Background and Relevance of the Yoga Demonstration and Webinar

The prime motive behind the webinar by the NCC unit in collaboration with physical education department was to highlight the potential of yoga on the special occasion of international yoga day June 21. The essentiality of conducting such programs pertaining to the current scenario of pandemic which has taken the vigor and spirit out from many owing to the loneliness and distress. Webinars help cater to instilling the information and it also helps soak with motivation. The staff and students need such timely intervention to cope up with the situations. International Day of Yoga has given a profound chance to make aware the students about the benefits of yoga; that it can transform their life if done religiously through the webinar. Webinar mainly focused on;

- 1) asanas (like padahasthasana, trikonasana, paschimottanasana).
- 2)breathing techniques and enhancing lung capacity.
- 3)benefits of yoga (de-stressing and in medical conditions for flexibility and regaining movements)
- 4) It also aimed at bringing the individual development and concentration. Human body is made for movement and there is a culture we should develop.
- 5) After this webinar, it will lead a clear-cut vision about the yoga by detailing the importance of yoga session.

The Yoga Demonstration

NCC unit and department of physical education at EMEA college of Arts and Science jointly celebrated International Yoga Day on 21st June 2021.

The brochures were released well in-advance. And it was posted all students groups. Students were required to register on the google forms for participation. Students registered and such students were sent the yoga demonstration and webinar link. The program was scheduled to start at 8:30 am

The virtual observation of International Yoga Day started at 8.30 AM via google meet. It was inaugurated by Principal, Dr. Ibrahim Cholakkal. He emphasized on the importance to make yoga a part of daily life for wellness.

Shihabudheen.P assistant professor at EMEA college introduced different yoga postures and asanas and CDT. Rameez demonstrated them. He spoke on how immensely rewarding a lifestyle incorporating Yoga can be. The programme was to introduce the prowess and ability of yoga to heal and harmonize our body and mind. He detailed about the asanas like

1. Padahasthasana
2. Trikonasana
3. Paschimottanasana.

The demonstration was really beneficial to all participants. It was noted for the simplicity of instruction and utility of such asanas for the future. Almost all participants modelled it at home following the instruction.

Mr Shihabudheen explained the power of yoga asanas at the deeper level as it can transform the body and mind at a healthier side which is full of fitness and bliss. Since the mid-20th century, asanas have been used, especially in the Western world, as physical exercise. Physically, the practice of asanas has been claimed to improve flexibility, strength, and balance; to alleviate stress and anxiety, and to reduce the symptoms of lower back pain. He pointed out how the asanas can affect the different parts of body. In

the Yoga Sutras, the only rule Patanjali suggests for practicing asana is that it be "steady and comfortable". The body is held poised with the practitioner experiencing no discomfort. He reminded following things to be taken care of before doing Yoga

1. Create a comfortable spot for your yoga practice
2. Get your yoga accessories
3. Stay safe, prevent injury
4. Choose your yoga style / routine
5. Always relax with Savasana
6. Practise yoga regularly
7. Enjoy your practice

Altogether, all participants enjoyed the yoga demonstration to the core. Mr Shihabudheen reminded the participants on how important is the consistency in doing yoga to avail the maximum benefits.

The Webinar

The webinar was entitled “Physical and mental benefits of Yoga” which started right after the Yoga demonstration via google meet. NCC officer of EMEA College of Arts and Science, Lt Abdul Rasheed.P talked on the “Physical and Mental benefits of Yoga” in the live webinar. After a brief introduction on Yoga, he explained how yoga can increase mental clarity, relieve stress and strengthen the body. He talked a lot about various benefits of yoga that can bring peace and calmness to our mind and body and also how yoga is helpful in resisting many diseases like asthma, anxiety, cardiovascular diseases and clinical depression. He said that there are valid claims and researches having beneficial effects on specific conditions such as asthma, chronic obstructive pulmonary disease and diabetes. There is evidence that practice of asanas improves physical health and quality of life measures in the elderly and reduces sleep disturbances. Yoga is good for hypertension. Iyengar yoga is effective at least in the short term for both neck pain and low back pain. He pointed out the following benefits of doing Yoga which can be observed in the first four weeks itself

