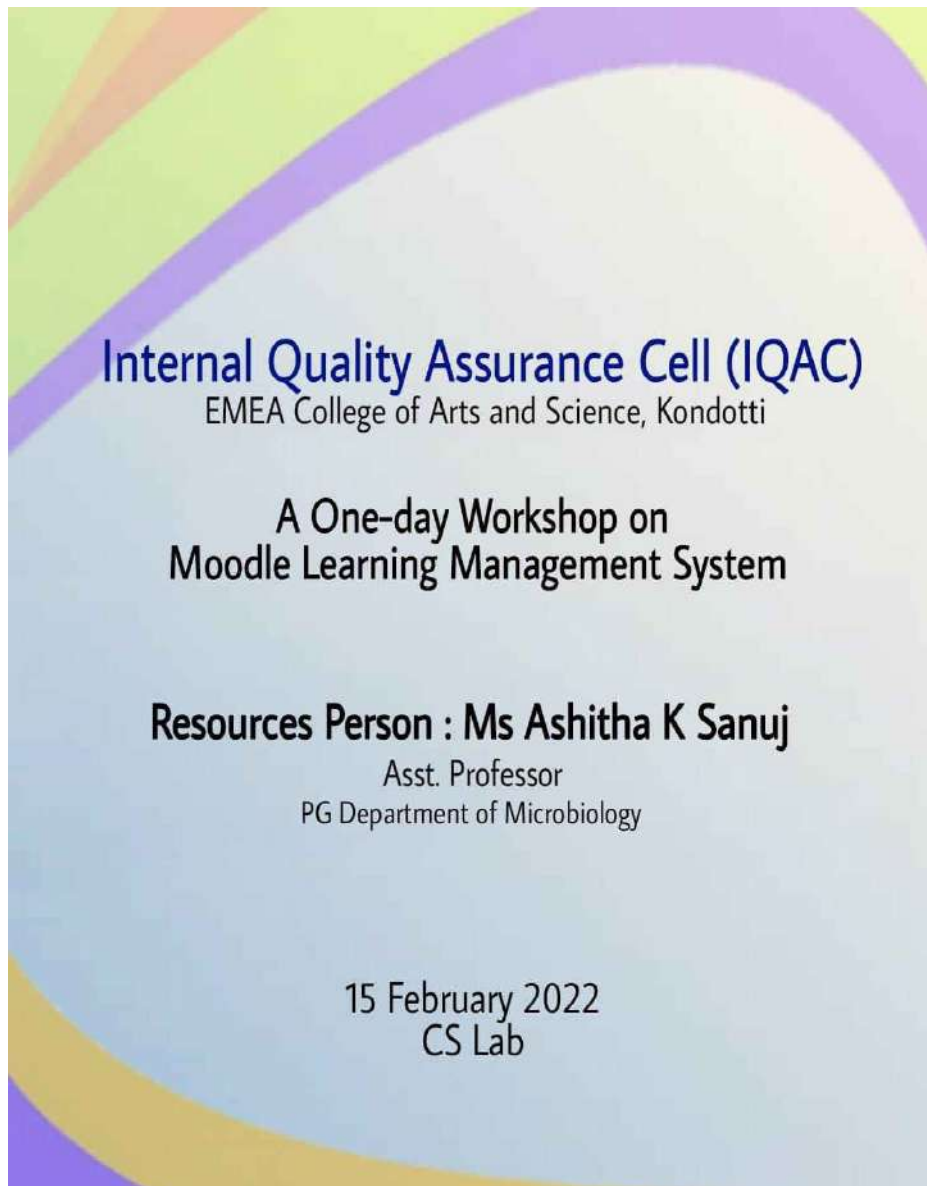

Objectives:

1. Providing adequate training for the faculty members in Moodle Learning Management System
2. Motivate faculty members to adopt the recent trends in teaching-learning activities
3. Providing platforms to create online study material

Expected Outcome:

1. The faculty members are expected to incorporate Moodle into their teaching method.
2. Faculty are expected to create and share online study materials on Moodle Platform
3. They are expected to conduct various assessment by making use of the LMS.

Brochure

The brochure cover features a light blue background with a large, stylized white circle. The top-left corner is decorated with overlapping curved bands in shades of green, orange, and purple. The bottom-left corner has a yellow and purple curved band. The text is centered on the white circle.

WOMEN DEVELOPMENT CELL

EMEA College of Arts and Science, Kondotti

Organize a Talk

“Unravelling the secrets of women health”

Wednesday 23/08/2022

Report

Women experience unique health issues and conditions, from pregnancy and menopause to gynecological conditions, such as uterine fibroids and pelvic floor disorders. The health topics listed below affect women only. Some other conditions affect men too but affect women primarily or more severely.

Gynecological health and disorders affecting women include menstruation and menstrual irregularities; urinary tract health, including urinary incontinence and pelvic floor disorders; and such disorders as bacterial vaginosis, vaginitis, uterine fibroids, and vulvodynia.

Pregnancy issues include pre-pregnancy care and prenatal care, pregnancy loss (miscarriage and stillbirth), preterm labour and premature birth, sudden infant death syndrome (SIDS), breastfeeding, and birth defects.

Disorders related to infertility include uterine fibroids, polycystic ovary syndrome, endometriosis, and primary ovarian insufficiency.

Other disorders and conditions that affect only women include Turner syndrome, Rett syndrome, and ovarian and cervical cancers.

