Outcome

After the completion of the Bridge Course B.Voc ISLAMIC FINANCE, there was a significant progress in the students.

DEPARTMENT OF B.Voc
LOGISTICS MANAGEMENT
EMEA COLLEGE OF ARTS AND SCIENCE, KONDOTTI

Course Name: Bridge course for B.Voc Logistics Management 2023-24

Duration of Study: 20 Hours and shall be during the 1st Week of the academic year.

Eligibility: All First Year Students

Objectives:

- Empower students with the confidence and abilities needed for a smooth transition to college and adapting to new curriculum requirements.
- Foster students' understanding of Bachelor of Vocation programs.
- Provide students with the necessary skills to excel in Bachelor of Vocation programs, particularly focusing on Logistics Management.

Methodology

The Department has meticulously crafted separate curricula tailored to the specific requirements for each subjects of B.Voc Logistics Management and English. Recognizing the importance of a smooth transition into academic life, the Department has also implemented a Bridge Course initiative. During the inaugural week of classes in the B.Voc Logistics management, students are introduced to this specialized Bridge Course curriculum. This course serves as a valuable bridge between prior knowledge and the demands of the academic program, ensuring that students are well-prepared for the journey ahead.

Upon the successful completion of the Bridge Course syllabus, students participate in a post-course assessment. This assessment not only gauges their comprehension and skills but also offers a valuable opportunity for self-improvement. Constructive feedback and tailored suggestions are provided to each student, enabling them to fine-tune their abilities and make the most of their academic pursuits. This proactive approach to education underscores our commitment to equipping students with the tools and knowledge they need to excel in their chosen fields.

PROGRAMME STRUCTURE

The transition from school to college represents a significant and often challenging milestone in a student's life. As new students step into the realm of higher education, they bring with them a diverse array of thoughts, backgrounds, and varying levels of preparation. This transition plunges them into an unfamiliar environment, where many may possess limited knowledge about college and university life. Therefore, a crucial undertaking is to extend a warm welcome to these newcomers and equip them for their forthcoming academic journey.

To facilitate this process, all incoming students embarking on their logistics management studies, driven by their aspiring dreams, are offered a one-week Bridge Course, totaling 20 hours. This course is conducted by our dedicated faculty members with the aim of acquainting students with their new surroundings and inspiring them to venture beyond the traditional classroom boundaries. These informative sessions are scheduled at the start of the semester and cover topics such as B.Voc logistics management subjects, Basic English, Gender Equity Program, University B.Voc Regulations, and Department activities.

Details of Syllabus:

Module 1

B.Voc Regulation and Details :-Title - Regulations for Choice Based Credit and Semester System for Under Graduate Curriculum 2021 (CBCSSUG 2021), B.Voc Programme, Duration of Programme, Academic Week, Semester, Course-Common course, Core course, Complementary course, Ability Enhancement course/Audit course. (Mode : Online -Google Form)

Time: 20 Minutes

Maximum Mark :30

Answer All Questions .Each Question Carries 2 Mark Each

<https://docs.google.com/forms/d/1drzLGCOW1kBqlxJVOeUhCS-FFpmmaXuyHcLmvXSHUuE/edit>

1. A logistics network can best be described as:

- The choice of rail, marine, or truck transport
- The warehouses, production facilities, retailers, and inventory that flows between them
- The routes taken to move goods
- The least cost route from producer to retailer

2. Which of the following statements is true:

- Logistics and supply chain are same.
- Physical distribution and logistics are the same.
- Logistics is a subset of supply chain.
- Supply chain is a subset of logistics.

3. Which of the following is not a part of LSCM ?

- Supplier
- Manufacturers
- Information Flow
- Competitor
- Customer

4. Which of the following is not part of transportation ?

- Warehouse

- Rail
- Truck
- Ship

5. Which of the following does not belong to the function of logistics ?

- Billing
- Order processing
- Manufacturing
- Marketing

6. Material Management indicates :

- Outbound logistics
- Inbound logistics
- Reverse logistics
- All of these

7. The final phase of the order cycle is called order -

- Picking and assembly
- Delivery
- Receiving
- Replenishment

8. 3-PL stands for -

- Three points logistics
- Third party logistics
- Three points location
- None of the above

9. _____ refers to the management of various activities associated with the order cycle.