- Decreases stress. In a 2013 study, pranayama reduced perceived stress levels in healthy young adults
- Improves sleep quality
- Increases mindfulness
- Reduces high blood pressure
- Improves lung function
- Enhances cognitive performance
- Reduces cigarette cravings and other cravings

The virtual programme got enthusiastic response and appreciation from students. More than 50 students attended the event. It was concluded by the vote of thanks of UO. Aswin.

Online Quiz Contest

The team NCC along with the Physical Education Department of EMEA ARTS AND SCIENCE KONDOTTY had conducted the virtual quiz competition as part of international yoga day. The quiz competition offered cash prizes to the winners and e-certificates to all the participants. The competition was open to all the students of the college. The participants were required to register for the quiz through google forms which includes all the necessary details of the participants. The organizers opened the google form at 5:00 PM and it was distributed to all the participants. The link closed at 5:20 PM. Almost 50 participants were present in the competition. Apart from quiz competition there were poster making and 'Perfect Pose of Asanas'- photography contest.

Poster making competition

NCC unit at EMEA college of Arts and Science collaborated with department of physical education conducted poster making competition as part of international yoga day . The competition was open to all . The primary aim was to create awareness on the health benefits and merits of yoga. All participants were asked to register via Google forms. The winners of the contest will receive e-certificates and cash prizes. Students are asked to send their creations to the official email address of NCC. The contest got a good start as many students came forward to register their names. More than 30 entries were received. The deadline of the competition was 21st June,2021. After 4 PM no submission of entries is allowed. After looking into the novelty of theme and variety prizes were given to the first and second.

The poster is a dark blue rectangle with white text. At the top, it reads 'NCC Unit & Dept. of Physical education'. Below that, 'International day of YOGA Celebration' is written, with 'YOGA' in large, bold letters. Underneath, it says 'RESULTS' and 'POSTER MAKING'. Two winners are featured: Sahla Sherin, a Biotechnology student in her 2nd semester, is shown with a gold medal icon and a black silhouette photo. Shameema Beegum, a Computer Science student in her 2nd semester, is shown with a silver medal icon and a photo of her wearing a pink headscarf. At the bottom, there are logos for EMEA College and NCC, followed by the text 'NCC UNIT & DEPT. OF PHYSICAL EDUCATION, EMEA College of Arts and Science, KONDOTTY, MALAPPURAM (DT), KERALA, Pin- 573638'.

Perfect Pose of Asanas Contest

NCC unit and Department of Physical Education jointly conducted perfect pose of asanas-photography contest as a part of International yoga Day observation. The participants who registered themselves via google forms were asked to send the side view photographs of them doing any one of the asanas like paschimothasana, dhanurasana, sarvangasana or halasana. Participants were asked to send their photos to the official email address of NCC .The contest was aimed to promote a love towards Yoga and exercises and maintain physical and mental well being among youth. The contest offered cash prizes for the winners and e-certificates were also provided. The programme was a success as many students of EMEA college of Arts and science showed enthusiastic response.

INTER DEPARTEMENTAL CHESS COMPETITION
SUMMARY

The inter Department competition was held on the 20th of July. The event started at 11:30 AM on 20th July 2023 at seminar Hall with a total of 32 contestants taking part in the competition. Head of the Department of B.Voc Programmes Mr.Althaf TK ,Inaugurated the championship. 8 Chess boards were provided and the contestants were split into 4 groups who were made to play simultaneously. Every contestant was given 10 minutes to make their moves. The result was decided either by the timer or by Checkmate. All the matches were knockout matches and the looser had to go out of the tournament. The tournament was a tough one with all the contestants putting out their best skills.4 participants who qualified for Semi-finals. The top four qualified players gave their best to win the game. The tension in the game kept increasing as the day went on. Finally, after a tough competition, The results were known with Ms. Muhammed Shanif M (III year BCOM) secured the first place and Mr.Ashif Mukri of (II Bsc Physics And Mathematics) secured the secured second place.