Issues related to women's overall health and wellness include violence against women, women with disabilities and their unique challenges, osteoporosis and bone health, and menopause.

While both men and women contract various conditions, some health issues affect women differently and more commonly. Furthermore, many women's health conditions go undiagnosed and most drug trials do not include female test subjects. Even so, women bear exclusive health concerns, such as breast cancer, cervical cancer, menopause, and pregnancy. Women suffer higher heart attack

deaths compared to men. Depression and anxiety exhibit more frequently among female patients. Urinary tract conditions present more often in females, and sexually transmitted diseases can cause more harm to women.

About 100 girls attended the seminar. There was an interactive session where students cleared most of their doubts. Overall the program was a great success. Feed back of the program by the students was really good. Vote of thanks was delivered by Ms. Basila of second semester B.Sc Microbiology student.

INCUBATE

**Orientation for First Year
Principal's Club Members**

Date: 11 March 2022 (Friday)

Time: 10:30 AM

Seminar Hall, EMEA College of Arts & Science, Kondotti

**Principal's Club
Students Advisory Scheme, EMEA College Kondotty**

PRINCIPAL'S CLUB

About the Club:

Principal's Club is a Unique Programme under the Students Advisory Scheme. Students Advisory Scheme has been active in the college and has been closely monitoring the mentoring process and providing timely directions and interventions to enhance the mentor – mentee relationship.

At the institutional level, a set of students is identified as 'Advanced Learners' and thus a 'Principal's Club' is formed. To find out members for these above mentioned categories, an entry level Entrance examination is conducted for all the first year UG students. Special question papers are set having proportionate questions to check the proficiency of students in English language skills, GK and Current Affairs and the subject of their Plus Two Intermediate course. Candidates for these clubs are selected giving equal weightage for their performance in the entrance examination and their Plus Two percentage. The shortlisted candidates are further made to undergo an interview before being included in the final list.

The members of this clubs are given opportunities to interact with eminent personalities including academicians, politicians, diplomats and scholars. The students selected have the following benefits and privileges: Additional Library cards, Meet the guest programmes, Residential career workshops, visits to Higher educational Institutions, Participation in exclusive programmes organised by potential institutions, Special training on public speaking, debating, interview skills, body language, presentation and seminar skills etc.

Unwinding Wing: Talk with Eminent Personalities

Objectives of the Club:

- To identify Advanced Learners
- To provide them better opportunities
- To enhance the capabilities of students by providing frequent sessions on various areas.
- To form a group of students who would become role models to the student community by shining in various realms of academia.

Outcomes of the Club:

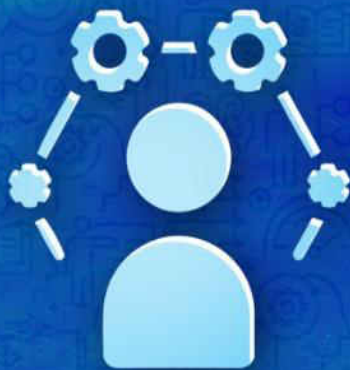

- A group of students who are the cream are selected.
- The members of the club are given opportunities:
 - To interact with eminent personalities including academicians and professionals
 - To attend various programmes of national and international vigour.
 - To attend various career and higher education orientations
- A group of students is formed who perform as the face of the institution in every aspect.

Summary of the Programme:

Principal's Club EMEA College Kondotty organized an orientation session for the First year students under the title - " INCUBATE: Orientation for First Year Principal's Club Members" on 11 March 2022 Friday, 10.30 AM at the Seminar Hall. The programme was meant to give an orientation about the Principal's Club and activities to the newly enrolled students from the first year UG students of the current batch.

The session began with an introduction by Mr. Abdul Jaleel M (Coordinator, Principal's Club). He introduced the Club to the members with the aid of a PPT presentation. The presentation covered an introduction to the club, the selection procedure, the benefits of being the club members, etc. It was followed by the Principal's Address titled "Sky is the Limit" by Lt. Abdul Rasheed. P (Principal, EMEA College of Arts & Science Kondotty). The talk was instrumental in giving sufficient motivation to the club members to pursue their goals and achieve them through dedication and hard work.

Self introduction and interactive session of the club members is led by Ms.NK Zaheera Banu (Joint Coordinator, Principal's Club) in which the club members came forward and introduced themselves. They shared their views about the future and things to be done for attaining the goals.

Dr. Abdul Muneer. V (Coordinator, Committee for Students Advisory Scheme) felicitated the function with his esteemed presence and involvement

.

One-day Orientation Programme on Massive Open Online Course (MOOC) Development

15 March 2022

Jointly organised by

**Internal Quality Assurance Cell (IQAC), EMEA College of Arts and
Science, Kondotti**

&

Educational Multimedia Research Centre (EMMRC), University of Calicut

Introduction

The world of academia is witnessing epoch-making changes of late. Teaching-learning process as well as research activities is centred around the sole aim of making the "ivory tower" of education accessible to anyone anytime and from anywhere, breaking the barriers of traditional enclaves. In line with the thoughts, the organisations like UGC and Higher Education Department attempt to expedite a paradigm shift from the traditional mode of education to that of a digitised one. Massive Open Online Course (MOOC) is the latest tool implemented for the purpose.

Therefore, HEIs as well as faculty members are highly promoted to organise and participate orientation and training programmes on MOOC. Whereas it brings credits in CAS and promotion procedures in the case of permanent faculty, MOOC related performances will boost the academic credentials of guest faculty who aspire to get into service.