- Logistics
- Order processing
- Demand management
- Order management

Outcome

Upon the successful completion of the Bridge Course in B.Voc Logistics Management, there has been a notable transformation in the students' abilities and knowledge. This specialized program served as a crucial bridge in their educational journey, easing the transition from school to college. By providing them with a solid foundation in logistics management, this course has effectively prepared them for the challenges of higher education, ensuring they are well-equipped to excel in their college studies in the field of logistics management.

**Basics of Accounting
and Management**

8-August-2023

Bridge Course

The Department offers a bridge course in Basic Accounting and Management for non-commerce background students. The main objective of this course is to bring non-commerce students at par with those who had accounts in 12th standard. This will help non-commerce students to have a basic understanding of the accounting concepts before their regular classes begin. This course enables the study the basics of accounts and applying them to business theory in general. It aims to provide the accounting foundations necessary for business, and finance. It will help in mastering basic concepts of financial and business accounting.

Bridge courses are a tool to help students succeed in their graduate level studies. Faculty of Business Administration has conducted bridge course for newly enrolled students of BBA programs. Students who take admission to BBA program from other streams are required to enroll themselves for bridge course to strengthen and refresh some of the core competencies required. Faculty of Business Administration organized one bridge course during academic year **2023-24**, **46** students attended the bridge course, and induction was given on core subjects like Accounting, Management etc.

BRIDGE COURSE DETAILS

| | |
|------------------------|--|
| NAME OF COURSE | BASICS OF ACCOUNTING AND MANAGEMENT |
| DURATION OF THE COURSE | 18 HOURS |
| COURSE SCHEDULE | 08.08.2023 - 18.08.2023 (TUESDAY- FRIDAY) |
| TOTAL PARTICIPANTS | 46 STUDENTS |
| NAME OF FACULTY | 1. ASIF N 2. SAMEERA |

COURSE OUTCOME

- Describe, explain, and integrate fundamental concepts underlying accounting, management.
- Use information to support business processes and practices, such as problem analysis and decision making.
- Apply quantitative skills to help analyze and solve business problems and to take advantage of business opportunities

- a. Left
- b. Right
- c. Depends on the debit

5. Suppliers personal a/c are seen in the

- A) Sales Ledger
- B) Nominal ledger
- C) Purchases Ledger
- D) General Ledger

6. Sales invoices are first entered in

- A) The Cash Book
- B) The Purchases Journal
- C) The Sales Journal
- D) The Sales Account

7. If a trial balance totals do not agree, the difference must be entered in

- A) The Profit and Loss Account
- B) A Nominal Account
- C) The Capital Account
- D) A Suspense Account

8. The following is not a type of liability

- A) Short term
- B) Current
- C) Fixed
- D) Contingent

9. Are assets on the balance sheet recorded at their estimated fair market value?

- a. Yes
- b. No
- c. Sometimes; it's situational

10. Which is not classified as a current asset?

- a. Cash
- b. Product inventory
- c. Liquid assets
- d. Prepaid liabilities
- e. Property

11. Management deals with _____

- A. internal environment
- B. external environment
- C. both internal and external environment
- D. None of the above

12. Management functions include _____

- A. planning & organizing
- B. directing
- C. controlling
- D. All of the above

13. Henry Fayol laid down_____.

- A) 12 principles.
- B) 13 principles.
- C) 14 principles.
- D) 15 principles.

14. _____ is known as “the father of scientific management.”

- A. Fredrick W. Taylor
- B. Henry Fayol
- C. Robert Owen
- D. None of these

15. The first and foremost function of management is _____.

- A) Planning.
- B) Organizing.
- C) Controlling.
- D) Coordination.

COMPUTER SCIENCE LAB

9.30 AM - THURSDAY

In association with

SYLLABUS

➤ **Module - 1**

- Why BSc Computer Science.
- Various job opportunities.
- Various higher studies opportunities after the course.

➤ **Module - 2**

- Computer fundamental-Concepts of Hardware and Software.
- Input and output-memory unit- peripherals.
- Fundamentals of Problem-Solving and programming languages
- Various programming platforms.

➤ **Module - 3**

- Variables, Data Types
- Identifiers, Operators, Libraries
- Conditional Statements, Loops
- Scope and lifetime.

➤ **Module - 4**

- Functions Parameters Arguments.
- Introduction to the concept of data structures.

