

Report

Of

**Online Workshop on Social Entrepreneurship, Swachhta and Rural
Engagement Cell (SESREC)**

Conducted by

**Mahatma Gandhi National Council of Rural Education (MGNCRE),
Department of Higher Education, Ministry of Education,
Government of India**

On

26th April 2021

Introduction

“Swachh Bharat” campaign was launched by the Government of India to create the system of maintaining cleanliness 24/7/365 and enlivening the spirit in the communities and individuals. Campuses of educational institutions have different and difficult type of wastes like those of health centre waste, furniture waste, food waste, kitchen waste, office waste and hostel waste. Campus is a mini community. It is a mini village. Those in the campuses of educational institutions stay there for learning and hence inculcation of Swachh habits is a duty of these educational institutions. Habit inculcation is possible through experience and practice.

As per the UGC notification, “A green campus is a higher education community with optimum land use, environmental planning and resource management, ie., improving energy efficiency, conserving resources, enhancing environmental quality including habitat preservation, healthy living environment, use of renewable energy and management of wastes and water recycling. Buildings within the campus should be based on green building concepts to the extent possible.” The Swachh Campus Initiative, envisaged by the Department of Higher Education in the MHRD of GoI, mirrors the principles of green institutions and endeavors to extend learning beyond the classroom to inculcate and develop responsible attitude, habits and lasting commitment to Swachhta, be it at home, on the campus or in the wider community.

In accordance with these guidelines, a Social Entrepreneurship, Swachhta and Rural Engagement Cell (SESREC) is formed in the college. In connection with this, an online workshop was conducted under Faculty Development Centre (PMMMNTT) of MGNCRE, Department of Higher Education, MHRD, Government of India on 26/04/2021 from 11 am to 12.30 pm via Google meet. Dr. Dipu Varghese was the resource person and there were more than 100 participants throughout the workshop. Mr. Mohamed Jamshad K, Assistant Professor of Computer Science and SESREC Coordinator delivered the welcome address. Principal’s address was delivered by the Principal Dr. Ayob Keyi. Resource person presented SESREC Action Plan and possibilities. Mr. Lt. Abdul Rasheed P, NCC Officer explained the SESRE cell activities of the institute and future plans.. A discussion on SESREC plan was also carried out by the resource person Dr. Dipu Varghese, staff and the students. Finally, Mr. Muhammed Shafi T, NSS Programme Officer delivered the vote of thanks.

Workshop Objectives

- ✓ Functionality of SESRE Cell
- ✓ Preparation and Implementation of Action Plan
- ✓ Strengthening the way forward