It is in this wake that the Internal Quality Assurance Cell of EMEA introduced a one-day orientation programme on MOOC in collaboration with EMMRC, University of Calicut. The programme will be held on 15 March 2022, Tuesday, from 9.45 PM to 3.30 PM at Audio Visual Theatre.

Objectives:

- Foster awareness among the faculty members about the latest trends in Massive Open Online Courses
- Introduce the concept of MOOC to the faculty members
- To make the faculty acquainted with the latest tools and software to develop MOOC
- Help interested faculty members apply for MOOC
- Introduce the Swayamprabha Channels

PRINCIPAL
EMEA COLLEGE OF ARTS
& SCIENCE, KONDOTTI
MALAPPURAM DT. 673 638.

The One-day orientation programme was conducted in six sessions.

Session I: Inauguration:

Dr. Afsal PC, Assistant Professor and coordinator presented the theme of the orientation programme. Dr. Abdul Muneer V, Associate Professor of Journalism and coordinator welcomed the gathering. Lt. Abdul Rasheed P, Principal, delivered the Principal's Address. Mr. Abdurazaque PM, Coordinator, IQAC, felicitated. The programme was inaugurated by Shri. Damodar Prasad D, Director, EMMRC, University of Calicut. Ms. Haulath K, Joint Coordinator, IQAC, proposed a vote of thanks.

Session II:

Shri. Damodar Prasad D, Director, EMMRC, University of Calicut, delivered the key-note address on the topic "Virtual Education." In his speech, he deliberated on various concepts like ICT-based Learning, MOOC and New Trends in Teaching and Learning, and Transition from Classroom to Online Teaching-learning.

Session III:

In the third session, Shri. Aneesh KR, Graphic Artist, EMMRC, University of Calicut dealt with the topic "Multimedia Tools for Developing MOOC." He introduced different software to develop MOOCs. He also imparted the technical aspects of creating educational videos using various tools.

Session IV:

The fourth session was handled by Shri. Sajeed Naduthody, Producer, EMMRC. The resource person spoke on "Classroom Teaching to Electronic Teaching" incorporating the concepts like the New Teaching Environment, Scripting for MOOC and Online Medium, Programme Production Stages for Online Teaching, and Strategies for Developing Attractive and Effective Educational Programmes.

PRINCIPAL
EMEA COLLEGE OF ARTS
& SCIENCE, KONDOTTY
MALAPPURAM DT. 673 636.

Session V:

The fifth session was “Swayamprabha DTH Programmes & Use of Electronic Devices for Teaching.” Shri. Samjith N Engineer, EMMRC, handled the session. He introduced different channels of Swayamprabha and procedures of applying for permission to producing videos. He also spoke on useful electronic tools to develop effective educational video programmes.

Session VI: Valedictory Session

In the valedictory session, Dr. Afsal PC, coordinator of the programme, welcomed the gathering. Principal Lt. Abdul Rasheed P delivered valedictory address. Participation Certificates were distributed by Shri. Damodar Prasad D, Director, EMMRC, University of Calicut. Dr. Abdul Muneer V, Coordinator of the programme proposed a vote of thanks. Dr. Shiji Thomas and Mr. Althaf TK registered their feedback on the programme.

Expected Outcome:

- The faculty members are expected to apply for MOOC
- The faculty members are now well aware of the procedures of applying for MOOC.

PRINCIPAL
EMEA COLLEGE OF ARTS
& SCIENCE, KONDOTTI
MALAPPURAM DT. 673 638

Programme Brochure

The brochure features a central graphic with the acronym 'MOOC' in large, colorful letters (M: orange, O: red, O: blue, C: green). Small human figures are integrated with the letters: a man stands by the 'M', a woman sits on the first 'O', a woman stands by the second 'O', and a woman sits on the 'C'. The background is a light blue grid with faint icons of a smartphone, a laptop, a play button, and a gear.

Jb. C.P. Kunhan Memorial Rolling trophy intercollegiate fives football tournament for aided college staff

The teachers' football players club of EMEA college in association with College IQAC organized Intercollegiate fives football tournament for aided college staff on 18th march 2022 at airport garden turf near EMEA College Kondotty. The entire college staff is very much enthusiastically watched and entertained the same. The match inaugurated by the Principal, Lt. Abdul Rasheed P, at 5 PM. The first match was between EMEA Training College and Ambedkar College, Wandoor. The duration of every match was 35 minutes. Total 12 colleges participated in the event. The final match was between Ambedkar College, Wandoor and MAMO College, Mukkam. The latter won the title with a margin of 5-2. Dr. Mohammed Basheer KP distributed the winner's Trophy and the entire event concluded at 2 AM.

In the tournament the winners got Rs. 5000 (five thousand only) as prize money and a rolling trophy in the name of our former beloved manager Jb. C.P. Kunhan Sahib and Rs. 2000 (two thousand only) and trophy for the runners.

