DETAILED REPORTS OF GENDER ACTIVITIES 2021-22

WOMEN DEVELOPMENT CELL

EMEA College of Arts and Science, Kondotti

Organize an Awareness Program

Kanal 2021-22

Wednesday 04/08/2021

Report

Gender awareness is the “ability to view society from the perspective of gender roles and how this has affected women's needs in comparison to the needs of men”. Awareness raising is a process which helps to facilitate the exchange of ideas, improve mutual understanding and develop competencies and skills necessary for societal change. Gender sensitization refers to the raising sensitization of gender equality concerns. It helps people in examining their personal attitudes and beliefs and questioning the realities of both sexes.

There was a talk by the eminent resource person on the topic “Gender and Relations” and also on “ Gender and law”. The goal of gender sensitization is to address issues in gender equality and encourage participants to pursue solutions. This can be achieved by conducting various sensitization campaigns, training centres, workshops, programs, etc. There were about 250 participants, it was a lively session and students asked doubts and was cleared by the resource person. Altogether the program was a great success.

“Unravelling the secrets of women health”

Wednesday 23/08/2022

Report

Women experience unique health issues and conditions, from pregnancy and menopause to gynecological conditions, such as uterine fibroids and pelvic floor disorders. The health topics listed below affect women only. Some other conditions affect men too but affect women primarily or more severely.

Gynecological health and disorders affecting women include menstruation and menstrual irregularities; urinary tract health, including urinary incontinence and pelvic floor disorders; and such disorders as bacterial vaginosis, vaginitis, uterine fibroids, and vulvodynia.

Pregnancy issues include pre-pregnancy care and prenatal care, pregnancy loss (miscarriage and stillbirth), preterm labour and premature birth, sudden infant death syndrome (SIDS), breastfeeding, and birth defects.

Disorders related to infertility include uterine fibroids, polycystic ovary syndrome, endometriosis, and primary ovarian insufficiency.

Other disorders and conditions that affect only women include Turner syndrome, Rett syndrome, and ovarian and cervical cancers.

Issues related to women's overall health and wellness include violence against women, women with disabilities and their unique challenges, osteoporosis and bone health, and menopause.

While both men and women contract various conditions, some health issues affect women differently and more commonly. Furthermore, many women's health conditions go undiagnosed and most drug trials do not include female test subjects. Even so, women bear exclusive health concerns, such as breast cancer, cervical cancer, menopause, and pregnancy. Women suffer higher heart attack

deaths compared to men. Depression and anxiety exhibit more frequently among female patients. Urinary tract conditions present more often in females, and sexually transmitted diseases can cause more harm to women.

About 100 girls attended the seminar. There was an interactive session where students cleared most of their doubts. Overall the program was a great success. Feed back of the program by the students was really good. Vote of thanks was delivered by Ms. Basila of second semester B.Sc Microbiology student.

COMMITTEE AGAINST SEXUAL HARASSMENT

(CASH)

EMEA College of Arts and Science, Kondotti

Organize a Talk on

Women and Society: A Special Talk on Women's Rights and Law

Friday 11/03/2022

Report

Committee Against Sexual Harassment wing of EMEA College of Arts and Science, in association with District Legal Services Authority, Manjeri (DLSA) organised a program 'Women and Society: A Special Talk on Women's Rights and Law at 2:30 pm, Friday, 11 March 2022 at Audio Visual Theatre. The program was inaugurated by Mr Noushad Ali K, Secretary/Subjudge, District Legal Services Authority, Manjeri. The speaker of the program was Adv Sujatha Verma, Legal Expert, Internal Complaints Committee.

The session was chaired by the Principal of the college, Lt. Abdul Rasheed P. Mr Mohammed Haneefa, Associate professor, Ms Jisha PJ (Coordinator, Women Cell) and Abidha KP (Coordinator, Anti-Sexual Harassment Wing) felicitated the program. The speaker, Adv Sujatha Verma interacted on women empowerment, financial independence, gender awareness, self reliance and importance of familial relations. The program was concluded with a vote of thanks by Shahanas, final year BA English student.