➤ **Module - 5**

- Software and Software Engineering.
- operating systems and computer networks.
- web programming basics.

REPORT

The Department of Computer Science in Association with Connect Community of EMEA conducted a two-day bridge course on 9th and 10th November 2022 at Computer lab. The camp was conducted for first year students. All the students attend the program.

The class was conducted by Afeef, Aseel and Nahyan of third year BSc Computer Science. The main topic that discussed during the bridge course was c programming.

The syllabus that discussed during the class includes: "Variables, DataTypes, Constants, Operators, If...Else, Switch, While Loop, For loop" and other functions like "FunctionParameters, Function Declaration, Recursion, Maths Functions" etc. Tasks were given to the students to improve their problem solving skills. The bridge course was overall a success.

REPORT

BRIDGE COURSE 2023

A bridge course for newly admitted students is conducted every year before the commencement of the first semester classes. The main objective is to bridge the gap between what the students need to know before they can start taking the advanced courses in the college level and what they are actually aware of from the intermediate level.

The modules are prepared keeping in mind that an hour of discussion will bring all the students in the same stage such that they can cope up with the courses in their college level, that requires the concepts of different topics in Mathematics and Physics. The modules are made as the interactive sessions between the students and the instructors. Furthermore, we have discussed those topics which harder to understand.

In brief the contents of the modules are presented as follows. In Module – 1, velocity, acceleration and basic concepts of vectors are discussed. In Module – 2 basic concepts of gravitational force is discussed. Module – 3, presents the idea of the basics of sets, relations, functions, limits, continuity and derivatives. Module-4 introduce the idea of matrices, types of matrices, operations on matrices, determinants and basic idea of the trigonometry.

At the end of the discussion teacher also take small test on 04/09/2023 to understand how much the students followed the class. A question paper is designed with 20 questions out of which 10 questions are multiple choice and 10 are short answer type. 32 students were attended the test. Among the 32 students, 25 scored 80% and above marks and others scored more than 60% in the test.

Bridge course proved to be more effective to assess the ability of the students. suggestions were given to students for improvisation and boosted confidence in them. The

basic level students were recommended for remedial coaching class.

Programme Structure

- Four modules.
- Theoretical.
- 70% attendance is compulsory for examination.
- Lecturing time: One week (For both subjects Mathematics and Physics).
- Medium of instruction and examination shall be English.
- Exam conducted after the completion of 16-hour.

- Lecturing The duration of study :**16 HOURS.**

| Paper code | Title | Hour | Total Marks (Theory) |
|-------------------|--|-------------|-----------------------------|
| MTS1C01 | Bridge Course in Mathematics and Physics | 16 | 30 |

SCHEME AND SYLLABUS

- **Objectives: To create interest among the students in Mathematics and Physics.**
- **Bridge the gap between what the students need to know before they can start taking the advanced courses in the college level and what they are actually aware of from the intermediate level.**

Learning Outcomes

1. To enhance the knowledge of the students by providing them with fundamental ideas to start with the courses in graduate level.
2. To know basic information about Mathematics and Physics.

3. To know the basic information about various supporting domains.

Scheme of Examination:

1. A test paper will be conduct at the end of this course for 30 marks.
2. Duration – Examination shall be of 60 minutes' duration.

Module

Physics (4 Hours)

Types of physical quantities-units and measurements --Velocity- Acceleration – Newton's Laws- kinematic equations- projectile motion –kinetic energy-potential energy-work energy theorem –conservative force –types of collisions -Rotational motion- -- Moments of inertia-Torque-

MODULE II

Physics (4 Hours)

Gravitational law – gravitational force – Escape velocity - Kepler's laws of planetary motion- Vector-addition- subtraction- Multiplication- scalar product-Vector product- scalar triple product-vector triple product- gradient, divergence, -Curl, Kronecker delta-Dirac delta Matrix for mathematical manipulation-Eigen Vector-Essence of Linear Algebra

Module III

Mathematics (4 Hours)

Set Theory, Relations and Functions, Types of Functions, Limit, Properties of Limits, Continuous and Discontinuous Functions, Differential and Integral Calculus.

Module IV

Mathematics (4 Hours)

Matrices, Types of matrices, Operations on matrices, Determinants, Inverse of a square

matrix, Elementary operations. Trigonometry. Complex Numbers.