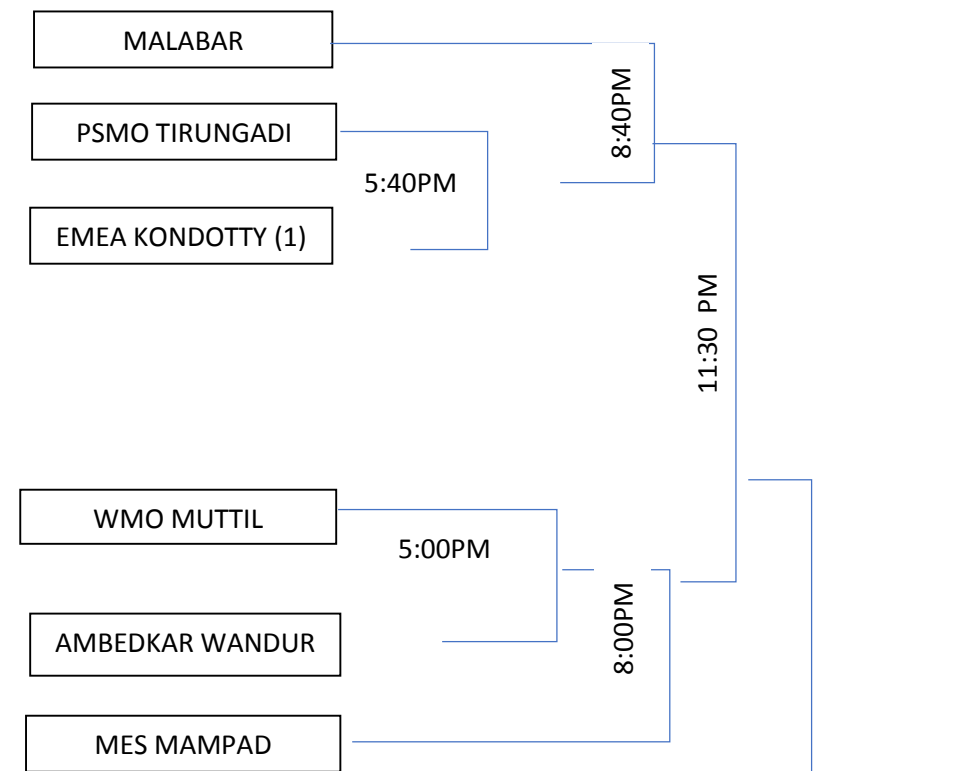

Moreover, we honored player of the match each play and best goal keeper and best player awards.

PARTICIPATING COLLEGES

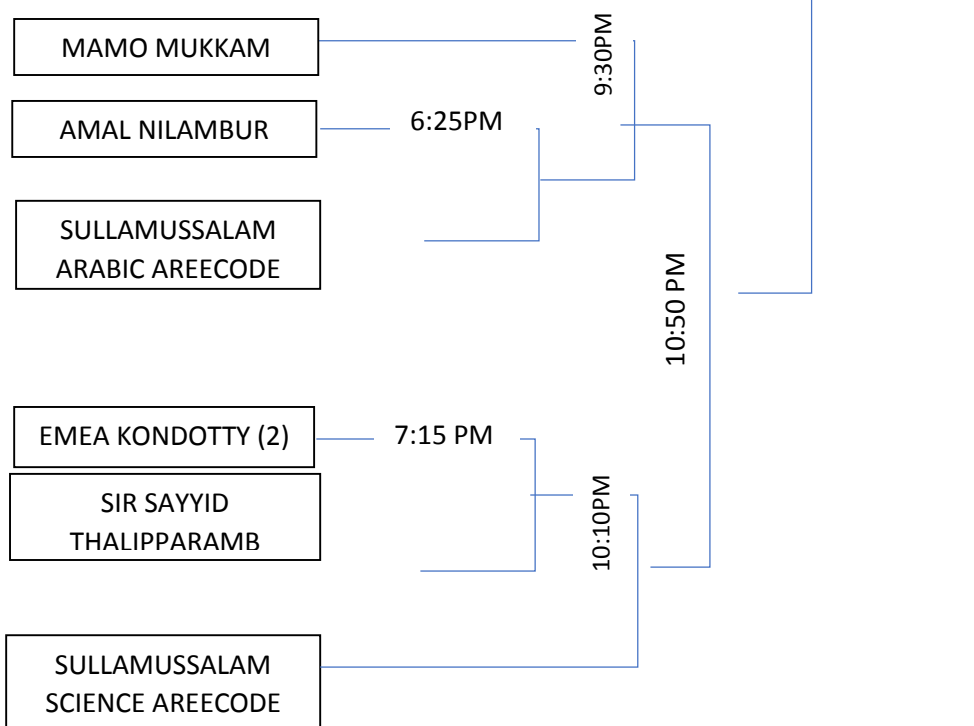

1. AMAL COLLEGE OF ADVANCED STUDIES, NILAMBUR
2. AMBEDKAR COLLEGE, WANDOOR
3. MES MAMPAD COLLEGE, MAMPAD
4. SULLAMUSSALAM SCIENCE AND ARTS COLLEGE, AREEKODE
5. SULLAMUSSALAM ARABIC COLLEGE, AREEKODE
6. WMO COLLEGE, MUTTIL
7. MAMO COLLEGE, MUKKAM
8. SIR SAYYID COLLEGE, THALIPPARAMB
9. PSMO COLLEGE, TIRURANGADI
10. MALABAR ARTS AND SCIENCE COLLEGE, VENGARA
11. EMEA COLLEGE OF ARTS AND SCIENCE, KONDOTTY (1)
12. EMEA COLLEGE OF ARTS AND SCIENCE, KONDOTTY (2)

5.WEBINAR REPORT

1. OBJECTIVES

- To create awareness among the students about various competitive exams for their higher studies.
- To inform the students about different job opportunities of microbiology in industrial as well as Government sector.

