## **Action Taken Report (ATR)**

**Subject:** Restructuring of Syllabus

Following the feedback received from teachers on the curriculum, with a minimum score of 3.32 out of 5 on the statement "the syllabus prescribed for the program is well organized and structured," the Internal Quality Assurance Cell (IQAC) recommended to discuss the matter in the college council.

Subsequently, the college council thoroughly deliberated on the issue and collectively decided to escalate it to the Academic Council, University of Calicut. The Academic Council, in turn, will address and further discuss the matter with the respective Board of Studies through its appointed members.

This proactive approach demonstrates the college's commitment to addressing curriculum concerns in a collaborative manner, involving key stakeholders to ensure a comprehensive and well-structured academic experience. Further updates will be communicated as the discussion progresses through the Academic Council and the Board of Studies.