DETAILS OF FACULTIES

| S.No. | Name of Faculty | Educational Qualifications | Module Taken |
|-------|-----------------|----------------------------|--------------|
| 1. | Thasleena | MSc Physics, B.Ed. | Module 1&2 |
| 2. | Nashath A | MSc Mathematics, B.Ed. | Module 3&4 |

EMEA COLLEGE OF ARTS AND SCIENCE
BRIDGE COURSE TEST- August 2023
Mathematics and Physics
MTS1C01

Time – 1hr

Total -30 mark

1. If $A = \{x \in \mathbb{N}, \text{ if } 0 < x < 5\}$ then number of proper subsets of A is

(31 62 15 25)

2. $\left| \begin{matrix} 5 & 1 \\ 8 & 2 \end{matrix} \right| = \dots\dots\dots$

(4 8 2 7)

3. $\int_0^{\pi/2} \sin x \cdot \cos x \, dx$

($\pi/2$ 0 $1/2$ $-1/2$)

4. The Value of $\arg(x)$ when $x < 0$ is.....

(0 π $\frac{\pi}{2}$ None)

5. Find $\frac{dy}{dx}(x^4)$ at $x = 2$.

(45, 38, 32, $32/5$)

6. $\nabla \cdot \mathbf{r} = \dots\dots\dots$

(0 1 2 3)

7. If $\nabla \times \mathbf{F} = 0$, then the force is.....

(solenoidal, conservative, non-conservative, inverse square law)

8. Newton's first law is called law of

(Inertia, Momentum, cause-effect relation, angular momentum)

9. Newton's laws are valid if the velocity of the body is

($=c$ $<c$ $>c$ 0)

10. Unit of work is

(Watt Newton m/s^2 , Joule)

[Each Carries Two Marks]

11. Write any two laws of motion?

12. Define Equivalence relation

13. Find the domain and range of the functions $\sin x$, $\cos x$, $\tan x$, and $\cot x$.

14. Please comment on moment of inertia and also compare with mass?

15. Simplify $\frac{(1-i)^3}{(1-i^3)}$.

16. Obtain the three kinematics equations of motion.

17. Explain joule's law and its equation connecting with heat.

18. What are the Kepler's three laws of planetary motion?

19. Find inverse of the matrix $\begin{bmatrix} -4 & -6 & 2 \\ 5 & -1 & 3 \\ -2 & 4 & -3 \end{bmatrix}$

20. Find the derivative of the function $f(x) = \sqrt{1+x^2}$.

Reaccredited with 'A' grade by NAAC

**FIRST YEAR
BRIDGE COURSE
2023-24**

UG MICROBIOLOGY 2023-26 BATCH

AUG. 18-23 & SEP 4

Inauguration : **Dr. Shiji Thomas**
(HOD & Associate Professor)

Resource Persons : **Ms. Rasiya K.T.**
(Assistant Professor, Department of Microbiology)

Ms. Dufaida KM.
(Assistant Professor, Department of Microbiology)

Coordinator : Dufaida KM (Advisor ,First year Microbiology 23-24)

Bridge course report 2023-24

The bridge course was conducted for 1 Semester Microbiology degree students (23-24), from 18-08-23 to 23-08-23. & 4-09-23. HOD of the department inaugurated the course on 18-08-23. Dufaida KM and Rasiya K.T, Faculties of microbiology engaged the classes. The entire course was covered in five days lecture. 43 Students actively participated in the course. Different basic concepts in microbiology were discussed. After the completion of all the sessions, an online examination was conducted to assess the students. A total of 25 questions were assigned in Google form and 40 students attended the test. All the students got 14 or above mark and one with full score.

OBJECTIVES:

To understand about UG Microbiology Programme

To reduce gap in their academics

To make the learners aware about diversity of microorganisms

To make the learners aware about scope of Microbiology

To make the learners familiar with reference books in Microbiology

To aware opportunities of the programme

OUTCOME:

Bridge course enabled the students for better and easy understanding of the courses in their UG programme. Since the students have relatively less knowledge in Microbiology associated fields, the course has helped them to reduce the lag phase struggle in their academics and boost to catch the new concepts easily during the detailed study of the course. It also helps them to familiarize different ICT methodologies which are employed by the department.

SYLLABUS:

College campus

- ❖ A brief introduction regarding the college and the university system
- ❖ Facilities in the department.