2. WEBINAR SUMMARY

Nowadays, competition is getting tougher day by day and the doorway into the best of the academic institutions is just not straightforward. It requires a lot of hard work, dedication and most importantly consistent efforts. Students irrespective of their career interest should start appearing various state, national and international-level competitive exams. Here, the session discussed the important competitive exams conducted by various authorities for microbiology students not only for their higher studies but also for their career. The session also discussed about the question paper pattern, syllabus and important topics to be focused etc in the exam conducted by authorities such as

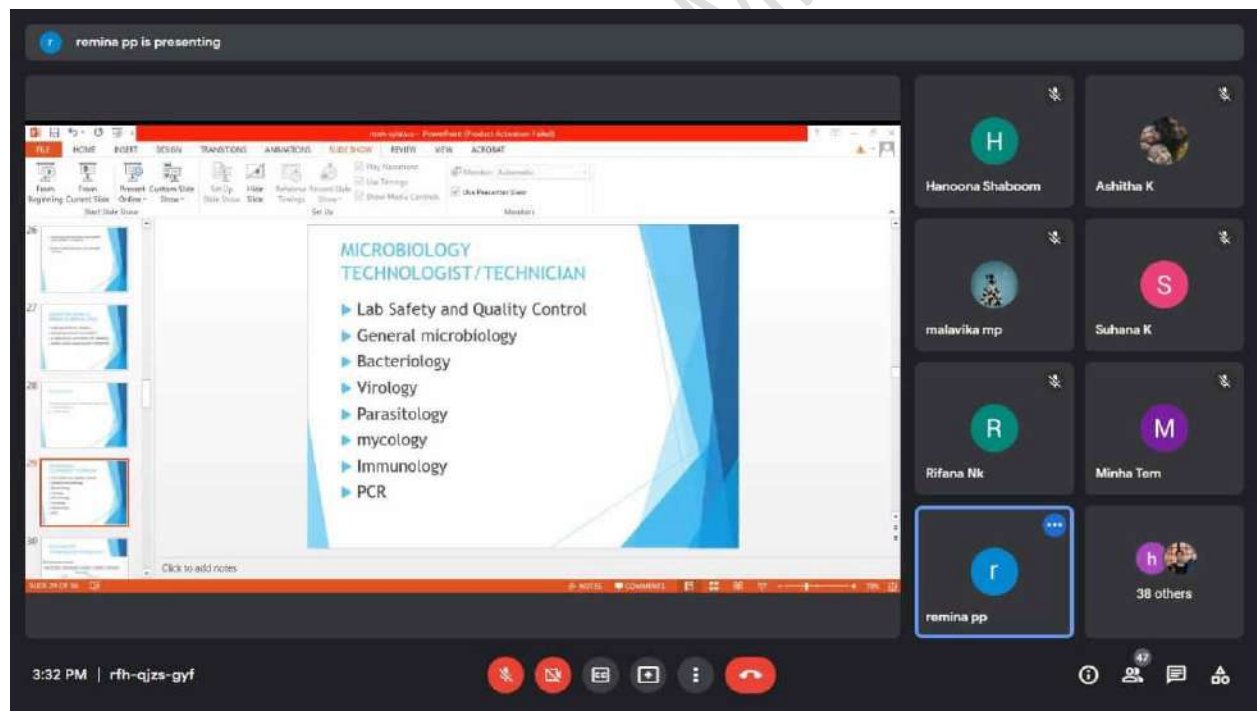

- Joint admission test to masters(JAM)
- Joint M.Sc. Ph.D. in Molecular ,Medical Microbiology
- CSIR and ASRB NET
- PHD FELLOWSHIPS IN INDIA
- PSC, UPSC etc
- QUALIFYING EXAMS ABROAD IN MEDICAL FIELD
 - MOH(MINISTRY OF HEALTH)
 - DHA(DUBAI HEALTH AUTHORITY)
 - HAAD(HEALTH AUTHORITY OF ABUDABI)
 - QATAR, SAUDI, OMAN, KUWAIT PROMETRIC
 - ✓ REGISTRATION
 - ✓ SYLLABUS AND PATTERN

8. FEEDBACK FROM STUDENTS

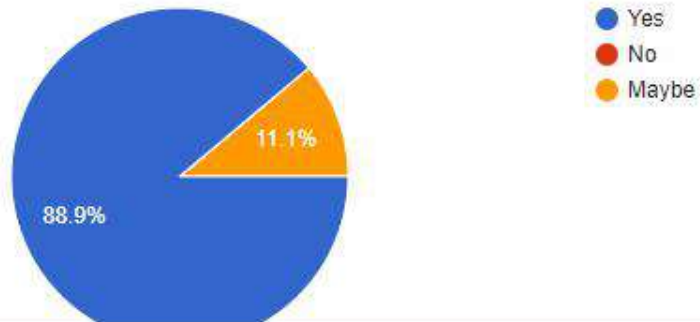

Over all how would you rate the program

10 responses

Were you able to connect with resource person

9 responses

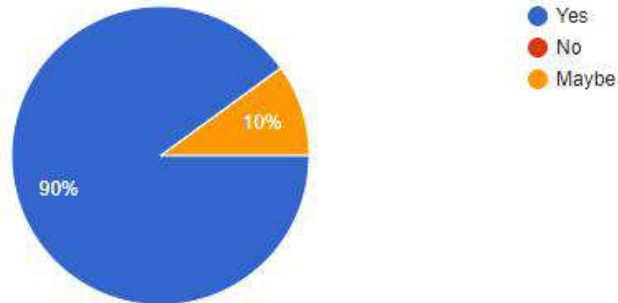

PG DEPARTMENT

Would you like to attend more such webinars

10 responses

Suggestions which you would like to share ?