This event was organized by the Department of Physical education .

INTRODUCTION

The department of physical Education organised online Euro & Copa America football championship prediction contest students and many people outside of the campus participated in this contest. and Principal Dr.Ibrahim Cholakkal Declared the winners

EURO CUP

The UEFA European Football Championship, also commonly known as the UEFA Euros, is the international competition participated by senior men's national teams of Europe. The tournament is conducted by the Union of European Football Association (UEFA) and determines the champion of Europe. The champion of the tournament qualifies for the FIFA Confederations Cup.

The tournament has always been scheduled between World Cup tournaments in the even-numbered years. Originally, the tournament was called as European Nations' Cup. The tournament was renamed to its current name in 1968.

COPA AMERICA CUP

Copa América, (Spanish: America Cup) formerly (until 1975) South American Championship of Nations, quadrennial South American football (soccer) tournament that is the continent's premier competition in that sport. The Copa América is the world's oldest international football tournament.

The college Physical education department organised online prediction contest for football fans

Report

As a part of the celebration of 75 years of Indian Independence, the Department of Mathematics and Physics organised a Quiz programme on the progress in Science and Technology in the last Seven and half decades. Fifteen teams represented by various departments were participated in the programme. The program started at 2.30 pm with a brief introduction on the 75 years long journey of independent India by Dr. Ramsiya M, HoD Department of Mathematics and Physics. Mr. Ajmal, Assistant Professor in the department was the quiz master. He played his role in an attractive manner.

The quiz program was a quick revisit of India's achievements in the science and technology. The questions cover all areas of science and technology, contribution of Indian scientists, new innovations, R&D institutions etc. The answers were explained by Dr. Abdul Rasheed Paloly in an interesting way. Mr. Adnan OK and Shibili from the Department of West Asian Studies bagged First prize. Second prize shared by Department of Maths and Physics and computer science. The programme was a great success by the active participation of students from various department.

Essay Writing Competition on “Role of MSME in Economic Development of India”

Post Graduate and Research Department of Economics organized an Essay writing competition on the title “Role of MSME in Economic Development of India” as part of the international MSME day observation on 27th June 2022. Eighteen students from various departments were registered for the competition and out of which 12 students were appeared.

The poster features a light blue background with a large white arrow pointing upwards on the right side. At the base of the arrow, several stylized human figures are shown in various poses, some appearing to be climbing or pushing the arrow. The text is arranged in a clear, hierarchical manner, starting with the department name and accreditation, followed by the event title in large, bold letters, and then the date, time, and location. A purple banner at the bottom contains the coordinator's name and contact information.

Drama Fest

Thespia 3.0

Seeing the Unseen

Date: 22 December 2022 (Thursday)

Time: 10.30 AM

Venue: Audio Visual Theatre, EMEA Arts and Science College,
Kondotty

About the programme:

Literary club in association with Theatre Club & PG department of English organised Drama Fest on the topic "Othering - Seeing the Unseen" on Thursday, 22 December 2022, at 10:30 AM in Audio Visual Theatre. The sole concern for this collaborative endeavour, which was designed as a part of Experiential Learning, is to seek plea for the marginalised sections of society who are made victims on the basis of caste, gender, race, religion etc.

Objectives of the Programme:

- To express and explore marginalised and the dispossessed lives around us
- To shed light on categorisation of people according to perceived difference such as caste, gender, skin colour etc.
- To raise awareness, promote understanding and empathy, and encourage action to address issues of marginalization in our society.

Outcomes of the Programme:

- The performances could help students to better understand the experiences of those who are often excluded from mainstream society.
- Students and faculty members got an opportunity to explore the issue of marginalisation in depth.
- Students got chance to stimulate imagination and creativity and exhibit their communicational and theatrical skills.