- ❖ New ICT methodology like, Google Class room, google docs, google forms Moodle etc.

Introduction of the programme syllabus

- Introduction to Microbiology
- History and scope of Microbiology
- Difference between prokaryotes and eukaryotes
- Difference between Eubacteria and Archaebacteria
- Application of Microbiology in various fields
- Distributions of micro organisms
- Different bacterial Forms and arrangement of cells
- Culturing of microorganisms
- Importance of staining in microbiology

Negrosin

Crystal violet

Methylene blue

Malachite green

21. 17. Membrane lipids of archaea bacteria is * 1 point

Mark only one oval.

Ester linkage

Amide linkage

Ether linkage

peptide linkage

<https://docs.google.com/forms/d/1eAUCO0k8uL7hPqKUL1222w-ORkucPpc1Bmggwt1>

22. 18. Bacterial cell wall is made up of * 1 point

Mark only one oval.

Peptidoglycan

Cellulose

Chitin

Pseudo peptidoglycan

23. 19. State whether true/false
Introns are present in eubacteria 1 point

Mark only one oval.

True

False

24. 20. Example for archaeobacteria * 1 point

Mark only one oval.

Halobacterium.

Thermoproteus.

Pyrobaculum.

Thermoplasma

All the above

<https://docs.google.com/forms/d/1eAUCO0k8uL7hPqKUL1222w-ORkucPpc1Bmggwt1>

25. 21. State true/false * 1 point

1. Archaeobacteria are found in salt brines, ocean depths and hot springs.

2. Archaeobacteria have evolved just after the evolution of first life on earth.

Mark only one oval.

1 only

2 only

Both land 2

None of the above

26. 22. Eukaryotic ribosome is * 1 point

Mark only one oval.

70S

80S

50S

60S

27. 23. Function of nucleolus is * 1 point

Mark only one oval.

Ribosome synthesis

Nucleic acid synthesis

Protein synthesis

None of the above

28. 24. Bacteria cell divided by * 1 point

Mark only one oval.

Mitosis

Meiosis

Binary fission

All the above

29. 25. Circular, extra chromosomal genetic material present in prokaryotic cells are called * 1 point

Mark only one oval.

Nucleoid

Plasmid

Nucleus

None of the above.

REPORT

BRIDGE COURSE 2023

A bridge course for newly admitted students is conducted every year before the commencement of the first semester classes. The main objective is to bridge the gap between subjects studied at pre-university and subjects they would be studying in graduation. The syllabus was framed exclusively, in such a way that they get basic knowledge on the subjects. Five days' class was devised by teachers for the enhancement and development of students to make them familiar with the subject. Dr.Abdul Muneer V, Mr.Muhammad Shafi, Mr.K.T.Firoz , DR.Nizar.U, Dr. Asharaf Valoor ,Mrs. Haseena. KV, Dr.Samsudheen.E, Mrs.Sahla Khansah, Abdul Jaleel M, and Ummer Thaithodi, the assistant professors of department of West Asian Studies were handled the sessions.

At the end of the session a post bridge course test was conducted on 18/09/2023 to assess the students. 15 questions were framed and 59 students took the test. Based on their performance the students were streamlined in to advanced, intermediate and basic level respectively.Among the 59 students, most of the students excelled with good score and only a minimum was found to be at the basic level.

Bridge course proved to be more effective to assess the ability of the students. suggestions were given to students for improvisation and boosted

confidence in them. The basic level students were recommended for remedial coaching class.

Admission procedure: admission to the course shall be made as per rules and regulations of the PG departments of History West Asian studies, EMEA College, Kondotty

Eligibility: All students who are admitted to BA West Asian Studies programme are eligible to attend the classes.

COURSE DURATION:5 HOURS

Programme structure

- Two modules
- Theoretical
- 70% attendance is compulsory for examination
- Lecturing time: one week
- Medium of instruction and examination shall be in English
- Exam conducted after the completion of 5-hour lecturing

Objective

- To make students aware of the University system of study, examination and evaluation.
- To give general understanding of the West Asia and west Asian studies.
- To know the Indo-Arab relation.
- To give the Scope of Study.
- To reduce the gap between school and college

SYLLABUS

Five Day Bridge Course for
First Semester BA West Asian Studies Students.

First Day 

Mohammad Shafi.T