5 responses

Very useful webinar

Good work

Presentation

Would like more sessions that include opportunities inside India too overall the session was helpful

Need more sessions on career opportunities in various fields apart from medical field and the ways to reach those goals, exams to attend, interview related etc.

Very useful webinar

Good work

Presentation

Would like more sessions that include opportunities inside India too overall the session was helpful

Need more sessions on career opportunities in various fields apart from medical field and the ways to reach those goals, exams to attend, interview related etc.

World Poetry Day Programme Brochure

The library club of EMEA College of arts and science, Kondotty organized a one-day programme 'Kavyadinam' in connection with International Mother Tongue Day on 21st February 2022. The International Mother Tongue Day focuses on how languages hold strategic importance for people and can advance the process of education and development. After the program Kavyadinam, another program was also arranged which was a competition for the library club members and other students.

A poetry writing competition was arranged for the students as part of the World poetry day on 21st February 2022 after the kavyadinam programme. The program was announced on the previous day of the program. More than twenty students send their names to participate for the program. But only nine students participated in the competition. Club co-ordinators played the role of facilitator in this competition. The participating students got the opportunity to share their valuable creative skills.

The college library was selected as the venue for the program. Language was given as the topic of the competition. Malayalam language was the medium of the competition. The program was started at 3 pm. Students were given one hour time duration for completing the poems. After the competition the librarian collected all the poems and handed over to the judging panel for evaluation. The poems written by the students were of above average and up to the mark. The evaluation process was completed by a team of faculties of the Malayalam department. Three students were selected as the winners of the Poetry context. Minha M.P, BSc Biotechnology, Aswathy C, Microbiology department and Nandhuja K, BA West Asian Studies were selected as first, second and third winners of the poetry writing competition respectively. The winners were given attractive prizes.

In Association With IQAC

INTRODUCTION

The students of the department of Business Administration took part in various activities and games as a part of 7 day self reliance and capacity building programme. The main goal of the programme was to provide the students with a platform to test their capabilities in form different games and fun activities. The students effectively took part in the programme and was beneficial for their over-all development. Such activities are necessary for students well being and to showcase their abilities.

The students took part in the following activities:

**NAME: ICONIC
EVENT:
TEAM BUILDING
GAME
22-03-2022**

**NAME: THE LENS
KNIGHT
EVENT:

25-03-2022**

ICONIC (TEAM BUILDING GAME)

22-03-2022

The students were divided into multiple groups and were asked to stand in one-armed distance from one another in a team, the rule of the game was to fill an empty bottle placed on one end by carrying and passing the water by hand from a bucket placed at the other end by the members of each team till the bottle is filled and the victor of the challenge is the team that fills the bottle first. This is an excellent method to increase the coordination skill between the students helping them to build an effective team.

LIST OF PARTICIPANTS

THE LENS KNIGHT (SPOT VIDEOGRAPHY)

23-03-2022

This is a spot videography event where a topic is given to the group of participants and were asked to capture footages, edit and present a video regarding the given topic.

The topic given was to create a promotional video for the college. One and a half hour was given to take the necessary video materials and another half an hour was given to edit the video. The team that makes the best promotional video, that entices the audience and gives an effective marketing to the college was chosen as the victors.

WINNERS OF THE PROGRAM

Irfan (2nd sem)

Sinan (2nd sem)

INFINITY WAR (MONOPOLY GAME)

24-03-2022

ABOUT MONOPOLY

Monopoly is a multi-player economics-themed board game. In the game, players roll two dice to move around the game board, buying and trading properties and developing them with houses and hotels. Players collect rent from their opponents, aiming to drive them into bankruptcy. Money can also be gained or lost through Chance and Community Chest cards and tax squares. Players receive a stipend every time they pass "Go" and can end up in jail, from which they cannot move until they have met one of three conditions.

The students took part in a friendly game of monopoly. Monopoly is a board game which gives a real world simulation of sound investments, taking risks and managing resources/properties etc.

PROGRAM WINNERS

Team Rinas (2nd sem)

Harshida

Rifath

Nashwa

Subhan

Insam

Farhan

Sinan EK

Aqiyaan

THE WISE QUACKS (QUIZ)

25-03-2022

A quiz is a form of game or mind sport in which players attempt to answer questions correctly about a certain or variety of subjects. Quizzes can be used as a brief assessment in education and similar fields to measure growth in knowledge, abilities, or skills. They can also be televised for entertainment purposes, often in a game show format.

An engaging mind puzzling quiz was conducted under the 7-days Students capacity building and self reliance programme on 25th March 2022. Quizzes helps students with time management and helps to build an effective team.

PROGRAM WINNERS

Aslam and team □(2nd sem)

Rinas and team □(2nd sem)

Background of the webinar

We are living with the pandemic Covid- 19 since it was reported first in Kerala on 30th January 2020. The pandemic made drastic changes in the world economy as well as on Indian economy. Government of India as well as Kerala spend a huge amount of money to recover from the pandemic. In this context it is better to analyse the financial situation of our state. So the budget is the very good yard stick to measure the financial position of the state. As we know budget is the annual financial statement of government or body. In terms of a state budget presentation is a constitutional obligation. So we have a union budget and a state budget. It was amidst the covid pandemic, financial crisis and the fiscal difficulties the budget of 2022-23 was presented. Thus this impact was very evident on state's revenue, expenditure and debt. This budget was a classic example of times of financial distress.

The objectives of the Seminar are as follows:

- 1-To spread the awareness of state budget.
- 2-To explore the different dimensions of budget.
- 3-To understand the various economic concepts for students.

Programme Schedule and Procedure of the Seminar

**PG & RESEARCH DEPARTMENT OF ECONOMICS
EMEA COLLEGE OF ARTS AND SCIENCE, KONDOTTI
SEMINAR ON KERALA BUDGET 2022-23**

PROGRAMME SCHEDULE

Welcome Speech:

Mr. Hussain.V (Assistant Professor of Economics, EMEA College, Kondotti)

Presidential Address:

Mr. Muhammed Najeeb.PM

(HoD, PG & Research Department of Economics, EMEA College, Kondotti)

Principal's Address:

Lt. Abdul Rasheed.P

(Principal, EMEA College, Kondotti)

Inauguration and Keynote Address:

Dr. Shibinu.S (HoD & Assistant Professor of Economics, PSMO College, Tirurangadi)

Felicitations:

Mr. Abdurazque.PM (Associate Professor of Economics, EMEA College, Kondotti)

Dr. Ibrahim Cholakkal (Associate Professor of Economics, EMEA College, Kondotti)

Ms. Haulath. K (IQAC Joint Coordinator)

Presentation and Budget Discussion:

1. Research Scholars
2. PG Students.

Vote of Thanks:

Mr. Muhammed Nisar.TV

(Assistant Professor of Economics, EMEA College, Kondotti)

On 23rd March 2022 at 10 AM the seminar inauguration ceremony was conducted. The programme was hosted by the PG and Research Department of Economics of EMEA College,

Professor Hussain V welcomed the guests of the programme presided by Prof. Muhammed Najeeb.PM, HoD, Department of Economics ,EMEA College Kondotty. After the presidential address Lt. Abdul Rasheed .P (Principal), delivered his principal's address. Dr Ibrahim Cholakkal and Mrs. Haulath. K delivered felicitations. The seminar was inaugurated and keynote address was given by Dr. Shibu. S and the participants of the seminar asked different questions and their doubts were cleared. It was really a wonderful session with plenty of information about the current financial situations in the economy including revenue, expenditure and debt of the Government. Though the seminar was schedule from 10 AM to 12 PM, it extended till 1.45 due to the active interactions of the participants and paper presentation and discussion by research scholars and PG students .The seminar was wind up with the Vote of Thanks of Sri Hamid Roshan K.K, PG student, EMEA College Kondotty.

Highlights of the Presentation

The current budget was presented during the phase of many challenges especially spurring economic growth and accumulating debt liabilities and the burden of Covid-19. Kerala finance minister Balagopalan Sir “it is the budget that lays the ground for Kerala’s long term development”. The current budget focuss on many aspects, but it give special emphasis on following categories.

The Rural Development Department is primarily concerned with addressing the needs of the rural people in matters of sustainable economic activity, shelter, hygiene concerns, rural infrastructure and connectivity

EDUCATION:

The budget Rs 2,547 crore has been allocated for the education sector. Out of this, Rs 1,014 crore is for school education, Rs 452 crore for higher education, Rs 245 crore for technological education and Rs 15 crore for special education. The finance minister KN Balagopal said that Rs 350 crores will be allocated for skill parks that will be set up in all 14 districts of Kerala for skill development. The skill park will be set up with private companies in a 50:50 model.

1. HEALTH:

The total outlay provided in the Medical and Public Health Sector during the financial year 2022-23 is ₹2629.33 crore. Cancer Control programmes, Upgradation of Regional Cancer Centre.

Cochin Cancer Research Centre and Malabar Cancer Centre, Palliative Care, Kerala Digital Health Mission and Institute of Advanced Virology are major parts of health category. An amount of ₹742.2 crore is expected from centrally sponsored schemes as Central Share. An amount of ₹484.8 crore and ₹10 crore is earmarked as state share for National Health Mission and National Ayur Mission respectively. With intention of research, diagnosis and control of viral diseases, Institute of Advanced Virology, Thonnakkal established at a cost of ₹202 crore with international standards. An amount of 50 crore is provided for arranging modern laboratory facilities, developing vaccines.

4. Public distribution system (PDS):

Kerala government launched several schemes in the public distribution system of the state. The newly introduced reforms will include e-office system in the offices under the Civil Supplies Department, online services at the ration shops and GPS system for surveillance of goods transport. A total of ₹2063.64 crore is earmarked for Civil Supplies sector for the year 2022-23. This includes plan share of ₹75.41 crore. Mobile Ration Shops will be opened in major centers of all legislative assembly constituencies in the State. Door step distribution of ration items will be made available through mobile ration shops at the areas where population density of fishermen and scheduled category is high.

5. AGRICULTURE:

The state has allocated 4.5% of its total expenditure towards agriculture and allied activities. This is lower than the average allocation for agriculture by states (6.2%). Giving a big boost to the agriculture sector, the government has set aside Rs 879 crore to empower farmers. The schemes include constitution of a value-added agricultural mission, building infrastructure, promoting mechanized farming and startups and formation of a marketing firm. The budget proposes to constitute Value-added Agricultural Mission to increase state's domestic production from agricultural resources. As a part of this, five working groups will be constituted to formulate strategies. The working groups will formulate schemes and device an integrated scheme. Seven Agritech facility centres will be established in seven districts to encourage value-added farming. These centres will be established in 5 to 10 acres of land owned by agriculture department. These centres will be handed over to farmer collectives.

6. Industry:

The budget gives huge allocations to information technology, industries and infrastructure. Also, the budget did not impose a tax burden on the common man despite the financial crunch induced by the COVID-19 pandemic. The budget allotted Rs 2,000 crore for the K-Rail project. A total of Rs 1100 crore was earmarked for the land acquisition for the new IT parks and the expansion and development of the existing ones. To tap the possibilities of work near home in the IT sector and help engage educated housewives in jobs, Rs 50 crore was earmarked. Rupees 200 crore for industrial facilitation parks, four science parks at an investment of Rs 1000 crore, an electronic hardware technology hub at an investment of Rs 28 crore, an amount of Rs 30 crore is set apart for undertaking activities related to Sabarimala Master Plan and Rs 1,000 crore for the revival of the Kerala State Road Transport Corporation.

Details of registration

For the registration a registration book was used. The targeted audience for the programme was students, researchers, teachers and the interested persons from the general public. The following table shows the category wise split up of the participants.

Sl. No.	Category	Number of Participants Registered
1.	FACULTY MEMBERS	05
2.	RESEARCH SCHOLARS	14
3.	STUDENTS	60
	Total	79

Presentation

The chief guest, research scholars and the post graduate students presented papers on various aspects of budget. Details of the presentations are given below.

SI No	Name	Designation	Area of presentation

Feedback of participants

It was very informative Seminar so conducting this type of Seminar will help others to know more about current economic condition of country and state.

Actually it was concentrated only on Kerala Economy. It become more informative if you club the discussion of union budget also.

The Seminar become very effective to knowing the current financial condition of the state and also the various economic terms used in budget.

It was very in formative Seminar.

The topic is very relevant and presentations were good.

Great event

Well organized

Wonderful programme

Good classes

All classes were good and lots of doubts were cleared up.

Everything will be ok

Good and very useful classes .Thank u sir

Nothing. It was good

Give more time for discussion. Anyway good attempt.

The seminar was excellent. The discussants had keen knowledge about their respective topics.

Very effective and informative section...Thank you.

Excellent. Thank you

Overall performance was absolute... there is no other suggestions for myself

Well organized...

Very informative, ...

It was an informative seminar

The research scholars and pg students done well in their presentation

Programme was very informative

Excellent

Give more time for discussion

Excellent programme..

Highly useful

Very informative session

Give more timing for interaction..

It was a very good seminar. It would be better if possible to increase the time for discussion.

Background and Relevance

PG Department of Commerce, EMEA College of Arts & Science, Kondotty is organised a Higher Education orientation program on 30th March, 2022, Sunday, at 2.30 PM The programme is an Alumni initiative in Higher Education & Career Advancement. The program intends to help the students to make a shift from the general understanding of life and work to a more specific understanding of the realistic and practical career options that are available to them.

It's quite natural to get confused when it comes to choose the right career after Graduation. Today, there are numerous career options available for students to pursue, and this is the reason why they find it difficult to decide which way to go. Don't worry. Your elder brothers will help you to show the way they travelled and achieved. They will share their experiences and help you to understand the wide opportunities around the world.

Program Report

PG Department of Commerce, EMEA College of Arts & Science Kondotty, has successfully completed the Higher Education Orientation Program. It was an alumni-sponsored program to provide a better understanding about the higher education and employment opportunities. Second year and final year Degree students of the Department participated actively. 2 proud alumni guests presented different aspects of higher studies and employment opportunities over various sessions.

Our two Proud alumni's one Mr: Ramees PP (CMA), and Another Ansha K M , Pondicherry Central University. This both alumies clearly explain their higher education experiences, course details, syllabus, opportunities, it is great opportunities to our students to know more about their carrier. It helps them to make a better future decision .

This program started at 11 Am at AVT Hall , program inaugurated by Dr. Vinesh Ottupara (HOD of Govt Collge Kondotty). Then our proud alumni's Present their topic regarding their area. Students intractive session also very effective. Commerce students asked many questions regarding their topics.

Mentor-Mentee Programme
Central University Entrance Tests: Scope and Hurdles

Organised by

Dr. Afsal PC

Assistant Professor

PG Department of English

Report

23 April 2022

A proper orientation on higher education possibilities will be beneficial for the final year students of any classes. They should be provided with information related to various opportunities in higher education, especially in various central universities. An orientation will help them know the procedures and method that they should adopt to obtain admission in such premier institutions.

It is with this purpose, the mentor Dr. Afsal PC, Assistant Professor of English, organised an online orientation programme for his mentees and students of the fifth semester BA English students at 11 am on 23 April 2022 on Google Meet Platform. Ms. Fathima Fasleena P, Junior Research Fellow in English and former student of Jamia Millia University, Delhi, interacted with students regarding the procedures, study methods and her university academic experiences. In the motivational session, as many as thirty students attended the programme.

Objectives:

1. Introduce the procedures of applying for central university examinations
2. Inculcating interest within the mentees to pursue higher education in premier institutions
3. Discussing the areas and question paper patterns of previous central university examinations
4. Highlighting various opportunities scopes and benefits of studying in central universities
5. Will help progression to higher studies
